STRAIGHT SHOT FROM THE PRESIDENT

Hello Everyone,

I am writing this message on Saturday afternoon, just after the elections of officers and the work party for the BBQ. We had a very large turnout for the elections this year since there seemed to be a group of members with a special interest in mind. However, the majority of the members present stayed with the course and voted in the best interest of the entire association. Thank you all for coming up and supporting your candidates for office.

I just left the range and it is in great shape! This year, we had volunteers who showed up last night in lieu of today. What a nice gesture on their part. Overall, we had about 40 volunteers including about 30 today. This is the day I look most forward to because I love the enthusiasm in this association. Even though those who show up have to generally work hard, it is so nice to associate with people who appreciate what we have. Something we should all look at. I know that there are many with busy schedules, physically not able to, or are just not in close proximity of the range. Overall, I believe that the entire 1,355 members in the association appreciate what we do for them.

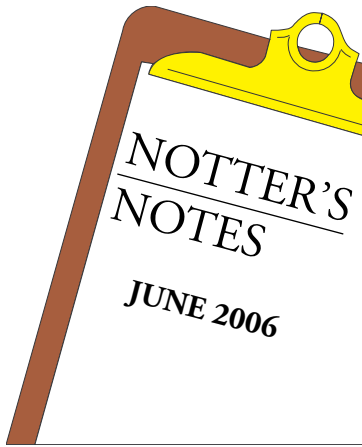

This year's BBQ will be the best yet. We have a degreed chef doing the cooking and has been working all week preparing. I wish you could have seen the many volunteers in the kitchen when I left today and they have been there all day. I hope the ones who come bring an appetite. Jeff has prepared a great menu.

Finally, I just want to say that the comments made in the first paragraph of this message were not intended to give the membership the wrong message. We have a very strong board of directors and officers in this association who over the last six years that I have been president, have always acted in the best interest of the entire group. We have a very dedicated range master staff as well as very responsible shoot chairpersons.

Let us stay the course and continue serving the community and keep our second amendment right active.

God Bless,

Denny

FNRA BANQUET RESULTS

The San Diego chapter held a very successful
banquet, handily beating the return on the
banquet of 2005. The 2006 event grossed
\$31,000.00 and netted \$16,000.00 for a net to
gross ratio of 51%. This money will be awarded
to groups for shooting programs.

RANGE MASTERS NEEDED TO FINISH THE DAY!

Range Masters from 5PM to Sunset are
desperately needed! Very few (two for June) are
signing up to cover these important hours. Please
sign up for one shift per month.

WOMEN ON TARGET A SUCCESS

Forty-three women participated in the first
WOT in Southern California. Any program that
introduces new shooters to the sport is a success.

NRA to Host 10th Youth Education Summit; \$30,000 in Scholarships to be Awarded

The National Rifle Association's Youth Education Summit (YES) program is preparing for its 10th year of hosting outstanding high school sophomores and juniors who are striving to learn more about the U.S. government. A weeklong educational experience is in store for 42 students, chosen through a competitive application process, who will be in the Washington D.C. area from June 19-25. YES is an expense-paid, seven-day event that encourages participants to become active and knowledgeable U.S. citizens. Emphasis during the week is put on the significance of the Constitution and the Bill of Rights, developing an understanding of federal government, and learning the importance of active participation in civic affairs.

Commenting on last year's YES visit, 16-year-old Ryann McGough of Livermore, Colo. said, "It was the coolest thing I've ever done in my life. YES gave me an awesome opportunity to learn about our country's capital and discuss many aspects of government with people my own age."

Activities on this year's schedule include:

Guest speakers and research time at NRA Headquarters and the National Firearms Museum.

Competitive debates with other high school students from across the nation.

Informative tours at historic sites and monuments in and around Washington, D.C.

Traversing an obstacle course at the Marine Corps Base in Quantico, Virginia.

In addition to the week in Washington, D.C., YES participants compete for \$30,000 in college scholarships. The first round of awards totals \$10,000 and is given at the conclusion of the YES program. Participants are judged on their initial application, on-site debates, and participation during the week's activities. Multiple students receive scholarships in the first round and the total number of students selected dictates how much each student will receive.

The second round of scholarships, called grand scholarships, is comprised of \$20,000 and involves a second application, available to the participants after they go through YES. Since the program's inception in 1996, over \$140,000 in scholarships have been awarded.

RANGE MASTER SOUND OFF

By RAY & NEIL

Daylight Savings Time: It is that time of the year again when we all get to enjoy association membership for greater periods of time, however, the price we have to pay for these longer daylight hours is the need for more volunteers to stand Range Master duty. Safety and fun have to be partners all the time. The Range Masters at EF&GA have dedicated themselves to see to it that each member and their guests have the best of both worlds, Safety and Fun. Please help your fellow members the way you have been helped. Sign up today for just a couple of hours a month and make someone else's day at the property Safe and Fun.

You can sign up by using the schedule books located in the green first aid box (the combination is the same as the front gate lock) in the Trap Ramada. Thanks to all who are a part of our team and to those of you about to join our adventure.

Okay, elections are over and the votes are cast. On behalf of the Range Masters, we want to take this time to congratulate all of the incoming Board of Directors and a very grateful thank you to our outgoing Board, without whose leadership we might not have accomplished as much as we have. Thank you all.

Range Masters: Both Ray and Neil have been thinking about this column and were wondering why we haven't heard from you. This is your column as well and we would like for you to submit thoughts, ideas or suggestions. Please put them in writing and send them to either Ray or Neil at the EF&GA Postal Address.

ALERT: This is Rattlesnake season. We have already seen some at the ranges so please be aware of where you step. Try to stay on the dirt paths as much as possible. In the event you are bitten, seek emergency medical treatment immediately.

Sightings: Members need to remember that EF&GA is a wildlife sanctuary and the injuring or killing of any wildlife is strictly forbidden. A ceasefire on the line must be called immediately in the event a wandering turkey, peering peacock, daring deer, coyote or the occasional curious bobcat should happen to decide to pay us a visit.

We want to thank Range Masters Harry Fagan, Lee Allen and Ira Bryant for the complete refurbishing and restoration of the gun racks in front of the Trap Ramada.

Kudos and huge thank you to Lonnie Fowler for building and donating the two grand black powder shotgun racks located at trap house's one and two.

Range Master of the Month: Jeff Hawks. Chef Jeff, as he likes to be called, has been contributing time and energy for our association for quite some time. Take a look around the property and you will see his handiwork. Jeff is an avid trap shooter, rifle marksman and a strong proponent of range safety. Next time you see Jeff at the range wish him a bon appetit' and give him a big Thanks.
