The Presidents' Corner!

NEXT WORK PARTY IS FEBRUARY 21, 2016.

Followed by: May 14, 2016.

New members

Welcome to all of our new members. Your Board of Directors is wishing the best of luck with your membership in our association and looking forward to many years of serving each other to maintain a safe and fun environment. Please plan ahead and get your six hour volunteer time done as soon as possible.

By-Laws Revision

Most of you have already received your revised by-law proposals in the mail. Please take the time to review them carefully. These (along with the Range and Administrative rules) are the laws that govern our association. We will be voting on these revisions at the March 3, 2016 general membership meeting. Please make it your business to come up and lend your voice to this vote.

Filming (Clarification)

The use of drones at/on EFGA property is forbidden without the written permission of the Board of Directors. You may contact Secretary Geoff Orchin with any requests. You may take pictures or film (using regular hand held devices) of your immediate group only.

Scholarship Award

The application deadline for this years scholarship award(s) is August 17, 2016. Applications can be printed from our website:
www.escondidofishandgame.com.

Life Member Nominations

The deadline for Life member nominations is March 25, 2016. If you know of a member you believe to be worthy of this honor, please send a written letter (P.O. Box 460506, Escondido, CA 92046) or email to:
npisk@escondidofishandgame.com. Please include all of the reasons you believe this member is eligible for this honor.

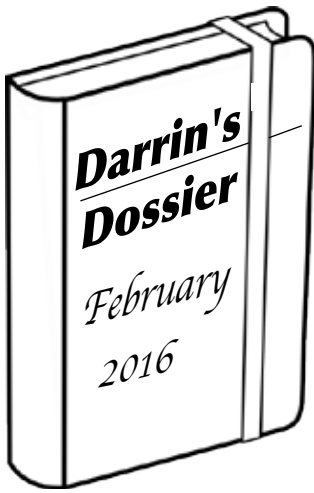

Kudos

Many thanks to Darrin Eaton for taking on the task of getting this newsletter put together. Thanks to Norm Porst and his committee for the work done on the By-law revisions.

PLAY SAFE, STAY SAFE

Meet More EF&GA Members

When I first became a member of EF&GA I was interested in shooting lots of pistol and a little rifle. I came up to the range on my days off from work and did some casual shooting with some friends but not much more than that. I figured that as low as the EF&GA dues are, I was getting the better end of the deal. The indoor range that I used to use cost me at least \$20 per visit and it only went out to 50 yards. Going just once a week was costing at least \$1k per year.

One day I noticed signs around the range advertising a 'Work Party'. This sounded like an oxymoron (like 'jumbo shrimp' or 'government organization') but I thought it could be interesting and I figured that it wouldn't hurt to give back to the range. When I did the work party I met some interesting people. While we were working people told me about the events like the Combat Match, Trap and the Junior Programs. We all worked hard, burned lots of calories and made the range look great in a short period of time. While we were all working I started to get the feeling of 'ownership' in the Association. I also started going to lots of events and tried lots of disciplines that I had not done before. I met lots of great people that I am proud to call my friends. It is no wonder that we have a long waiting list for membership, we have a fabulous facility with great people and awesome events and programs.

JR. CORNER

By Sami Medley

I have been involved in the Junior Program for two years now and have had the opportunity to learn different shooting techniques from some amazing coaches. Now as one of the Junior Coaches I get to teach those skills to new shooters. As a coach, I have learned how important the basics of shooting are and how instinctual they become. When I first started coaching, I had to learn how to break down all of the things that had become muscle memory and explain those things to a new shooter (such as: breathing, trigger control, stance, sight alignment, etc...). In the first Junior Corner article, Patrick wrote, "If you ever want to learn how to do anything very well, try teaching it to kids." Coaching new shooters has definitely improved my shooting because it has made me more aware of the many small details involved.

The Junior Program not only teaches shooting skills but skills that are valuable in many other aspects of life. As a shooter, you learn firearm safety and responsibility. With that foundation established, as a coach you learn attention to detail and how to teach others. When I was appointed "Squad Leader" for the Junior Coaches, I quickly learned about management and group dynamics. One of the most valuable skills I have learned is the importance of effective communication within a group. These skills have been very beneficial in the many group projects at school. As Juniors we are very fortunate to be part of

an association that is so willing to provide this amazing opportunity and that we have so many volunteers dedicated to teaching the next generation about gun safety and the shooting sports. Thank you to all of you that make this program possible!

Work Party Coming up

The next work party is coming up on February 21st. Do yourself a favor and pitch in some time. The feeling of accomplishment alone is worth the effort. Also, there is great food and a no-cost raffle after the work is done. If you are a provisional member and need to get your six hours completed, this is a great way to do it. See you there!

Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last meeting Dave Ransberger won the \$25 door prize and graciously donated it to the Junior Marksmanship Program. Had he attended the meeting, Patrick Ryan would have won the \$500 Attendance Prize. The next General Meeting is 2/11/2016. If you don't show up, you can't win.

Donor List (1/14/2016)

Thanks to all who donated to the raffle table at the last General Meeting – Jim Ralifes, Smoldering Bud Smith, Alan Anzelone, Ray Bucholz, Pamela Tucker, Ken Dale, Joyce Alessio, Ren Everett, Neil Pisk, Leonard Hodges, Michael McKinney, Estate of Ken Notter, John Brennan, Dave and Dotty, Alan Chmielewski, Cal Custom Guns.

Left the Range

Lee Allen passed away at home on Wednesday January 6th, 2016 after fighting a long battle with a rare lung disease. Lee was an active member of EF&GA and was always on the range helping out with anything that needed tending to. He served several years as an RSO, Assistant CRSO and was instrumental in creating the evacuation plan for the RSO manual. Lee was a shotgun

RANGEMASTER SOUND OFF

By: Tim Geiser – CRSO • crsoTim@aol.com

There are constantly reports, filed to my in-box, filed by one RSO or another, regarding the use of ammunition that attracts a magnet. Folks, this ammo is strictly forbidden on our range. I have given the reasons many times, but for now the best reason is that our RSOs are directed to have it removed from the Range immediately. Each Duty RSO carries a magnet and can test any suspicious ammo at will. Each shooting bench has a magnet on it so you can check it yourself if you have any question about it. RSOs are also directed to file a contact report any time this ammo is found on our Range.

All of our RSOs are given first-aid training as quickly as possible and we hold regular classes to keep their training updated. While on duty a well-stocked first-aid kit is provided for them. Each duty RSO is expected to have a kit on their person or near-by such as in the cart at all times. Certainly, we keep well stocked kits in the meeting hall, but that may not be close enough and sometimes time is of the essence. Believe it or not there are many ways to hurt oneself on the range. For example, one might release the safety on one's shotgun while one's finger is on the trigger. Severe bleeding might occur to a finger from the unexpected recoil. Two lessons might be learned in such a case: 1. always keep your finger off the trigger until one is ready to engage the target. 2. be sure to have a first-aid kit close at hand. In case you are wondering we have had two such incidents over the holidays and yes, fortunately the first-aid kits were close at hand.

You may see other references to Range Security in this bulletin, but it is important for the general membership to always keep it in mind. Range safety and range security are the responsibility of each and every member and not just the RSOs, Board members etc. We have had too many break-in instances lately that might easily have been avoided by paying closer attention to open windows and unlocked doors. Last man out needs to make certain the doors and windows are securely locked. If you are not sure whether you are the last one out, lock them anyway!

Speaking of locks, the main door to the Trap Ramada will now be locked at all times with a number punch combination lock. Any member can access the Ramada with the same combination used for the Meeting Hall.

Rule review:

The two best ways for me and our RSOs to draw the ire of some of our members is to have to remind them that: 1. each member is only allowed two guests unless they have received **prior written approval from our Secretary Geoff Orchin**. Without it extra guests will be requested to leave whether they are shooting or not. The situation can easily be remedied by simply checking with Geoff first. 2. Junior shooters are always welcome on the Range; however they must always be under the direct supervision of a responsible adult. **Direct Supervision does not mean that the adult is also shooting 10-15 feet away!** 3. **Silhouette targets are allowed on all ranges except the short pistol range**. However, they must fit within the 24" x 24" background. And they must not depict any known personage. Fortunately I do not know of any that look too much like me!

Hope your New Year started off with a new banger

The Friends of NRA Banquet (2/13/2016)

This event is a great way to meet new people and support the NRA. This year it is in a new location, Carmel Mountain Ranch Club, 14050 Carmel Ridge Rd, San Diego, CA 92128. This location should be more convenient to our

members than the downtown location we've used the last few years. Event information can be found on the Friends of NRA web site: <http://friendsofnra.org/> under events.

NRA Metallic Cartridge Reloading Class (3/3/2016)

Factory ammunition leaving you wanting?... Better accuracy?... More consistent results? If you are looking to reload your own ammo this is the class to be shown how and the why to do it in a safe and correct way. Here is your opportunity to receive NRA certified reloading instruction in a two session class. The First Part is strictly academic and conducted at the EF&GA meeting hall from 12 – 4 pm. The Second Part will be a "Hands On" reloading bench experience on Elvio's reloading bench. The second session will be scheduled at the 1st session. EF&GA members = \$90; non-members = \$100.

Trap Ramada Security

Due to some uninvited visitors, the Trap Ramada now has a cipher lock on the side door. The code to open the door is the same as the code for the Meeting Hall (code that is on your membership card). This code is NOT to be shared with non-members. Please be sure that all of the doors are locked and dead-bolted if you are the last to leave. If you are not sure, lock it anyway, any EF&GA member has the code to get back in if they need to.

Inter-Club Shoot (2/6/2016)

The next Inter-Club Trap Shoot will be held Saturday February 6 at the Imperial Valley Rifle and Pistol Association in Seeley (El Centro area). \$30.00 for 100 targets, (50 at 16 yds., 50 at Handicap) includes lunch.

Directions: Exit I8 at Dunaway, left for 2 miles. Right on Evan Hewes. Left on Huff Road for 6.5 miles. Left on Wheeler Rd. Entrance 1.5 miles on the right. Energy Efficiency Improvements Coming Soon

Everyone's electric bill is steadily going up as SDG&E has been increasing the price per kilowatt as well as charging additional surcharges for the privilege of having each kilowatt delivered to your electrical meter. EF&GA has the same problem on a larger scale.

In order to combat this problem and reign in the costs we have worked with SDG&E and their partner company (Willdan Energy Solutions) to find grant programs to make the range more efficient.

We will be upgrading most of the lighting (indoor as well as outdoor) to products that last longer and use less electricity. We expect the installation to happen during the first quarter of 2016.

Black Diamond Award

Ray Bucholz presents the award along with a beautiful lithograph of the buffalo known as 'Black Diamond'. The Black Diamond top gun black powder revolver class winner Alan Chmielewski takes home the Diamond for the second time. Call Denny Martin or Tom Arendell for more information about the black powder events. Black Diamond is open to everyone so join us for some shooting fun.

For students without reloading supplies (empty cases, powder, primers, etc.) a \$10 materials charge will be applied. A \$20 deposit is required to secure a place in this class. Registration is limited. Contact Elvio Marchi at elvio1@cox.net or 760-734-3942.

NRA PERSONAL PROTECTION OUTSIDE THE HOME COURSE (3/11/2016 & 3/13/2016)

Open to EFGA members and the Public. This is the NRA's most advanced handgun class and it addresses concealed carry through challenging range exercises that emphasize the draw and presentation, movement, awareness, avoidance, and multiple threats, and a classroom session that expands the concepts you experience on the range. The range

sessions cover basic carry and movement concepts in the morning and advanced skill development in the afternoon on Mar 11. The classroom session will be held in the morning on Mar 13. This is an advanced class: Students (adults 21+ must have prior intermediate to advanced experience and training in the safe use of, and legally be able to use handguns) will shoot their own handguns and ammunition. Students receive the course handbook (also two certificates upon successful completion). To reserve your spot and for more information, email or call Bill Magdych: cienegabill@gmail.com 858-356-4019 or register online at <http://www.nrainstructors.org/searchcourse.aspx>. Prior registration required; let me know if you are an EFGA member.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.
