NEXT WORK PARTY IS FEBRUARY 19, 2017

Provisional members; this is a good chance to get in your required volunteer hours.

Followed by: May 20, 2017

The Presidents' Corner

Annual Association BBQ

The association BBQ will take place on May 21. Early bird tickets are \$20.00. (Through April 30) Regular price's: Adult is \$25.00, children 12 years of age and under is \$10.00. Advance tickets can be purchased through BOD members or the Association clerk. Tickets can be purchased at the event.

Open Doors

The RSO's have been reporting the finding of open doors. Please remember to secure the door after you, when you leave a building or shed.

Speed

We are trying to keep the dust down. Please, the speed limit on the property is 5 miles per hour.

Shoot Chairs

Shoot chairs are responsible for the safe and efficient running of their respective match. They are also responsible for promoting their shoot, either by advertising the shoot in the association newsletter, or coming to a general membership meeting and explaining their match. If you have any questions or interest in a match, the shoot chair is listed in this newsletter. Give the shoot chair a call. He or she would be more than happy to answer your questions.

Junior Muzzleloader

Our first Junior Muzzleloader event will be held on March 12, 2017. Pre registration is not required but would be helpful. Please contact Neil Pisk or Ren Everett to pre register.

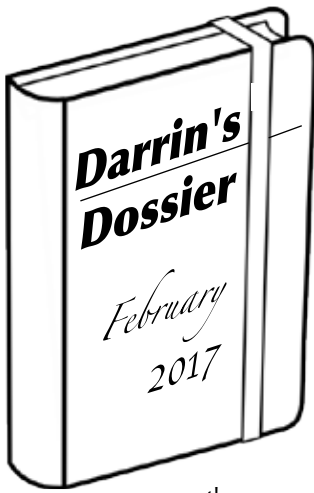

Kudos

Thanks to the **Shoot Chairs**. All of these men and women give their time and expertise tirelessly month after month. When you are at the property and there is a match going on, please, take a few minutes to go over and say thank you to the shoot chair. They will appreciate it as much as we appreciate them.

*****Safety Tip - Safety Tip- Cold and Flu season is upon us. Either of these symptoms could easily lead to pneumonia. Take proper measures to stay warm and hydrated**

PLAY SAFE, STAY SAFE

Let's Be Well Regulated
 I was having a discussion with a family member recently and I was informed that the Second Amendment intentionally contains the words *well regulated* and that was a good reason to restrict our rights to keep and bear arms. I had to explain that in the writings of George Washington and Thomas Jefferson as well as many other American and British military people of the late 18th Century,

there were many complaints that the local militias were not *well regulated* at the beginning of the war. The phrase *well regulated* means trained, effective and ready. As we all know, a person with a firearm is far more dangerous if he/she does not know how to handle or operate it safely. If you are trained, effective and ready then you know how to operate and handle your firearm safely, you have practiced to the point where you can hit targets with it, and you are familiar enough with it that you can use it without having to re-learn how to use it every time that you pick it up. Safe firearm handling as well as effective marksmanship are perishable skills. In order to remain *well regulated*, we all need to practice and teach others around us so that they can be *well regulated* as well.

Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last meeting Ray Bucholz won the \$25 door prize. Had he attended the meeting, Larry Stainbrook would have won the \$500 Attendance Prize. The next General Meeting is 2/9/2017. If you don't show up, you can't win.

Donor List (12/8/2016)

Thanks to all who donated to the raffle table at the last General Meeting – Smoldering Bud Smith, Bill Williams, L.T. Reynolds, Leonard Hodges, Brian Rasmussen, Jim Rolfon, Alan Chmielewski, Craig Rogers, Michael McKinney, Ray Bucholz

Blue Light Specials Coming Soon

In order to eliminate some of the confusion regarding our range safety lighting we will be making some changes. Within the next sixty days the red lights at the pistol, 100 yard and 150 yard ranges will be changed to blue. Simply put, blue means cold as in cold range. If the lights are on, the range is cold. All cold range rules apply when the blue lights are on. To make it even easier, when the blue lights are on remember these three main points.

- No unloading or handling of guns or gear.
- The area between the yellow and red lines is a NO man's land.
- Targets are placed and retrieved at this time.

San Diego Friends of the NRA Mixer (2/7/2017)

JR. CORNER

By Patrick Russ

Two score and ten years ago our early members brought forth, on this range, a new program, conceived in the premise that all young adults should have the opportunity to learn how to safely use firearms, dedicated to the proposition that we could be the ones to teach proper safety and technique.

Now we are engaged in that great program, testing whether this program or any program so conceived and dedicated, can long endure. We are met on our great gun range that works with that program. Here we move forward as we teach our future leaders the proper respect for firearms. It is altogether fitting and proper that we should do this.

The world will little note, nor long remember what we have done here. It is for us, the current membership, rather, to be dedicated here to the unfinished work of teaching future generations the proper and safe use of firearms. It is for us to be dedicated to the great task remaining before us. That by teaching future generations the proper use of firearms, we help ensure that this nation, under God, shall have a continued life of freedom and that government of the people, by the people, for the people, shall not perish from the earth.

We here are highly dedicated to our four safety rules:

Treat every firearm as if it were loaded.

Never point your firearm at anything you don't intend to shoot

Keep your finger straight and off the trigger until you intend to fire

Keep your firearm on safe until you intend to fire.

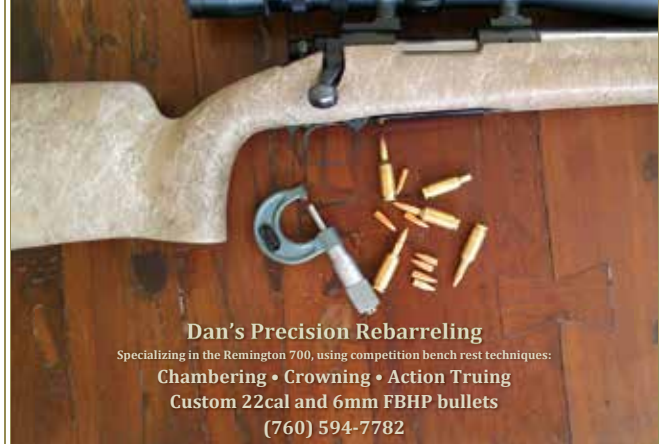

Obviously, this was taken from a speech from a very famous person. The first 10 Jr shooters that can tell me what speech this is from and who wrote the original speech and when and where it was given, as well as the four safety rules and explain each one, will receive a free Junior Marksmanship T-shirt.

RANGEMASTER SOUND OFF

By: Tim Geiser – CRSO • crsoTim@aol.com

The holidays are finally over. I hope that Santa brought you the new toy that you have been drooling over. I also trust that you read all the operating instructions before bringing it to the range and loading up. Believe it or not there were a few times recently, on the pistol range, where I had to instruct a new user on how to get the pointy end of the bullet facing toward the front of the gun. Just keep in mind that even your favorite Range Chief had to learn how to properly operate a firearm at one point in his long and illustrious history. Do not be embarrassed to ask questions, sign up for a course and practice, practice, practice. Good shooting technique comes easier to some, more so, than others, but it is a perishable skill. Also remember that in their infinite wisdom, our legislators have decreed that ammunition should be available to you in limited supply. Take heed and act accordingly.

March 18th from 0900 to approximately 1300 will be our next first aid class. If your card is two years old or close to it you need to renew your certification. I urge all RSOs to check your cards and sign up ASAP if you need to renew. We need to order materials well in advance of that date and you must be registered in order to attend. General membership is welcome to attend, but only if not enough RSOs have signed up. Use the email above to request a seat in the class.

February 18th is the date reserved for the next NRA certified RSO class. This class is designed to get any new RSOs fully certified to NRA standards. As you are no doubt aware, EF&GA has its own RSO certification program, but it only qualifies you for duty on the EF&GA range. Be ready to upgrade your skills from 0800 to about 1300. Do not waste any time letting me know if you wish to attend. As always we need time to order class materials. Any chiefs who need “class time” are welcome to assist also. Please mark your calendars.

I get a lot of calls from new members asking how to find hours to complete their six hours of volunteer time. Beside range cleanups there are numerous opportunities to get your time in. Many of the “Junior Events” are always in need of additional coaches. Don’t worry if you have not coached before. You will be given plenty of instruction and there is even a special training class that you may wish to attend.

As I mentioned recently, RANGE SAFETY is not just keeping your firearm pointed in a safe direction. It encompasses a whole range of issues that includes situational awareness and safe firearm handling. I prefer to think of it as a MIND SET. You will be as safe as you choose to be and there is room for neither carelessness nor error.

STAY SAFE, SHOOT STRAIGHT

🔫 Black Powder Silhouette News

By Garth Warner

A Perfect 18. During yet another rain soaked Black Powder Silhouette contest, long time shooter Joseph Jelinek squeezed out a perfect 18 out of 18 shooting in the Black Powder Cartridge class.

It's been done before....., but not for a number of years. Now we call hm "18 Boy". Contrary to popular belief that guys who can't shoot become club officers, our own club president Neil Pisk, won Open Class, (and the Black Diamond rifle award), with a 17.

Three Christmas turkeys were given away by drawing, The winners were Niel Pisk, Richard Sorcinelli, and Alex Luz-Olson.

A reminder that we are on a new four month distance shoot relay this year. Starting in January we shoot the Super Short Confidence Course, February the Short Course, March the Mid Range Course, and April the Long Range Course.

🔫 NRA Home Defense class (2/11/2017).

Please note that this one-day class will be held in February on Saturday (11th). This class addresses range exercises that emphasize potential home encounters, movement to cover and use of cover/concealment, awareness, avoidance, and multiple threats. The range and classroom sessions compliment and reinforce each other, including consideration of many other topics that are essential for defense in your home. This course includes the NRA handbook and the NRA Certificate upon successful completion. This is an intermediate class: Students (adults 21+ who must have prior basic or greater experience/training in the safe use of, and legally be able to use handguns) will shoot their own handguns and ammunition. This class is listed on the NRA training website under Self Defense, NRA Basic Personal Protection In the Home Course at: <http://tinyurl.com/WM-NRAPPITH-02-11-2017> To reserve your spot and for more information, email or call Bill Magdych: cienegabill@gmail.com 858-356-4019. Prior registration is required. Open to the public (please let me know if you are an EFGA member to receive your discount).

🔫 NRA Concealed Carry class (3/24/2017 & 3/25/2017)

Please note that this two-day class will be held in March on Friday (24th) and Saturday (25th). This is the NRA's most advanced class and students (adults 21+ who must have prior intermediate or greater experience/training in the safe use of, and legally be able to use handguns) will shoot their own handguns and ammunition. This class includes a full day on the range with exercises that provide increasing challenges

NRA Metallic Cartridge Reloading Class (3/4/2017)

Ammunition has plentifully come back to the market but we will soon be dealing with additional complications when we attempt to purchase ammunition in the stores as well as the elimination of online purchases due to the new laws in California. Besides the availability concerns, are you getting the accuracy and precision that you and your rifle are capable of? The opportunity to learn reloading techniques that will allow you to produce timely, consistent, accurate ammunition while receiving NRA certified reloading instruction is available on March 4th, 2017.

The First Part is strictly academic in structure and conducted at the EF&GA meeting hall. This session will begin at 8:00 AM on Saturday, Mar 4th, 2017 and will last until approximately 12 noon.

The Second Part is a "Hands On" reloading bench experience. This session generates the practical, detailed experience necessary while you successfully complete a number of your personal reloads. Scheduling the second session will be at a mutually agreed to time and date. This scheduling will be completed at the 1st session.

The cost is two tiered:

EF&GA members \$100

non-members \$110

For those individuals beginning and are without any reloading supplies (empty cases, powder, primers, etc.) a \$10 surcharge will be applied. Prior registration and a \$20 deposit is required to secure a place in this class. Registration is necessary and seats are limited.

Any questions and/or for more information, contact: Elvio Marchi at elvio1@cox.net or 760-734-3942.

TRAP CORNER

Puller Appreciation

When you show up and shoot a round of trap, 5-stand, or pot, the puller is behind you keeping score. In reality, the puller does a lot more than just press the button to make the machine throw clay birds. At the start of each game the puller makes sure that the participants all have proper eye and ear protection and that there is no wildlife downrange. While keeping score, he or she is constantly scanning the hillside for wild turkeys, hawks, owls, deer, coyotes, and even the occasional human. He or she works closely with the Trap Master to be sure that the participants are behaving safely and that the events run smoothly with minimal interruptions. The puller also makes sure that the trap machines are stocked with clay birds and are operating properly so that we don't have to stop in the middle of a game to fill the machines. The next time that you are out shooting a round of trap, take a second or two to thank the puller.

Inter-Club Trap Competition (2/11/2017)

The next Inter-Club Trap Competition will be held Saturday February 11, 2017 at the Imperial Valley Rifle and Pistol Club in Sealy, CA. 50 rounds at 16 yd., 50 rounds at Handicap distance, total 100 rounds. \$30.00 includes lunch and drink. Check with the EF&GA Team Captain Barbara Griffith on Wednesdays or Mark Eller on Tuesdays and Saturdays.

Gate Fee for Shotgun Events (4/1/2017)

Unfortunately, this is not an April fool's joke. Due to the rising costs of clay birds, utilities, and equipment maintenance, Escondido Fish and Game Association will be charging all non-member Shotgun Event participants a \$5 daily or Nightly gate fee. The Fee will go into effect on April 1, 2017.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

DEADLINES!!

**Items For the December Bulletin Due
Wednesday, January 18th**

**Any and all requests for items to appear in the
monthly bulletin should be routed through**

Cowboy Action January 2017 Match and Bar-B-Que By Marcia Johnson, aka "Alpine Lil"

The Escondido Bandidos celebrated the new year with a fun shooting match on Saturday, January 7, 2017, followed by their famous annual Buffalo Burger Potluck Luncheon. Over 50 cowboys and cowgirls gathered around the EFGA bar-b-que pit behind the clubhouse as member Hunter Baskin, aka "Yul Lose" cooked up the buffalo meat he donated to the event. He hunts buffalo annually and shares the buffalo meat with his shooting buddies! Good food and special friends make for one heck of a great party after a fun filled day of shooting authentic guns in turn-of-the-century attire! If you're interested, the Bandidos would love to have you come visit their matches on the first Saturday of every month.

NRA Basic Shotgun Class (2/26/2017)

This class covers firearm safety and basic skills of Shotgunning. It is also designed to train the student on the proper skills required to hit a moving target. The NRA Certified Shotgun Course teaches stance, gun ready position, swing to target, trigger pull, and follow through. The class consists of classroom exercises and hands-on instruction including live fire exercise through which students will learn and demonstrate safe and proper shotgun shooting procedures and technique. Hands on range time will include techniques required for shooting moving targets-(Trap). Upon successful class completion students will receive the NRA Basic Practical Rocker and an NRA Basic Shotgun Certificate. Classes are limited to 10 Students.
