NEXT WORK PARTY IS FEBRUARY 18, 2018

Followed by May 19th, 2018

The Presidents' Corner

Annual Association BBQ

The association BBQ will take place on May 20. Early bird tickets are \$20.00. (Through April 30) Regular price's: Adult is \$25.00, children 12 years of age and under is \$10.00. Advance tickets can be purchased through BOD members or the Association clerk. Tickets can be purchased at the event.

Posts

The range kiosk bulletin boards are for the use of the Board of Directors and the Chief Rangemaster. They are used for the purpose of information such as schedule changes, range closures, etc. They are not to be used for personal messaging. Do not post instructional class notices, advertising or personal notices without the permission of the Board of Directors.

Speed

We are trying to keep the dust down. Please, the speed limit on the property is 5 miles per hour.

Shoot Chairs

Shoot chairs are responsible for the safe and efficient running of their respective match. They are also responsible for promoting their shoot, either by advertising the shoot in the association newsletter, or coming to a general membership meeting and explaining their match. If you have any questions or interest in a match, the shoot chair is listed in this newsletter or on the websight. Give the shoot chair a call. He or she would be more than happy to answer your questions.

Junior Muzzleloader

Our next Junior Muzzleloader event will be held on March 11, 2018. Pre registration is not required but would be helpful. Please contact Neil Pisk or Ren Everett to pre register.

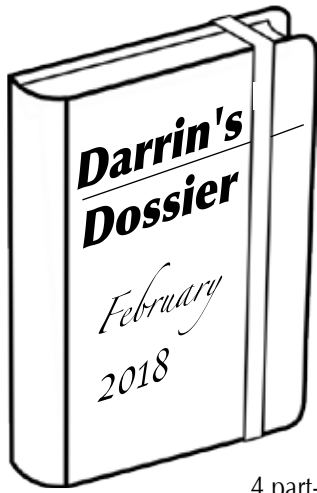

Kudos

Thanks to the Shoot Chairs. All of these men and women give their time and expertise tirelessly month after month. When you are at the property and there is a match going on, please, take a few minutes to go over and say thank you to the shoot chair. They will appreciate it as much as we appreciate them.

***Safety Tip- Cold and Flu season is upon us. Either of these symptoms could easily lead to pneumonia. Take proper measures to stay warm and hydrated

PLAY SAFE, STAY SAFE

Neil Pisk

EF&GA Benefactors

We have a fantastic facility with features that other ranges can only dream of having. Besides the great ranges and equipment, we have many skilled and talented instructors and shoot chairs that help make it all happen. I have been thinking about this a lot lately and I have narrowed the causes of our success down to two categories:

Volunteers

– We still only have 4 part-time paid employees. Everything else is done by people who volunteer their time, talents, and treasure to make everything possible. Shoot chairs give up a lot more than one day per month to keep the equipment operational as well as planning and promoting their events. Many of us volunteer to help coach for the Junior Marksmanship events and other clinics such as Women on Target. Members at large and guests show up for Work Parties and do the jobs that need to be done. Many of us throw a buck or two into the Junior Jar at many of the sanctioned events like Combat and the AR-15 Steel Match. All of that combined makes the events and facilities possible.

Advertisers – In this newsletter and on the banner in the Meeting Hall are the names and logos of businesses that support our association. They have paid to have their company names associated with EF&GA. I pay attention to them because I need to as part of the process of editing this newsletter. We should all pay attention to them and consider them when looking for goods and services. I have called some of them for things that I needed to have done around my house. When I called them, I made sure to let them know that I found them through this newsletter. In many cases, that will even get you a discount.

Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last General Meeting, John Brennan won the \$25 door prize and he graciously donated it to the Junior Marksmanship Program. Had he attended the meeting, David Babb would have won the \$500 Attendance Prize. The next General Meeting is 2/11/2018. If you don't show up, you can't win.

Donor List (1/11/2018)

Thanks to all who donated to the raffle table at the last General Meeting – Bill Williams, Smoldering Bud Smith, Elvio Marchi, Marshal Goddard, Pamela A. Tucker, Lucy Nelson, John West, Leonard Hodges, Niel Pisk, Patrick Watson, Al Anzelone, Ren Everett, David Chmielowski, Tim & Franciose Geiser

Be a Raffle Donor

Your donations help support our monthly General Meeting Raffle. Our entertainment Chairman is Bud Smith. If you have items you would like to donate to our monthly General meeting raffle, please contact Smoldering Bud at budsmith223@gmail.com. Please consider new or used items in working order. Thanks for your support.

Left the Range

Bill Nordberg passed away. He became a member in 2008 and has been a strong supporter of our Junior Marksmanship Program over the years. Please remember him and his family in your thought and prayers.

Russ Swan passed away. He has been an EF&GA member since 1986. Please remember him and his family in your thought and prayers.

Work Party (2/18/2018)

We are having a party and YOU are invited. Bring a friend. Get a good workout. Have a great lunch. Everyone is welcome, young, old, large and small.

There are many tasks that need to be done. Some jobs require a strong back and a weak mind and others do not. We will remove the broken clays from the Trap range as well as cleaning of the Pistol and Rifle ranges. If you want to learn how to properly grow and maintain roses, there will be free training and lots of practice. After lunch there is always a great no-cost raffle with great prizes for everyone.

If you can't make it for the event, be sure to thank the people who make the time to make a difference.

NRA Basic Rifle Course (2/17/2018)

The course sessions cover safety, rifle components, the different types of actions with instructions on loading/operating/unloading for each, ammunition components and types, the firing sequence, the different types of sights/optics and related topics. The students also learn the fundamentals of taking a shot, determining eye dominance, the mental preparation of items to check when making a shot, the different shooting positions and variations within each. Also covered are legal concerns involving the proper handling, use, storage and transportation of firearms. Information on selecting a firearm, the various NRA shooting venues and advanced rating criteria, and proper cleaning equipment and procedures are covered. Additional topics include muzzleloader rifles, air rifles, and using shotguns as a rifle.

A live-fire exercise is performed near the end of the course. All students will demonstrate that they can fire groups. The exercise is slow fire, using single-round loads from the bench rest position. Students are encouraged to bring their own rifle and ammo. 50 rounds of ammunition are adequate for the live fire exercise and practice. Let the instructor know if you do not have the items so they can be made available.

Upon completion of the course, students will be awarded the NRA Basic Completion Certificate.

To register for a course, register through the NRA training website link or the link on www.escondidofishandgame.com under Training -> NRA Basic Rifle Shooting Course.

Instructors, Dave Premetz at slixgunr@yahoo.com, and Neil Pisk at npisk@escondidofishandgame.com

🔫 NRA Metallic Cartridge Reloading Class (3/3/2018)

Although ammo has plentifully come back to the market there are California restrictions (Prop. 63) that have been generated to hinder such purchases both in-store and on-line. The opportunity to learn reloading techniques that will allow you to produce timely, consistent, accurate ammunition while receiving NRA certified reloading instruction is available on March 3rd, 2018.

The First Part is strictly academic in structure and conducted at the EF&GA meeting hall. This session (8:00 AM 3/3/2018) will last until approximately 12 noon.

The Second Part is a "Hands On" reloading bench experience. This session generates the practical, detailed experience necessary while you successfully complete a number of your personal reloads. Scheduling the second session will be at a mutually agreed to time and date. This scheduling will be completed at the 1st session.

The cost is two tiered: EF&GA members = \$100; non-members = \$110. For those individuals beginning and are without any reloading supplies (empty cases, powder, primers, etc.) a \$10 surcharge will be applied. Prior registration and a \$20 deposit is required to secure a place in this class. Registration is necessary and limited. For more information, contact Elvio Marchi at elvio1@cox.net or 760-734-3942

🔫 EF&GA Affiliations

By Laurie Bresnahan

Many of our members may not be aware that we are part of the membership of the San Diego County Wildlife Federation. They are a very active group, working on many different issues that affect hunters, shooters, and sportsmen on a regular basis. Laurie Bresnahan attends the monthly meeting as the Delegate for EF&GA. Go to their website (www.sdcwf.org) to find out more about their memberships and the goings on of the group. There are many new Firearms and ammunition laws going into effect soon... stay up to date with the CRPA (California Rifle and Pistol Association). California's own branch of the NRA that has a full time job working for Californians to support and defend the 2nd Amendment. They have many resources available including a book published every just for understanding California's gun laws. There will be a new edition for 2018 coming soon.

Laurie Bresnahan is a Volunteer and Recruiter for the CRPA and can answer questions and help with resources or membership. Every penny they take in, STAYS in CALIFORNIA. For more information, visit their web site at www.crpa.org

Don't forget, the 16th Annual San Diego Jr Pheasant Hunt is coming up Sunday Feb 11 2018. Check the Facebook page for details. <https://www.facebook.com/San-Diego-Junior-Pheasant-Hunt-1908620206056749/> Women on Target... next clinic Saturday Jan 20 2018.

Limited to 30 spots ... Ladies and Girls are invited to an Intro to shoot Rifle, Pistol and Shotgun. This clinic will be an afternoon activity from 12-4 with lunch, guns, ammo, and coaches, all included for \$50.00 / shooter. Coaches who work for food, always appreciated. Registration is required.

RANGEMASTER SOUND OFF

By: Tim Geiser – CRSO • crsoTim@aol.com

I am writing this episode as the Chief Range Master, but by the time you read it that will no longer be the case.

Time and conditions change and it with some measure of regret that I am stepping down from the position. My wife and I are moving out of Republic of California and back to the USA. Fortunately for all of you my well qualified assistant Jay Zimmette was hornswoggled into stepping into the position. Since Jay has handled most of the new RSO training for quite a while along with running the cowboy shoot and cooking for youth events and a bunch of other stuff too numerous to mention , he is a familiar figure around our organization and well qualified to do the job. For those of you who shall remain here, I know it will be tough living with a potential felony hanging over your head at any time and being under the whims of our overloads who hate the thought of anyone owning a gun. You can at least be happy to know that you are members of one of the finest gun clubs in the country and can associate with a great bunch of people of a like mind when it comes to firearms.

Safe handling of firearms is the key to keeping the range in this political climate. I know that I have blasted all of you with this many times, probably enough to almost drive you crazy, but it is the foundation of my belief system when it comes to guns. There really are very few firearm “accidents”. There are occasional lapses in judgement that can lead to serious consequences. Fortunately EF&GA has not been the scene of any serious lapses in judgement. It would please me to no end if the membership is so safety conscious that none ever happens.

It has been a pleasure to have served as the Range Chief and to have worked with such a great bunch of people.

STAY SAFE, SHOOT STRAIGHT

BLACK POWDER NEWS

By Garth Warner

Top Gun Contest Announcement: April 22nd is the scheduled date for the 2017 Top Gun Contest. If you won an Open or Primitive rifle contest in 2017, you are qualified to enter. Start time is 07:00 sharp. The Top Gun contest will be immediately followed by the normal pistol and (long range, 100yd to 150yd), rifle contest.

Next Contest: February 25th. This will be a normal pistol and (short range 50yd to 100yd), rifle contest.

Last Contest: Dec 24th, Christmas Eve. Eleven rifle shooters and nine pistol shooters braved their spouse's ire and showed up to shoot. Craig Rogers showed us how to win in rifle. Joseph Jelinek gave us a lesson in revolver shooting. Santa didn't seem to mind....

Clean Your &%\$(# Black Powder Firearm

One of the biggest problems we deal with on contest days is black powder firearms that don't go bang when you pull the trigger. Much of this can be directly attributed to improper cleaning and maintenance, both before and after the contest. I know many of you will plink with a 22 or an AR, then go home and park it in your gun safe for a couple of days before cleaning it. That kind of treatment is a guarantee for failure in a black powder rifle. Every time you fire a black powder firearm you are adding a layer of carbon and burned black powder by-products in the barrel and action of your firearm. This layer builds continuously until it blocks the flash hole or nipple channel in your rifle. It can also build up to the point where it can become impossible to hammer a ball down the barrel for the next shot. When this material "sets" it becomes like concrete. To make matters worse, burned black powder residue contains sulfur acids that can, and will, attack the metal of your bore causing RUST. This chemical reaction will start eating your bore almost immediately after firing. It needs to be neutralized as soon as possible after you're done shooting for the day. There are a variety of black powder cleaning solvents on the market, all of which work to a greater or lesser degree. These can get you through a contest or casual shoot, but at best they only clean the bore and do not address the flash channel or nipple holes. Some, not all, of the commercial products designed to remove black powder residue, also contain chemicals that, (if left in long term contact with your barrel), can also promote rust. Cleaning agents are not preservatives or rust inhibitors.

Black Powder News Continued From Page 12

How to Clean your hook breach, (Hawken), rifle.
 Get a regular bucket and fill it with HOT water. Add about a teaspoon of your favorite dish detergent. Remove your barrel from the rifle and submerge the breech end in the HOT water. (Leave the nipple on for now if it is a percussion rifle). Using water wetted patches, swab the barrel repeatedly, replacing patches as needed. Use a caliber correct bronze or nylon bore brush and swab some more. Fill the bore with hot soapy water and force water out the flash hole or nipple. Your cleaning patches should be coming out clean and the water in the bucket should be black. Repeat all of the above with a bucket of clean HOT water without the soap. When done drain the barrel and run dry patches down the bore to remove any water residue. I like to swab the bore with WD-40 at this point and then swab out with more dry patches. Now you can inject your favorite oil or preservative into the nipple channel, flash hole and bore. Before you shoot again, remember to dry patch out the barrel before loading your first shot of the day. It also helps to fire a couple of percussion caps down range before you load. This should blow out any oil accumulation in the nipple or flash hole. Now your rifle should be more consistent and you can spend time shooting instead of trying to fix the rifle that won't shoot.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

DEADLINES!!

Items For the Next Newsletter are Due

Sunday, February 18th

Any and all requests for items to appear in the
monthly bulletin should be routed through

JUNIOR CORNER

By Patrick Russ

RULES TO LIVE BY

1. **Treat** every firearm as if it were loaded
2. **Never** point your firearm at anything you don't intend to shoot
3. **Keep** your finger straight and off the trigger until you intend to fire
4. **Know** your target and the surroundings

The Year Ahead

By Patrick Russ

We have officially started our new year with the Junior Marksmanship Program. On January 21st we held the first Junior Rifle competition of the year. We had 70 shooters and 4 relays, it was a busy day. Daysha Halbert had an amazing day with a score of 396 out of a possible 400. What makes this even more impressive that it was done with a standard rifle that was off the rack, not a high-end competitive rifle. And as if that was not enough, this was her third straight event in the "Distinguished" category. I challenge anyone to try and do what Daysha has done. Congratulations Daysha!!!!

I would like to thank everyone that came out to help with this event. Without you, these events could not happen. I would also like to thank the following Marines of 1st LAR: LCpl. Jose Vega, LCpl. Cage Moore, Cpl Jorge Calderon, LCpl. Jose Renovato, LCpl. Dustin Rodriguez, LCpl Bryce Lewis, LCpl Andre Jallole. Your efforts are much appreciated, Semper Fi. These Marines took one of their few days off to come teach the kids, of our Junior Program, the fundamentals of proper shooting. Their shooters had great scores with many shooting their personal best. I know that many of the kids were excited about being taught by Marines. This month we will be having the first Junior Pistol event of the year. As usual, we will need coaches. I would love to see some new people come out to coach. I can tell you first hand that it is extremely rewarding. Plus, by coaching you will actually see your own shooting skills improve. I believe this is due to the fact that you must look at shooting from a different perspective; it makes you look at the fundamentals of how to be an accurate shooter. By doing so, you improve your own shooting skills. Please come join us on February 25th at 7:30am. If you don't think that you have the skills to coach, no problem, we will teach you. I guarantee that you will not be disappointed.

NRA Basic Shotgun Class

MARCH 25th, 2018 Sunday 8am-5pm

This class covers firearm safety and basic skills of Shotgunning. It is also designed to train the student on the proper skills required to hit a moving target. The NRA Certified Shotgun Course teaches stance, gun ready position, swing to target, trigger pull and follow through. The class consists of classroom exercises and hands-on instruction including live fire exercise through which students will learn and demonstrate safe and proper shotgun shooting procedures and technique. Hands on range time will include techniques required for shooting moving targets-(Trap). Upon successful class completion students will receive the NRA Basic Practical Rocker and an NRA Basic Shotgun Certificate. Classes are limited to 10 Students.
