The Presidents' Corner!

NEXT WORK PARTY IS MAY 14, 2016.

{Provisional members; this is the last work party before the June 30th renewals deadline for your required volunteer hours.}
Followed by August 21.

Member Renewals

Membership renewals are in the mail. Please, if you have relocated, contact the association clerk and update your mailing address.

Casual Trap

Starting immediately, casual trap shooters will please sign in on the pistol range green sheets. For the range category, put the letter "T".

Annual Association BBQ & 70th Anniversary Celebration

The association BBQ will take place on May 15. Tickets can be purchased at the event. Adult is \$25.00, children 12 years of age and under are \$10.00. This year marks the association's 70th anniversary. The committee has planned a few surprises so you will want to be there.

Elections

May is the month that we vote and elect our Board of Directors. Please come up on the second Thursday of the month for the general membership meeting and participate in the elections. Remember to have your membership card with you in order to obtain a ballot for voting.

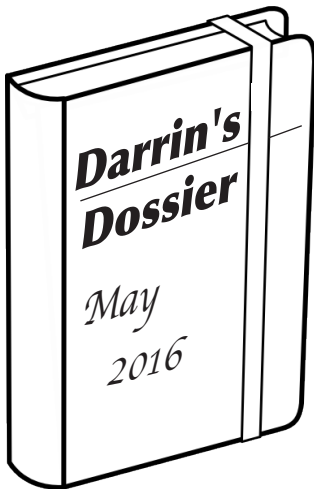

Kudos

Thanks to the Shoot Chairs. All of these men and women give there time and expertise tirelessly month after month. When you are at the property and there is a match going on, please, take a few minutes to go over and say thank you to the shoot chair. They will appreciate it as much as we appreciate them.

*****Safety Tip- Rattlesnakes have been seen on the range. Please be very careful where you put your hands and feet, especially around wood piles and straw bales. Stay on well traveled paths.**

Neil

PLAY SAFE, STAY SAFE

Get the Lead Out (part II)

Last month I mentioned that we making the lead mining a priority and requested volunteers for a lead mining session on 4/3/2016. Including myself, we had 8 people show up and boy, did they deliver. In the one afternoon we improved

the dry-slucice and mined about 5000 pounds of lead (at the time of publication we did not get the exact measurement yet). We also filled a bunch of sand bags and placed them on the hill for erosion control on the Pistol Range. It is hard, sweaty, dirty work that is not at all glamorous but needs to be done. The people that showed up did a great job of stepping up to the plate and making it happen. We had a great time working together and seeing results as the afternoon passed. For the next few days we were all sore but we know that we made some real progress.

I want to take this opportunity to identify the participants by name and thank them all publicly - Robert McMDowell, Fred Guse, Robert Laverty, Patrick Russ, Marnie Kittel, Matt Basham, Chandler Basham.

The next lead mining session will be 5/1/16 from 2 PM until sundown. If you want to volunteer, we can always use more hands. Please contact Darrin Eaton or Patrick Russ for more details (contact info on Page 1).

Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last meeting Geoff Orchin won the \$25 door prize. Had he attended the meeting, Richard Lohf would have won the \$500 Attendance Prize. The next General Meeting is 5/12/2016. If you don't show up, you can't win.

JR. CORNER

By Dan Noel

Editor's Note: Dan Noel is a former Jr shooter. He is a great example of what the Jr program can do for the kids that participate in the program.

The Escondido Fish & Game Association has been in existence much longer than I have been alive. Celebrating the 70th anniversary this year, it was established in 1946 and has grown into what we all know and love today. My name is Dan Noel, I was first introduced to the Junior Rifle Program and the world of firearms in 2006. I was 15 years old at the time, and quickly became a regular attending shooter. At that time, Ren Everett was running the program with the help of countless volunteers running support and on the line. Amazingly, Ren is still running the Jr Rifle program, 10 years later. From the program's volunteers and its curriculum of firearms safety thousands of America's youth have been positively instructed on firearm safety and shooting disciplines.

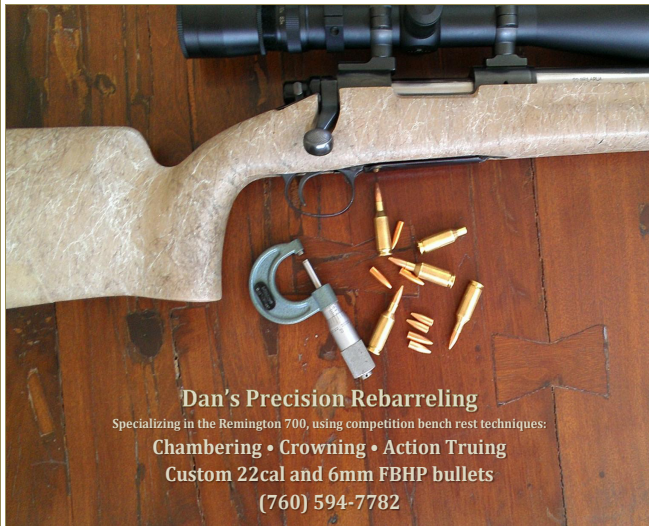

Now I am a 25 year old productive member of society who served in the Marine Corps, worked as an IT Director for the Department of Homeland Security, reenlisting in the Coast Guard this summer and soon to be married to my high school sweetheart. As I look back at my life and think of how I got to where I am today, being a young shooter at EF&G was a large contributing factor to set my life on the right path. The program taught and instilled in me more than just how to safely handle and fire a weapon (which later attributed to awards in the Marine Corps), it taught me discipline, respect and responsibility. It started with small things like the discipline to wake up early on a

weekend to help set up the range, to control motor skills to shoot effectively. Growing up without a Father figure, it was great

to learn the lessons of respect by watching the examples of the volunteers all those years. I understood the responsibility behind the safety rules and the fundamentals for coaching. All of this and more contributed to when I began coaching at the age of 17, and have been ever since.

Now the program has a dedicated safety class that each youngster sits in prior to stepping on the range. The Jr Marksmanship program is run by dedicated volunteers who all see the importance of the program for the youth. I have always enjoyed giving my Sundays to the program and the kids because instilling a safe and fun environment to teach and coach America's youth is needed in today's world. I want to thank EF&G for allowing me the outlet to continue coaching and for many of the skills that I have today! Semper Fi

RANGEMASTER SOUND OFF

By: Tim Geiser – CRSO • crsoTim@aol.com

Due to problems with people (members or otherwise) leaving the trap Ramada left unlocked and unsecured there will be a sign-in procedure change for any casual shooters who wish to use the Trap Range. In the future please use the sign-up sheets on the pistol range. Use “T” for trap, “P” for pistol or “A” for archery.

All RSOs are requested to save the date for a special meeting that is scheduled for May 21 starting at 0900 sharp. The agenda will be a number of issues specific to RSO conduct, along with rules to be observed and/or changed. Since we currently have about sixty-one active RSOs I would appreciate an email confirming your attendance to make certain we have adequate seating. Plan to bring your RSO manual with you.

While there are those who might disagree with me, our local rattlesnakes are beneficial critters we allowed to share the range with us. They do a lot more good than harm. None the less they can bite which seems to make people a bit nervous knowing they may be around. If you are one of these people, at least this is a good time of year to be somewhat more cautious. The warm weather does bring them out since we are entering their breeding season. I don't want anyone to get bitten. I encourage everyone to be aware of their surroundings and to warn their kids to treat these animals as they would treat a loaded firearm.

With all the nagging I do about range safety I have come to the conclusion that inadequate hearing protection may have left some of our members with the perception that leaving rounds in the chamber is OK when others are down range working on their targets. This is absolutely not the case! Nor is another situation, recently noted, is a tubular .22 rifle considered to be safe when there are still rounds in the tube. Mechanical safeties are something many folks actually believe that a firearm is “safe”. Well it ain't quite true folks and I have seen a mechanical safety fail many times.

It always made me a bit nervous, but how many of you are aware that one of the finest pistols ever developed was actually designed to be carried loaded, cocked and locked? The first person to answer by sending me the correct answer via email will win genuine imitation plaque with their name on it naming him/her honorary RSO of the year!

Last but not least my friends I am looking to put together another First Aid class in the near future. If you wish to attend or your card is expired or nearly so, let me know by email so I can get an accurate count for the training booklets.

Black Powder Muzzleloading Pistol/ Rifle Class (5/1/2016)

May 1, 2016 (Sunday) in the EF&GA Meeting Hall from 8am-5pm. This class is an NRA/NMLRA Certified Basic Muzzleloading Pistol/Rifle Class. Students will learn the basic fundamentals of handling Black Powder as well as the safe handling and use of Muzzleloading Pistols/Rifles to include Flintlock and Caplock. The session will consist of classroom and range time (hands on shooting). All guns, powder and equipment will be provided. You may

bring your own firearm if you prefer. Classes are limited to 10 students. To reserve your spot call Bud Smith 858-922-6489 email buckshotbud@cox.net or Neil Pisk 760-781-1289 email npisk@escondidofiahandgame.com . Please call Bud or Neil for information.

NRA Metallic Cartridge Reloading Class (5/7/2016)

Ammo has plentifully come back to the market. But are you getting the accuracy and precision you and your rifle are capable of? The opportunity to learn reloading techniques that will allow you to produce consistent, accurate ammunition and receive NRA certified reloading instruction is available on May 7th, 2016.

The First Part is strictly academic in structure and conducted at the EF&GA meeting hall. This session, 12:00 on Saturday, May 7th, 2016 and will last until approximately 4 P.M. The Second Part will be a "Hands On" reloading bench experience. This session takes place on my reloading bench and

TRAP CORNER

Casual Trap Sign-In Change

If you want to shoot trap using the spring target thrower or with your own launcher, you need to sign a Green-Sheet. Instead of leaving the green-sheet in the Trap Ramada, the new policy is to sign in on the green-sheet at the Pistol Range. Simply sign in the way that you normally would and put a 'T' in the Range column. This will make the sheet at the Pistol Range be for Archery, Pistol, and Trap. There will also be signs in the Trap Ramada windows noting the change as well.

generates the practical detailed experience necessary in successfully completing your caliber reloads.

Scheduling the second session will be at a mutually agreed to time and date. This scheduling will be completed at the 1st session.

The cost is two tiered: EF&GA members = \$90; non-members = \$100. For those individuals beginning and are without any reloading supplies (empty cases, powder, primers, etc.) a \$10 surcharge will be applied. A \$20 deposit is required to secure a place in this class.

Registration is limited. Any questions and/or need more information, contact me, Elvio Marchi at elvio1@cox.net or 760-734-3942

NRA Personal Protection Outside the Home Course (5/27/2016 & 5/29/2016)

This class is open to EF&GA members and the Public. This is the NRA's most advanced handgun class and it addresses concealed carry through challenging range exercises that emphasize the draw and presentation, movement, awareness, avoidance, and multiple threats, and a classroom session that expands the concepts you experience on the range. The range sessions cover basic carry and movement concepts in the morning and advanced skill development in the afternoon on May 27. The classroom session will be held in the morning on May 29. This is an advanced class: Students (adults 21+ must have prior intermediate to advanced experience/training in the safe use of, and legally be able to use handguns) will shoot their own handguns and ammunition. Students receive the course handbook (also two certificates upon successful completion). To reserve your spot and for more information, email or call Bill Magdych: cienegabill@gmail.com 858-356-4019 or register online at <http://www.nrainstructors.org/searchcourse.aspx> if posted there. Prior registration required; let me know if you are an EFGA member.

A Special Barbecue this Year

On May 15th, 2016 we will have our annual Barbecue with all of the great events, food, auctions, and raffles that make it fun every year. However, this year there are a few additional features that we have not had in the past. Because we are celebrating our 70th anniversary there will be lots of special things that we have not had before at this event. For example, there will be hors d'oeuvres before lunch is served. There will be commemorative t-shirts available for a reasonable price.

We will also have two special Limited Raffles. In both of these raffles, only 150 tickets will be sold for each prize. Only one ticket per person and you must be present to win. The prizes are a Kimber 1911 Stainless II in .45 ACP and a Remington 700 BDL chambered in .308 with a Vortex hunting scope.

Barbecue tickets are available from any Board member and there is [an order form above](#).

Barbecue Weekend Volunteers Needed

In order to make the barbecue a success we need volunteers to help before, during, and after the event. Neil Pisk and Ed Migdal are famous for combining their skills and talents to make the entire weekend productive and fun for the participants, the membership, and our guests.

Before – On Saturday, May 14th there will be a Work Party. This is when many hands make light work. We will clean the property, do maintenance tasks, and get the place ready to have a whole lot of guests. Not all of the work is physical heavy-lifting suited to young men with strong backs. There are plenty of task for volunteers of all ages. If you want to help, just get yourself there and sign the green-sheet (legibly, please).

During – While the barbecue is going on, we need lots of volunteers to help make the event run smoothly. Ed Migdal (contact info on Page 1) is looking for volunteers to help out with assisting the people running the events. Dick Cross (760-710-9335) is looking for 9 people to work short shifts (1 hour each) in the parking lot directing traffic in the morning.

After – It is always nice when people stay to help to clean up after a party. The same is true for the annual barbecue. When people pitch in and help, the work is finished quickly and we all have a warm-fuzzy feeling about each other.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

DEADLINES!!

Items For the JUNE Bulletin Due

Wednesday May, 18th

Any and all requests for items to appear in the monthly bulletin should be routed through
