Escondido, CA 92027

## PRESIDENT'S MESSAGE

I would first like to take this opportunity to thank all the people who personally supported the emergency situation at the general meeting on March 12th. Forgive me for not putting all the names involved. Fortunately, all is well with Kurt. Thanks to Kevin Miller and Dave Premetz for handling the general meeting. In addition, my sincere thank you to all the members for your patience.

Let's start out first with mentioning the Annual BBQ coming on May 17th. The Smokehouse Grill will be catering the event this year. The raffle table will be great as it is every year. This event will be enjoyable as always. BBQ tickets purchased before May 1st will be \$15.00 per person. Tickets purchased on May 1st or later will be the full \$20.00. Children 12 years old and younger will be a flat \$10.00. Tickets may be purchased from any BOD member, Lon Fowler or Dave Ransberger. You may mail in a check made out to "EF&GA." The ticket/tickets will then be mailed to you. There will be many events such as Black Powder, 22lr rifle shooting, tomahawk throwing and Trap shooting. Come one, come all to this year's great event and support our association.

Remember the Annual Friends of the NRA banquet, April 18th at the Handlery Hotel in Mission Valley. This event is well worth attending and has some great prizes. This organization does a great deal for the community and junior shooters. Now it's our turn to support them in return.

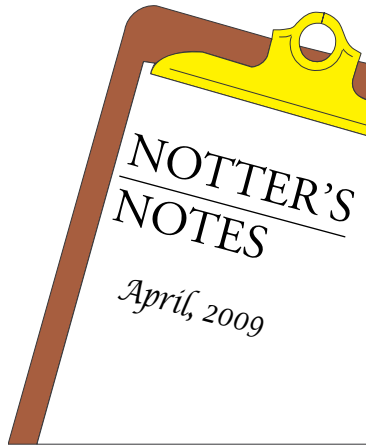

**Members:** In an effort to control rising costs and help minimize the annual cost for mailing the monthly newsletter, the BOD is asking for your help. Any member who can, and is willing, to retrieve the monthly newsletter via our website is encouraged to do so. If you are willing to help control costs, please email or write to the EFGA Clerk expressing your desire to electronically access the newsletter, and to be removed from the newsletter postal mailing list. The online newsletter will continue to provide you with all the information about the Association and events. The website newsletters are identical to those mailed, and you will even get it earlier online than through the postal system. All special mailings (i.e.: ballots, etc) will continue to be mailed via the USPS to ensure everyone gets the information. The newsletter can be accessed at: [www.escondidofishandgame.com](http://www.escondidofishandgame.com).

Electronic Newsletters or Monthly Bulletins being mailed to members, versus reading the newsletter on the website, has been discussed for a long time. This subject is being seriously considered in order to cut the mailing cost each month for the newsletter. Realizing not everyone has computer capability or access to the website, each member needs to review his/her ability to help control costs and consider the actual cost each month for mailing the monthly newsletter. This option would be strictly a member's choice. This is just a thought for now. Your input on this subject would be greatly appreciated.

One last change regarding the Renewal forms for this year's renewal due by the 1st of July. There has been much discussion regarding this matter. **The Renewal Forms will be mailed to each member during the month of May. Remember to sign the Release of Liability on the reverse side.** Thank you for your patience and understanding.

Michael R. Marks

"God bless our great country."

### **BOWS ONLY ON ARCHERY RANGE**

Firearms *are not allowed* for casual shooting on the Archery Range! Anyone caught shooting firearms during casual shooting on the Archery Range will be subject to Disciplinary Action.

### **ANNUAL ELECTIONS ARE COMING**

Annual election of officers is at the May meeting. Nominations will be accepted at the April and May meetings. Elections are important as they select who will determine the course of the Association.

### **IS YOUR FIREARM LEGAL?**

It is your responsibility to know whether your firearm is legal. The Range Masters are not there to check the legality of your firearm. If it is a California "Assault Weapon", you are responsible for having your registration papers with you.

### **NO HUNTER EDUCATION IN APRIL**

Frank Alessio, Hunter Ed teacher, will be on a well deserved vacation in April. Watch for his return and the return of Hunter Education.

### **BASIC HANGUN CLASS DARK DURING APRIL & MAY**

Instructor Jack Bryson will be traveling in April & May. Look for Basic Handgun on the June Calendar.

### **AIR PISTOL PRACTICE WILL TAKE THE SUMMER OFF**

Air Pistol practice on Tuesday evenings will be on hiatus until October. Who wants to shoot inside during the summer? Air Pistol Silhouette will continue through the summer on the second Tuesday.

### **ANNUAL EF&GA DUES ARE DUE BY JULY 1**

NRA membership is required for EF&GA membership. Don't forget to renew your NRA membership. You can renew with your EF&GA membership renewal. Watch for your Association renewal notice in May.

### **ANNUAL B-B-Q IS MAY 17**

Buy your tickets before May 1 and save. The order form is on the back of this newsletter. You may also order Rifle Raffle tickets at the same time. Please do not mix your Association renewal with a ticket order.

### **JUNIOR RIFLE SHOOT APRIL 19**

Volunteer help is always needed (coaches, scorers, kitchen help, etc.). Call Ren Everett (760.432.2089) to volunteer.

### **FRIENDS OF NRA BANQUET APRIL 18**

The banquet is at the Handlery Hotel. The FNRA funds Junior shooting programs, WOT, range improvements, and other worthwhile shooting programs. EF&GA has received grants for the Junior program in the past. This is a fun event as well as one that returns money to the Shooting Associations. See the flyer elsewhere in the newsletter.

### **EVENING & WEEKEND RANGE MASTERS ARE NEEDED**

With Daylight Savings time in effect, Range Masters are needed from 5PM to sunset. Range Masters are needed on Saturday & Sunday – the Match Directors do not have time to run their match and be Range Masters. No one signed up for the 5PM to sunset shift during the week in April. Call Bud Smith with questions or to volunteer.

---

### **LEGISLATIVE REPORT APRIL 2009**

#### **CALIFORNIA**

AB 357 would return California to a "shall issue" state from a "will issue" state.

Read the ballot initiatives for the May Special election carefully. Prop. 1a would continue the tax increases that Sacramento recently implemented for Two (2) years.

#### **FEDERAL**

There are a number of bills that would impact buying/owning firearms and ammunition, but none are making any movement at this time. Stay alert.

The Department of Defense stopped the sale of fired cases by the military to commercial reloaders for remanufacturing and sale to law enforcement and civilians. The brass was to be "demilled" and sold for scrap. They reversed themselves within a week due to the pressure they received.

## **DEADLINES**

*Items For the May Bulletin Due **MONDAY April 20th!***

**Any and all requests for items to appear in the monthly bulletin should be routed through Kenneth Notter.**

# R A N G E M A S T E R S O U N D O F F

By Kenton "Bud" Smith

Members and Range Officers,

Today I would like to share some insights on the responsibilities of our volunteer Range Officers and the importance of everyone following the rules of our association. Over the past two years I have been involved in many conversations and discussions concerning our range officers. I have come to the conclusion that many of us don't fully understand the functions and responsibilities of our Range Officers and the importance they have on protecting the present and future of our association as well as providing a safe environment for all members.

With that said, let me give you a brief outline of a day on the range for a typical Range Officer. Arrive before 7am. Walk the entire circumference of the property and check all the gates and look for anything out of order. Check all the locks on the sheds including the trap houses. Pick up the green sign in sheets and replace with newly dated sheets on all ranges. Deposit yesterday's sign in sheets in the trap Ramada. By now members and guests are coming in, so it's time to start checking ID's and reminding folks to sign in. Oh, there is a guy shooting on the pistol range and the rounds are not impacting the bank. People around him apparently don't see the bullets hitting the ground and ricocheting everywhere. It's time for a safety talk and then it's off to the 100 yard range and then the 150 yard range. Target frames are in disarray so the RO straightens them up and puts new cardboard on the frames.

A significant amount of time is spent addressing rules that have not been followed by members. For example, some members forget that the rule is to remove their targets when the frame is retired to frame house. We have a sufficient supply of cardboard in the trap Ramada. You will need to cut the sheets in half and you will have a 24X24 piece. A member approaches the RO and wants to know why he can't shoot his pistol on the 150 yard range. Time is spent going over the rules and pointing out to the member that the rules are posted on all the ranges. It is not the responsibility of the Range Officer to educate members on the range rules. **It is the responsibility of all members to know the range rules and the Association rules and to abide by the rules at all times. All rules are posted on the Web site and the range for everyone to review.**

In the event of an incident the RO must write a detailed report, email it to the CRSO and call the assistant RSO or a board member. Pictures may be required. Five hours are gone before he knows it and it's time to sign out on all ranges. The goal of all our Range Officers is to maintain a positive friendly attitude at all times, even when a member is in a hostile mood.

Range Officers volunteer their time for the good of the association and it is important to be respectful to these volunteers. I will include a few of the comments from our members that have been tossed around: "you guys are just a bunch of police officers", "I thought this was America", "What do you mean I can't shoot my pistol on the 100 yard range at 25 yard, I have always done that." "This used to be a fun club," "You guys make up your own rules", "We never had to show our ID cards before". "Who says I can't have 4 guests", and the list goes on. Believe me, there are many more quotes I prefer not to mention. Fortunately the complaints come from a few, and in my opinion that number needs to be reduced to ZERO.

This is a litigious world we live in today and the Range Officer is doing his share to ensure this range remains open for all our members and guests and future members. How about helping the RO's out and pick up after yourself, put some new cardboard on the frames, help watch over the range and share a polite word with the shooter next to you that is bouncing bullets and endangering the safety of others. Buy yourself a lanyard to display your ID card so the RO can easily check your credentials. Ask yourself, am I doing my part? You could even volunteer five hours a month as a Range Officer. Don't worry; we have a training program for the new RO's. The RO is a busy guy volunteering his time (five hours a month) for you. He is doing his part to protect all members' rights to enjoy this shooting association now and in the future. Perhaps it's time for more members to get out and volunteer their time to help out. Assisting is much more productive than complaining and more rewarding. For your convenience the area directly behind the 150 range is now open for LOADING AND UNLOADING. Please unload and move your vehicle to the parking lot and do not block the entrance. Do not abuse this privilege.

I would be remiss if I did not mention the possible administrative action that can be applied to those members violating our range or administrative rules. Any member written up must appear before the board of directors to explain his or her situation and face the possibility of suspension and in severe cases revocation of membership.

Remember, the Range Officers word is final. – A Good Attitude is Contagious- Tom Arendell is our Range Officer of the Month- He is also one heck of a good shot with a flintlock. Thanks Tom.

Respectfully,  
Bud Smith CRSO 858-922-6489  
buckshotbud@cox.net
