The Presidents' Corner

Due to unforeseen circumstances, President Neil Pisk was unable to submit the President's Corner this month. He asked that I "Fill the space with something good". Below is a reprint of an article that I wrote about a year ago and I think that it is worth repeating.

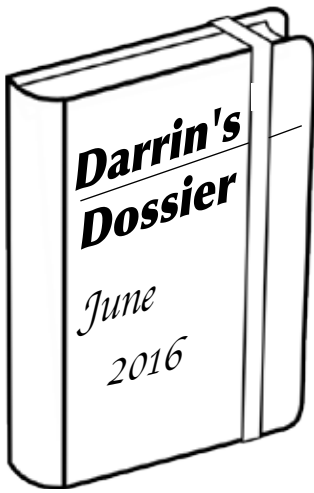

This newsletter does not contain an editorial section and that is by design. We all have our opinions about politics, religion, nationalism, etc... However, this newsletter is not designed to be the vehicle for us to exercise our First Amendment rights, it is a document designed to inform the members of the Association of any items that may be of interest to them. With that stated, I encourage you to closely follow what our elected representatives are doing with our blood, our treasures and our rights.

EF&GA is associated with the NRA and they have many resources on their web site (www.nra.org) with lots of information regarding current and pending legislation as well as major law suits going on at the state and federal levels. I'm not stating that we should all blindly follow whatever the NRA presents as the 'correct opinion', just that they are a good resource for information about what is happening at the moment in Second Amendment issues. If we are to present any strong arguments for or against any cause, we should start by educating ourselves on the issues in question. We should learn about the arguments on all sides of the issue and formulate our own opinions.

If you have a strong opinion for or against any legislation, I strongly recommend that you contact your elected officials at the local, state and federal levels and inform them that you (a voter) have a specific opinion about the issue(s). Sometimes our representatives need to be reminded that we are constituents of a democracy, not subjects of a monarchy. It was Mark Twain who wrote "Politicians and diapers must be changed often, and for the same reason."

PLAY SAFE, STAY SAFE

Happy Independence Day

We all look forward to Independence Day each year and the food and fireworks that go with it. When I asked a child about what it makes him think about, he told me about Paul Revere's ride to wake up the Minutemen and the start of the Revolutionary War. I thought

that it sounded cute but not very accurate. July 4th, 1776 was when the Declaration of Independence was signed, not the start of the Revolution.

A friend of mine recommended a book called Paul Revere's Ride by David Hackett Fischer. It documents the events at Concord and Lexington and describes the strategies and organization that made it all possible without modern advantages like the Internet or cell phones. I recommend the book to any American and then challenge them to share the information with a son, daughter, niece or nephew. Our history is rich and interesting. If we don't pass it on to our younger generations, it will be lost.

Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last meeting Christopher Cote won the \$25 door prize. Had he attended the meeting, William McLaren would have won the \$500 Attendance Prize. The next General Meeting is 7/14/2016. If you don't show up, you can't win.

Donor List (6/9/2016)

Thanks to all who donated to the raffle table at the last General Meeting – Smoldering Bud Smith, Brian Rasmussen, Joyce Alessio, Rich Sorcinelli, Gene Demnianick, Al Anzelone, Ray Buchholz, Pamela A Tucker, T Kendall, Wayne Brunner, Paulette Bryson, Mark Baldwin, Neil Pisk, Elvio Marchi

JR. CORNER

by Patrick Russ

Summer is here, this is a time when everyone likes to relax, but that does not mean that we can relax on safety. Please remember the four basic safety rules:

1. **TREAT** every firearm as if it were loaded.
2. **NEVER** point your firearm at anything that you do not intend to shoot.
3. **KEEP** your finger off the trigger until you intend to shoot.
4. **KEEP** the firearm on safe until you are ready to shoot.

Escondido Fish and Game has an amazing Junior Marksmanship program. Over the years, the program has helped hundreds of kids become familiar with firearm safety and marksmanship.

The Junior Marksmanship program could not accomplish any of this without the tireless effort of the volunteers that show up every month to help the kids. These people include the kitchen staff that prepares lunch for the Jr Rifle shooters, the admin staff that make sure that everyone gets signed in properly, the coaches that work the firing line, ensuring that the kids are taught the proper fundamentals of marksmanship and safety and the many others that are willing to do whatever is needed to make things run smoothly. Without these people, the Junior Marksmanship program would not be the huge success that it is today.

Additionally, the Jr program enjoys the support of many of the members and guests as well as local businesses that support the program through financial contributions. Many of the Shoot Chairs for other events collect donations at their matches. These donations help us buy the supplies that are needed to make the program possible. On behalf of all involved in the Junior Marksmanship programs, thank you to all who donate your time, talent, and treasure. We all appreciate your participation.

Renewal Stickers

This year's renewal stickers will be mailed at the end of June to members that have submitted their completed renewal forms, documentation, and payments before 6/30/2016. Renewals that are received between 7/1/2016 and 7/31/2016 will be accepted but are subject to a 'Late Fee'. If you have any questions please contact the Clerk at (760)432-2089 or efgaclerk@cox.net

Ruejito Rendezvous (6/10/2016 – 6/12/2016)

Members of EF&GA and SPAR spent the day recently at our home range shooting at metal targets of bear, buffalo, chicken and rabbit during a walk through to different positions using period firearms. There was one course for muzzle loading rifle, and another for black powder pistol. A competition for smoothbore rifle and contests for tomahawk and knife throwing were also held. Tom Arendell, one of the founders of SPAR, was in fine form as he accomplished a clean sweep of the awards. And, he is willing to share his trade secrets on technique. Pat Watson was awarded the Black Diamond Award for keeping the Spirit of Black Powder Alive. A huge thank you to Pat Watson and Garth Warner who both excelled at setting up the targets and the course of fire. Contact Denny Martin, Pat Watson, Garth Warner, or Tom Arendell to get in on the excitement of black powder shooting!

RANGEMASTER SOUND OFF

By: Tim Geiser – CRSO • crsoTim@aol.com

I am not at the range everyday although my wife might argue that point. Even so I make an honest attempt to maintain an awareness of what is going on. Are members keeping a safe mind frame? Our RSOs and I are truly doing our job when we are on the alert for anomalies rather than having to constantly remind our members and guests about safety violations. Overall, I see a lot of improvements in the way our members view our range safety rules and I wish to commend you. Please keep up the good work.

Now, with all the “kudos” out of the way we still have some work to do. For example, our range SOP dictates that you must sign in before you even start unloading equipment from your vehicle. **AND** unloading is **NOT** to commence if there is anyone down range. This has become the most common mistake that members make and while some members think that it is a silly rule, it is a rule none-the-less and if you are the one down range you might feel a bit less exposed to inadvertent fire!

When we run “sanctioned shoots” SOP rules may be somewhat modified at times. For example, we do not normally allow long guns to be fired on the pistol range, but may allow them during special events such as Junior Rifle. Having said that, under no circumstances will safety be compromised. Bullets must always impact the embankment and targets must be placed properly so as to allow it. Any time a shooter is bouncing rounds off the ground or keeps hitting one of the intermediate berms, an adjustment must be made to correct the situation.

Trap shooters and long gun shooters on the 100 yd range, partially share space during casual shooting days. This means that shooters on both ranges need to be constantly cognizant of movement of the other range. When the 100 yd shooters are changing targets at 50 yds and beyond, the trap shooters must go cold also. “COLD RANGE” means that all firearms on both ranges must be cleared and not being handled by anyone on either range until a “HOT RANGE” is declared on both ranges.

Believe it or not people still leave their firearms on the range not to mention other items such as scopes, hearing protectors and such. We go to great lengths to return items as far as possible, especially firearms. I strongly suggest that everyone mark your gear with your name and a phone number. There have been many instances where I have had only a green signup sheet to go on. I usually go down the list and make phone calls whenever possible. If you do your part, I will do my best to see that lost gear is returned to its rightful owner.

As a “Safety Officer” I tend to be a bit one sided in these columns. If there are other issues you would like to be addressed or expanded upon, feel free to let me know. You never know, it might become the basis for my next book!

National Match Course Rifle Match (7/3/2016)

Due to declining participation in the NMC rifle matches for the past few years, the plan for 2017 will be to reduce the number of Approved Matches (Matches where shooters can have their scores reported to the NRA to earn a classification) will be reduced to four (4) matches a year instead of the current six (6) matches per year. If anyone wishes to discuss this change, please attend one of the NMC matches remaining in this year or contact Kevin Miller 760-480-7267 or Cageymiller@aol.com

EF&GA Members Take Top Honors at 2016 SASS National Cowboy Action Championship Match

By Jay Zimmert, Cowboy Action Shoot Chair

Two Escondido Fish and Game Association members, Carly Smith (aka Bonnie Macfarlane) and Marcia Johnson (aka Alpine Lil), both finished in the "Top Ten" of their two categories in competition among 800+ male and female shooters last week at "Winter Range", the Single Action Shooting Society's National Championships for Cowboy Action Shooters. The event took place at the Ben Avery Shooting Range in Phoenix, AZ from February 22nd – 28th, 2016.

"Bonnie Macfarlane" won 1st Place National Champion Junior Girl and "Alpine Lil" won 9th Place National Champion Lady Silver Senior. Marcia was the only woman from California in the top ten of the Silver Senior Category of women 65+ years of age. Carly, who is 14 years of age, has shot with the Escondido Bandidos for a number of years and just recently became our newest Junior member at this range.

Well done to these two fine women who represent the junior and senior women of EF&GA!

Two additional shooters who regularly attend Cowboy Action Shooting matches as EF&GA guests, also took high honors at Winter Range. Take note men.... they were also women! Wendy Verboom (aka Whirlwind Wendy) took 2nd Place National Champion Lady "B" Western and Lynne Oliver (aka Had-die Hawksworth) took 8th Place National Champion Classic Cowgirl!

Safety Briefings

At many of the sanctioned events that are open to the public, the event begins with a Safety Briefing. These are intentional communication with all participants to make sure that everyone will be following the same procedures and rules at the match in question. These Safety Briefings are mandatory for participation and contain valuable information.

At the Junior Rifle and Junior Pistol events we are getting our more experienced Junior Members to assist with these briefings so that they can be more like participants than audience. At the Combat Match and AR-15 Steel Match, the participants are made to feel welcome and we all get the required instruction along with the course of fire descriptions.

When you attend any sanctioned event, please be sure to be present in time for the Safety Briefings. In most cases, if you miss the Briefing, you don't get to shoot. If you bring a friend or relative who is new to an event, please be sure that they pay attention during the briefings as well. It is tempting to chat with your friends but it is important that we all get this critical information. It usually takes just a few minutes and there is no reason to distract others around you. We have a great safety record and we are going to keep it that way. All of our participation makes this happen. The safety briefing is a critical component of this record and your participation is greatly appreciated.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.
