NEXT WORK PARTY IS May 20, 2017

Provisional members; this is a good chance to get in your required volunteer hours. **Followed by: August 20, 2017**

The Presidents' Corner

Annual Association BBQ

The association BBQ will take place on May 21. Early bird tickets are \$20.00. (Through April 30) Regular price's: Adult is \$25.00, children 12 years of age and under is \$10.00. Advance tickets can be purchased through BOD members or the Association clerk. Tickets can be purchased at the event.

Junior Muzzleloader

Our first Junior Muzzleloader event was held on March 12, and thanks to Ren Everett and Craig Rogers it went off smooth as silk. Twenty (20) young shooters participated and all seemed to have had a great day. All of the young shooters got to try their hand at caplock and flintlock rifle. One participant had never fired a firearm at all and still posted an amazing score. I want to thank all of the folks from SPAR (Society of Primitive American Riflemen) and the Black Powder Silhouette shooters for coming up and taking the time to coach and teach this sport to our youngsters. I will be looking forward to the next event on July 9th, 2017.

Elections

Well, it's that time of the year again. Nominations for your Board of Directors will start at the general membership meeting this month, {April 13, 2017}. At the general membership meeting in May, {May 11, 2017}, the floor will be open once again for nominations, then immediately followed by the membership vote. Please remember to bring your membership card with you or you will not be given a ballot. Committee chairperson Jack Bryson has informed the Board of Directors that along with the President, Vice President and Secretary positions, there will be four (4) Director vacancies for this years election. If you know any responsible members that you think might be interested in serving the association on the BOD, please, "DON'T HESITATE TO NOMINATE".

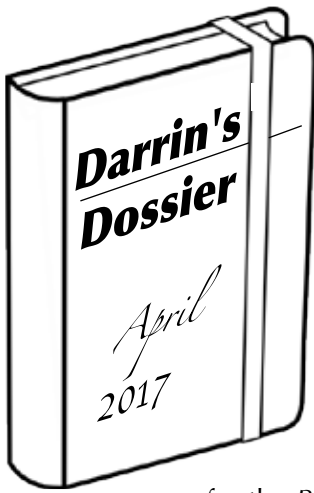

Kudos

Kudos to range maintenance supervisor Denny Martin. The property looks Mah-vel-us. Thank you.

*****Safety Tip- We are coming back into warm weather again. That means RATTLESNAKES. Stay on well used paths and keep hands and feet out of spaces you can't see in. (Woodpiles, rocks, etc.)**

PLAY SAFE, STAY SAFE

Newsletter Content
 Since I was first handed the challenge of editing this newsletter, I have sought to get others involved in the writing of the content. Not so that I don't need to write as much content but to diversify the newsletter. I want to take this opportunity to publicly thank those who contribute to the newsletter content. Neil Pisk always delivers a nice document

for the *President's Corner*. Tim Geiser does a great job with the *Rangemaster Sound-Off*. Patrick Russ always steps up to the plate – not just for the *Junior Corner* but also he does the transcriptions for the list of raffle table donors and people who show up for the work parties. Now that Garth Warner is taking the reins for the Black Powder Silhouette match he is submitting some great content for *Black Powder News*.

Also, I have received many wonderful submissions from people who run the various disciplines (Cowboy Action, Cracker Shoot, etc..) as well as technical articles (remember the *Polymer Projectiles* article from Eric Jamois last year?). Patrick Russ has also enlisted the aid of many Junior members to write for the *Junior Corner* as well. This keeps the newsletter more interesting and not just about events that I participate in. If you ever want to submit an article for the newsletter, please feel free to send me the content via e-mail.

Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last meeting Al (Mr. Technology) Anzelone, won the \$25 door prize. Had he attended the meeting, Don Brunt would have won the \$500 Attendance Prize. The next General Meeting is 4/13/2017. If you don't show up, you can't win.

Identify This Man and WIN (4/13/2017)

If you can properly identify this man, come to the April General Meeting and submit your entry. After the meeting a drawing will be held and the first correct entry drawn will win a box of 22LR ammunition and bragging rights. Last month Laurel Baldwin correctly identified Ray Bucholz and claimed the box of 22LR ammunition.

Membership Renewals

Renewal notices will be mailed out at the end of April. If you have any address changes to please notify the clerk (Juli Everett) at efgaclerk@cox.net or call 760-432-2089.

Board of Directors Nominations (4/13/2017 & 5/11/2017)

Annual nominations for Officers (President, Vice-President, Secretary) and Directors (4 positions open this term) of the association will be held at the April and May general meetings with May also being the election meeting. The Officers hold their position for 1 year and Directors positions are for 2 years. Voting club members can nominate someone for the Board from the floor at the general meeting but the nominees must accept the nomination from the floor at the general meetings. Jack Bryson is the Nomination Committee Chair and can be reached at 760-746-2868 or email jackbry2@att.net.

Junior Working Party

Each month on the first Sunday afternoon, we get together to work on tasks to make the Junior Marksmanship Program more self-sustaining. If the weather cooperates and we have enough bodies, we mine lead from the back of the Pistol Range. Sometimes we sort collected brass to be exchanged for 22LR ammunition for Junior Rifle and Junior Pistol. Last month we disassembled ammunition that was damaged by water so that we could recover the brass for recycling. I want to publicly recognize and thank everyone who helped with a tedious but necessary task - Chris Cote, Austin Cote, Rowan Cote, Ed Migdal, Frank Alessio, Marnie Kittel, Patrick Russ, Darrin Eaton. If you are interested in participating in the next Junior Working Party (4/2/2017), contact me (deaton@escondidofishandgame.com) or Patrick Russ (pruss@escondidofishandgame.com) for more information about the next event.

Junior Scholarships

The Junior Marksmanship programs at EF&GA turn out some wonderful students. Many of them continue to apply what they have learned here to other educational and professional endeavors to brighten their futures. To that end, we have established an annual scholarship fund in the budget to further the educational aspirations of our members, children and grandchildren. If you are a member

that is going to college or trade school, a member with a child or a grandchild that is going to college or a trade school, then you should go to the web site (www.escondidofishandgame.com) and under the Junior Marksmanship section open the EF&GA College Scholarship Application Form. This form is a fill-in PDF document that you can fill in on your computer and then print out so that you can sign it and mail it in as described in the application form. Each year there are up to FOUR scholarship of \$500 awarded. If you don't apply you will definitely not qualify to win a scholarship. Download it, complete it, and mail it in so that you are well ahead of the deadline. The completed scholarship packet **must be received (not just postmarked)** including all supporting paperwork by the Third Wednesday in August (8/16/2017).

Help Wanted

If you need to complete your volunteer hours or if you have time and skills and just want to help, you are welcome to contact our maintenance person Denny Martin (760-685-2886 or martincustomhomes@yahoo.com) and he would be happy to get some help doing what he does to keep this place looking and operating great as always.

BBQ Donations Wanted

Every year when we are preparing for the annual barbecue we put the word out that we are interested in donations for the raffle as well as the silent auction. If you have an old firearm that you know has value but you want it to go to a great cause, you are welcome to contact Ed Migdal (760.598.0093 edwardmigdal@aol.com) and set it up as a donation. If you want, you could even specify where you want the proceeds to go such as Junior Marksmanship or the Junior Scholarship Fund.

Socks for Heroes (4/29/2017)

For the past few years we have hosted this wonderful event to raise money for the Socks for Heroes organization. Carla and Jim Hogan started this event for their charity that sends socks to our troops serving in the field to honor the memory of their son Lance Corporal Donald Hogan who was killed in action in Afghanistan. It started out as just a Trap competition but now it has grown to additional disciplines. Every year we need RSOs and other volunteers to help the event run smoothly. If you are interested in helping with the event, contact any Board member and we will be sure to connect you with the right people to make this a successful event. If you are interested in learning more about Socks for Heroes, visit their web site at <http://scmcsg.org/>

RANGEMASTER SOUND OFF

By: Tim Geiser – CRSO • crsoTim@aol.com

Sometime on the second weekend of March someone had a blast in the grassy area near the 150 yard range. It would appear that making circle eights and such in the wet area was too much fun to resist. It also produced large ruts and destroyed Range Property in a particularly needless and stupid way. I suspect that someone else may have observed this stupidity and that someone is requested to report what they may know. At the very least I will guarantee that the BOD will be interested in why it was so much fun!

Note to Trap Masters: Please insure that the “Range Closed” signs are removed after the trap session is over. The problem is that not doing so creates a bit of confusion for early morning shooters when they encounter the signs.

Duty RSOs and I are frequently asked whether or not a particular firearm is California legal. Sometimes we might know the answer and sometimes not, but the correct answer is that it is up to the gun owner to get the correct answer before coming to the Range. We promised our lawyers that we would not give legal advice. I also promised not to enter any beauty contests and promised my Banker that I would not be making any loans!

All the “Down Range Lights” have now been changed to Blue. The principle is the same, but some say they are easier to see. Having taken the time to clean the light globes when the bulbs were changed, certainly helped. I could not believe how dirty they were. A big thank you goes out to Darrin Eaton and Tony Pendzich for their assistance.

The March 18th First-Aid Class closed out with 20 members and RSOs signed up. It is mandatory that all RSOs obtain a valid First-Aid card at the first opportunity. I try to make the class available twice a year and the card is valid for two years. Attendance by the general membership is encouraged on a space available basis. I would like to see more youngsters involved in these classes. Why, you say? Well, like the shooting sports I do not think that safety and being prepared for life’s challenges can start too early. And parents who agree should email me and I will work the problem.

RSOs save the date: July 30th is RMAD this year. For you newbies it is a special day set aside by our organization to thank all RSOs for their hard work and selfless dedication. Practice your tomahawk, archery and fishing techniques. Some great prizes will be awarded.

STAY SAFE, SHOOT STRAIGHT

NRA Women On Target (4/30/2017)

If you are a woman who is curious about firearms, whether for personal defense or to learn a new sport, Women On Target® is the perfect place to start. This instructional shooting clinic is designed to teach you firearm safety and the fundamentals of marksmanship, giving you the confidence you need to safely handle and operate a firearm upon completion. Firearms will include .22 caliber pistols and rifles. Women On Target® clinics are available only to women — it's a safe and friendly environment whether you're picking up a gun for the very first time or are just brushing off some dust and need a little refresher. You will immediately feel at ease at our clinic, and will be provided with a hands-on, one-of-a-kind experience. No experience or equipment is necessary to participate. All participants will have their own coach. Significant others can help coach, but will coach someone other than their partner. The event is topped off with a highly-rated luncheon included as part of the event. The cost is \$25 for EF&GA members and \$30 for non-members. For additional information, contact Linda Linaker at 760-638-0573.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

Youth Participation

By Patrick Russ

The Jr Marksmanship program, at Escondido Fish and Game, has a great track record of teaching today's youth the proper respect and safe handling of firearms. It is, by far, one of the best youth programs in the state. This is not an empty platitude, we all know that the young shooters are safe, smarter and better prepared, because of the program. One of the many reasons that this program has such a huge success rate is due to the fact that we ask many of the Jr shooters to give the safety brief, prior to each relay. These safety briefs are overseen by a qualified adult. Doing so ensures that young shooters not only get a better understanding of the safety brief, it also allows the other shooters to get involved with the safety briefs. Since no two people will ever give the same safety brief (unless it's a military safety brief), the young shooters do not get bored by hearing the same thing over and over. Not to mention the fact that the young shooter, that is giving the brief gets valuable experience in public speaking. In my four years of working with the Junior program, I have seen amazing improvements with these shooters. Not only do they know the material, they have more confidence and self respect. They also have more respect for the program, since they are a contributing factor. This is a part of the program that is rarely mentioned but has a huge effect of the program and the shooters.

Junior Rifle (3/19/2017)

By Ren Everett

We had a really good and active shoot this month. I want to thank the parents and new Jr. Coaches who stepped up to help coach when we ran a little short. The next Junior Rifle shoot is on July 16th, sign ups start on July 4th. See you there!

BLACK POWDER NEWS

By Garth Warner

Somebody was complaining to me the other day about the BP scores being posted a month in arrears. Sorry folks. The cutoff for the newsletter is the 18th of every month. Our BP contests are on the 4th Sunday of every month, well past the deadline. The BP Silhouette scores are always going to be posted a month and 12 days after the shoot. If you really need to know what you shot, call me or send me an e-mail and I will look at the shoot record. (BTW, the lead time for most commercial magazines is 90 to 120 days. Be thankful that we have volunteers to crank out our newsletter in a fraction of that time,...for free.

For those of you that are interested, I have compiled a shoot record for 2016. It includes who shot what at each contest, your average points per contest, per distance, etc.. This will be available for review at the regular BP Silhouette contest on the 4th Sunday of each month.

The April contest, (barring rain), will be the long course from 100 to 150 yards. If you hold the common belief that muzzle loading rifles are inaccurate beyond 50 yards, you should come out and see some of our better shooters consistently knocking over the Ram at 150 yards. The "ping" when you hit the long range targets is extremely satisfying,...once the smoke clears.

By the time you read this we should have completed our first Jr Muzzle Loading class. We hope this will generate some interest in new shooters giving black powder pistols and rifles a try at the range. I have had a number of regular members tell me that they have a BP pistol or rifle, that they have not shot it in years. NOW IS THE TIME. It's not hard, and it's not expensive. Our contests are low key and we are always willing to work with new, (old), shooters. Blow the dust off that rifle and get some practice time in now. We have an informal group of BP shooters on the 150 range almost every Thursday morning if you need help getting back into it, or just want to hang out with old guys that smell like Sulfur.... Feel free to contact me for the contest and category rules.

Our contest in May will be the Super Short Confidence Course. It's a perfect venue to get some use out of that under-utilized BP pistol or rifle hiding in your gun safe. New for the May contest will be a "Smoothbore" category. (Think primitive flintlock smoothbore shotgun with slugs). We will have a Smoothbore category open at each of the Super Short Course matches. (May and Sept this year plus ANY rain dates). Super Short Course is 25-50-75 yds

WELDER WANTED - We have 9 Bear silhouette targets that need new bases welded on. If you are a competent welder and need some range volunteer time, please contact me. I am retired and can be available at various times during the week to show you what needs to be done. We have the welder and all the parts at the range. Since I am a walking fire hazard with a welding rig, I need somebody to step up for this. (Update - 3-9-17. I have two men who volunteered to help with this in mid March at the club meeting. If you are still interested in April, please call or e-mail me as we may, or may not, have more to do with the summer rendezvous steel targets).

February Black Powder Silhouette Contest - Well this was another rain contest. Three of the last four contests have been rain events and it's really getting old quick. Rain and Black Powder do not mix well. We were scheduled for the normal short course of 50 to 100 yards but, as advertised, on rain days we shoot the super short course, 25 to 75 yards), to allow the pistol guys a chance to shoot from the house. Six people shot pistol and nine people shot rifle. Scores are listed. New for this contest we had one, (New), Bear silhouette target welded up. Shooters who had finished their relays were invited to try and shoot it to see if .44 and larger calibers would have enough punch to knock it over. Looks like a winner as even low hits knocked it over with authority.
