## NEXT WORK PARTY IS FEBRUARY 18, 2018

Followed by May 19th, 2018

### *The Presidents' Corner*

*I hope all of you had a Safe, Healthy  
and Happy holiday and New Year.*

### Rules Review

I would like to take this time to review a couple of association rules.

First, let's review the RSO rule. The RSO on duty has the final word. If he or she feels that an unsafe condition exists, whatever action they deem necessary to correct that condition must be followed, period. DO NOT ARGUE WITH THE RSO. If you feel the decision is unfair, contact the CRSO, Tim Geiser and he will take whatever action he deems appropriate.

Here's another common mistake. When the range is "cold", NO EQUIPMENT OF ANY KIND WILL BE HANDLED, with the exception of target frames and targets being set up and brought down range. Do not take your shooting things out of your car until the range is "hot". During sanctioned events, the event chair will decide what may be specifically okay or not for their event. In either case, the duty RSO has the final say on matters of safety and property protection.

All firearms should be cased and/or uncased at the firing line. Unused rifles should be placed in the rifle racks, pistols on the shooting bench. No firearms should be placed lying on the work tables behind the firing line(s).

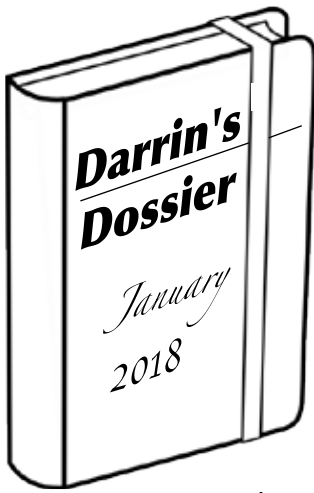

### Kudos

Thanks to the kitchen staff for all of their hard work every month. Joyce, Dorothy, Lucy, Frank and Mike.

Thanks also to Bud Smith, Tom Kendall and Bill Williams for supplying prizes and tickets for the monthly raffle.

\*\*\*Safety Tip- Weather patterns in this part of the country can be tricky. Be sure to dress appropriately for the location you will be at. HYPOTHERMIA, (Usually caused by exposure to the elements) can be deadly.

Neil Pisk

### **🔫 New Laws Effective 1/1/2018**

Everyone is asking about what is legal and what is illegal after the first of the year. I am not a lawyer but I have one piece of advice that you can take to the bank – Do NOT assume that what you heard from a guy at the gun show / on Facebook / on TV / wherever ... is correct. The new laws are complicated

and you really do not want to be out of compliance. I don't want to be the first one that becomes an example while they test it out in County/ State/Federal courts. I plan to communicate closely with reputable firearms dealers who have a vested interest in getting this right the first time. They have legal counsel that specialize in Second Amendment issues and are paid to keep the FFLs from going out of business.

### **🔫 Make Time to Attend a General Meeting**

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last General Meeting, Tim Geiser won the \$25 door prize. Had he attended the meeting, Barry Ososkie would have won the \$500 Attendance Prize. The next General Meeting is 1/11/2018. If you don't show up, you can't win.

### **🔫 Donor List (12/14/2017)**

Thanks to all /who donated to the raffle table at the last General Meeting - **Smoldering Bud Smith, Dorothy Notter, Bill Williams, Joyce Alessio, Tony Pendzich, Leonard Hodges, Elvio Marchi, Wayne Brunner, Mark and Laurel Baldwin, Jay Zimmet, Alan Chmielewski, Eric Elsany, Michael McKinney, Ed Migdal, The Lake Wolford Café**

### **🔫 Be a Raffle Donor**

Your donations help support our monthly General Meeting Raffle. Our entertainment Chairman is Bud Smith. If you have items you would like to donate to our monthly General meeting raffle, please contact Smoldering Bud at budsmith223@gmail.com. Please consider new or used items in working order. Thanks for your support.

### **🔫 High Power Rifle (1/13/2018)**

Come join us for the competitive and fun 100 yard shoot starting at 8:00 am. Any sights are allowed. Any centerfire caliber is allowed. The event consists of 4-position shooting. Unlimited practice rounds and then 10 Rounds per position—1 Hour is total time allowed. EF&GA Members - \$ 5.00, Non-Members \$10.00. Contact Paul Hendrikson 760-522-4660

Eric McLeod .....	932.28

## SMALLBORE RIFLE

12/16/2017

### 50 Yard 4-Position

Sharilyn Farrel .....	371-9X
Fred Guse .....	367-8X
Larry Bailey .....	350-2X
Mark Freeman .....	323-2X
Michele Fan .....	310-2X

### 100 Yard Prone

Sharilyn Farrel .....	391-16X
Fred Guse .....	386-12X
Larry Bailey .....	382-3X
Mark Freeman .....	374-6X
Kyle Borders .....	362
Michaele Fan .....	305

**Work Party (12/9/2017)**

Last month we had a long and productive work party. Besides the usual tasks of raking and shoveling broken clays, we spent a lot of time and effort to remove all of the fire hazards that we could find (brush, dead branches, debris, etc...).

Unfortunately, we ran out of two critical resources before the end of the day – Daylight and space in the dumpsters. Even with the challenges of the day, we got a lot of great work done.

I want to thank each individual who showed up and helped to make it all happen. If your name is misspelled, I apologize and would recommend that you write it more clearly on the Green-Sheet next time.

**NRA Metallic Cartridge Reloading Class (1/6/2018)**

Although ammo has plentifully come back to the market, there are California restrictions (Prop. 63) that have been generated to hinder such purchases. The opportunity to learn reloading techniques that will allow you to produce timely, consistent, accurate ammunition while receiving NRA certified reloading instruction is available on Jan 6th, 2018. The First Part is strictly academic in structure and conducted at the EF&GA meeting hall. This session, 8A.M. on Saturday, Jan 6th, 2018 and will last until approximately 12 noon. The Second Part is a "Hands On" reloading bench experience. This session generates the practical, detailed experience necessary

while you successfully complete a number of your personal reloads.

Scheduling the second session will be at a mutually agreed to time and date. This scheduling will be completed during the 1st session.

The cost is two tiered: EF&GA members = \$100; non-members = \$110. For those individuals beginning and are without any reloading supplies (empty cases, powder, primers, etc...) a \$10 surcharge will be applied. Prior registration and a \$20 deposit is required to secure a place in this class.

Registration is necessary and limited. For more information, contact Elvio Marchi at [elvio1@cox.net](mailto:elvio1@cox.net) 760-734-3942

# RANGEMASTER SOUND OFF

---

By: Tim Geiser – CRSO • crsoTim@aol.com

**C**hristmas is coming in only a few days and I suddenly realized with a start that I had neglected to wish you all a Merry Christmas and best wishes for the New Year. When I was a kid it seemed like Christmas took forever to come around and now it seems to arrive at the speed of lightning! None-the-less I am sure to see you at the range shortly after Christmas while you are trying out the new “toys” that Santa brought you. I hope he also provided enough ammo (preferably no steel core stuff) to keep you busy for a while. California politicians may come to their senses on the ammo regulations coming up, but I would not bet the farm on it!

The annual Christmas meeting had a great turn-out and the raffle table had a cornucopia of really great prizes on it. Unfortunately, Bud Smith sold me a bunch of worthless tickets! I made the mistake of announcing that I will be stepping down, in the near future, as Chief Range Master and thinking that Bud would like to have the job back again (NOT!). My wife and I have decided to move out of California and are working to that end. NOW, I know there are some of you out there out who would like to take over my position. The job requirements are relatively simple:

1. It helps to be very good looking and a former Marine.
2. It helps to have an understanding wife and one who is willing to help with certain administrative tasks.
3. It helps to have the patience of Job.
4. It helps to be independently wealthy.
5. It helps to be obsessed with the safety of our range.
6. It helps to believe that most of our members are great people who deserve respect.

This is the final reminder that our next first-aid class will be held on January 14th. Class starts at 0900 sharp. All RSOs need to have up to date FIRST AID cards. There will be room for some general members also, but waste no time if you wish to attend. Quite frankly, I am not sure if all ranges require this course for their RSOs, but we do and I am quite proud of the training we are able to provide. It is something that we hope never to need, but it is just one more level of safety we can provide to our members.

The next clean-up will be held in early February. I trust that the attendance will be better than the one in December. I was somewhat underwhelmed by the turn-out. A big thanks to those of you who did make it. Those kids from the Sea Cadets did a bang up job!

STAY SAFE, SHOOT STRAIGHT

# BLACK POWDER NEWS

By Garth Warner

Per the format that we competed in 2017 we will run contests in the following order: Jan, May, Sept will be Super Short Range. Feb, June, Oct will be Regular Short Range, March, July, Nov will be Mid-Range, and April, Aug, and Dec will be Long Range. The 2017 Top Gun contest will precede the Long Range contest in April. Depending on the feedback I get from the Across The Course contest we held in Nov, I may schedule another one in 2018 - TBD.

January MuzzleLoading Silhouette opens the year with a Super Short Range Contest on Jan 28th.

Special Notice ! The January Pistol contest will be a Black Diamond event. Bring a Revolver for this one and be prepared for a special event after the pistol contest and before the rifle contest. The survivors of the Vinyl Zombie Fruit that attacked the range in November may be back... You will need a cap and ball revolver to play.

## Practical Black Powder Accuracy Part 4 Patch Lube (continued)

Liquid Lube Pros and Cons: With careful attention to patch and fouling moisture control, my experience has been that liquid lubes are slightly more accurate at range than grease lubes. The con side to this is that it is very finicky to work with. Damp patches have a very narrow range where they can be consistently accurate. Too wet and/or too dry and your accuracy can suffer. That range can change with temperature and humidity. Patches treated with liquid lube **MUST** be stored in an airtight container for moisture control between shots. The barrel **MUST** be swabbed between each shot with a damp cleaning patch. (Note that I said swabbed, **NOT** cleaned). It's all about moisture control in your barrel. Very hot days and/or rain days can affect your point of impact. Overly wet patches can wet your powder charge. Overly wet cleaning patches can also adversely affect the accuracy of your shot. So why bother with it?

Well, when it works... it works really, really well.

Over the years I have taken the time to shoot most of the popular lubes through my aperture sight equipped open rifle at long range. For me, liquid lubes have been the most accurate, when properly applied. Like I said, they **ARE** finicky.

The most common mistake new shooters make is to use too much liquid lube on their patches. I have seen people squirt a good amount on a patch to the point that they had lube dripping off their fingers when they shoved it down the barrel. The resulting shots were poor

# How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to [newsletter@escondidofishandgame.com](mailto:newsletter@escondidofishandgame.com) and be sure to double-check for spelling and grammar errors.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

**Category** – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

**Subject/Title** – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

**Description** – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

**Price** – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

**Contact Info** – This should be a name AND a phone number (including area code) and/or an e-mail address.

# JUNIOR CORNER

By Patrick Russ

## RULES TO LIVE BY

1. **Treat** every firearm as if it were loaded
2. **Never** point your firearm at anything you don't intend to shoot
3. **Keep** your finger straight and off the trigger until you intend to fire
4. **Know** your target and the surroundings

## Top Gun Shoot (12/17/2017)

### By Patrick Russ

I would like to thank everyone that participated in the 2017 Top Gun shoot. As usual, the kids did a great job. I think that some of them surprised themselves with how well they were able to shoot. I would also like to thank Jr. Coach AJ Wagle for making sure that everything got set up and cleaned up in a timely manner and for looking out for some of our younger shooters. I personally witnessed him sacrifice his own score in order to help a struggling, younger shooter. He set the example, for other kids, to follow in every way. Special thanks to Marnie Kittel for single handedly taking care of the kitchen duties. She did an absolutely amazing job.

## Top Gun Shoot 12/17/2017

### Grand Champion

Daysha Halbert

### Rifle

1st Place..... Brayden Stansel  
2nd Place ..... Shelby Ellerby  
3rd Place.....AJ Wangle

### Pistol

1st Place.....Mark Ferdinan Walthers  
2nd Place ..... Blayne Benoit  
3rd Place..... Grace Breshnahan

### Archery

1st Place..... Gia Hubbard  
2nd Place ..... Austin Ellerby  
3rd Place..... Sheridan Abrajano

### Alternate Michelle Fan

Michelle is total score would have placed her 3rd overall.

## Black Powder News Continued From Page 7

due to a too slick barrel and a damp powder charge. I have rarely seen anybody use too little lube. Somewhere in between is going to be best for you and your rifle. You will have to experiment to find the sweet spot moisture level for your lube set-up. I tend to "wet" my patches 3 days or so before a contest, squeeze them out evenly as best I can, and store them in an airtight container until I pull one out to use. I also use a damp cleaning patch, (also previously prepared in advance), between each shot. On high humidity days, (raining), I may only use a dry patch between shots. On hot summer days I may run two wet cleaning patches down the barrel one after another. The fouling in the barrel and examining your fired patches will tell you what the barrel needs. Again, liquid lube is very finicky, but when it's right, it's really very good. (BTW, Balistol TM is a great liquid lube when thinned somewhere between 5-1 and 7-1 with water. Your mileage may vary. Straight Balistol TM is not so good as a lube.) That's all for this month. Next time we can talk about cleaning your barrel after a shoot.

Garth Warner

# TRAP CORNER

By Darrin Eaton

## Improving Your Scores

Many people ask how to get to that next level of Trap greatness. I recommend three habits of excellence:

1. Tip your puller. They put up with a lot of drama and work hard to make the experience smooth and easy for all of us. They appreciate the gesture and will root for you so at least you can buy some moral support.
2. Help load the house. Not only does this make the down-time go faster but also you get to see the equipment up close. This can only help your game.
3. Show up for a Work Party. This may sound ridiculous but it worked for me. The day that I shot my hat I had spent the morning doing a Work Party. Perhaps I was too tired to over-think the game but it was a great day for me.

I suppose you could also practice a lot and shoot with people who are better than you to elevate your game but the three habits above worked for me.

## Trap Straights

- 11/21/2017 Rich Davis (25), Danny Godinho (25), JB Singh (50), Mark Eller (75), Bob Hoag (25)
- 11/23/2017 Reynalou Linamen (25)

- 12/12/2017 Bill Linamen (25), Mike Halberstadt (25), Danny Godinho (25), Butch Smallenberger (50), Rich Davis (50), Mark Eller (50)

## NRA Basic Shotgun Class

**JANUARY 28, 2018 Sunday 8am-5pm**

This class covers firearm safety and basic skills of Shotgunning. It is also designed to train the student on the proper skills required to hit a moving target. The NRA Certified Shotgun Course teaches stance, gun ready position, swing to target, trigger pull and follow through. The class consists of classroom exercises and hands-on instruction including live fire exercise through which students will learn and demonstrate safe and proper shotgun shooting procedures and technique. Hands on range time will include techniques required for shooting moving targets-(Trap). Upon successful class completion students will receive the NRA Basic Practical Rocker and an NRA Basic Shotgun Certificate. Classes are limited to 10 Students.
