16525 Guejito Rd. • Escondido, CA 92027

## NEXT WORK PARTY IS May 20, 2017

Provisional members; this is a good chance to get in your required volunteer hours. **Followed by: August 20, 2017**

## The Presidents' Corner

### The association BBQ

will take place on May 21. Adult meal is \$25.00, children 12 years of age and under is \$10.00. Advance tickets can be purchased through BOD members or the Association clerk. Tickets can be purchased at the event. There will be fun events and plenty of good old fashioned camaraderie so please try to make a point of coming up and enjoying the day with your fellow members.

### Elections

Well, it's that time of the year again. First nominations for your Board of Directors started at the general membership meeting in April. At the general membership meeting in May, {May 11, 2017}, the floor will be open once again for nominations, then immediately followed by the membership vote. Please remember to bring your membership card with you or you will not be given a ballot. Committee chairperson Jack Bryson has informed the Board of Directors that along with the President, Vice President and Secretary positions, there will be four (4) Director vacancies for this year's election. If you know any responsible members that you think might be interested in serving the association on the BOD, please, "DON'T HESITATE - TO NOMINATE".

### Scholarship Award

Deadline for the EF&GA Scholarship Awards is August 16, 2017. Applications and required paperwork must be received by this date. Postmarks will no longer be accepted as proof of timely mailing.

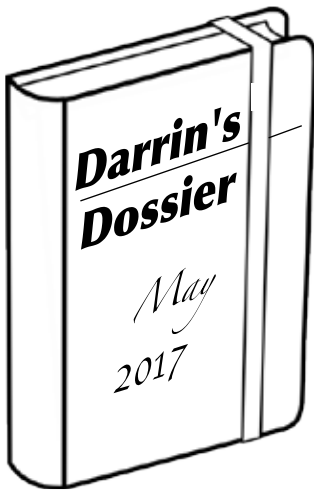

### Kudos

Thank you once again to the kitchen staff. You make the general membership meetings that much more.

**\*\*\*Safety Tip- We are coming back into warm weather again. That means RATTLESNAKES. Stay on well used paths and keep hands and feet out of spaces you can't see in. (Woodpiles, rocks, etc.)**

PLAY SAFE, STAY SAFE

Neil Pisk

### **All in Good Fun**

I participate in many events at EF&GA for multiple reasons. I enjoy honing my skills and becoming more proficient at various disciplines of the shooting sports. I also firmly believe that if I own firearms and I don't practice and rehearse safe handling that I would be ineffective and unnecessarily dangerous if I

ever needed to use a firearm in an emergency. These are all great reasons to participate in the events but there is another reason that I choose EF&GA over other locations for these events – the people. There is a certain comfort level that we all have when we pull through the gate. When we greet the familiar faces we all know that we can give each other a hard time about anything and we all take it in stride. I schedule to take the first Thursday of each month off from work so that I can make it to the Cracker Shoot and have fun giving everyone a hard time and getting a ration in return while improving my skills with a 22 rifle. We have the same kind of fun at the Combat Match, Trap, etc.. For some reason at EF&GA there is a sense that nobody is any better than anyone else, therefore we are all subject to a ration of ribbing and nobody is exempt. Every once in a while, someone starts taking themselves too seriously and we need to remind him/her... In the immortal words of Sargent Hulka.. "Lighten up, Francis". (If you do not know what movie that is from, go ask your parents).

### **Make Time to Attend a General Meeting**

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last meeting Laurie Bresnehan won the \$25 door prize. Had he attended the meeting, William Jaeggi would have won the \$500 Attendance Prize. The next General Meeting is 5/11/2017. If you don't show up, you can't win.

### **Donor List (4/13/2017)**

Thanks to all who donated to the raffle table at the last General Meeting - John West, Neil Pisk, Frank and Joyce Alessio, Jim Ralfer, Wayne Brunner, Jim Fratis, Pamela Tucker, Ray Bucholz, Ed Migdal, Al "I forgot my password" Anzelone, Paulette Bryson, Patrick Watson

### **Left the Range**

Dave Carolan passed away in October of 2016. He became a member in 2009. Please keep him and his family in your thoughts and prayers.

**Identify This Man and WIN (5/11/2017)**

If you can properly identify this boy, come to the May General Meeting and be ready. After the meeting a drawing will be held and the first contestant to properly identify this kid will win a box of 22LR ammunition and bragging rights. Unfortunately, we couldn't offer the bunny slippers as the prize.

**Membership Renewals**

Renewal notices were mailed out at the end of April. If you have any address changes to please notify the clerk (Juli Everett) at efgaclerk@cox.net or call 760-432-2089.

**Board of Directors Nominations and Elections (5/11/2017)**

Annual nominations for Officers (President, Vice-President, Secretary) and Directors (4 positions open this term) of the association will be held at the April and May general meetings with May also being the election meeting. The Officers hold their position for 1 year and Directors positions are for 2 years. Voting Association members can nominate someone for the Board from the floor at the general meeting but the nominees must accept the nomination from the floor at the general meetings. Jack Bryson is the Nomination Committee Chair and can be reached at 760-746-2868 or email jackbry2@att.net.

**Junior Scholarships**

The Junior Marksmanship programs at EF&GA turn out some wonderful students. Many of them continue to apply what they have learned here to other educational and professional endeavors to brighten their futures. To that end, we have established an annual scholarship fund in the budget to further the educational aspirations of our members, children and grandchildren. If you are a member that is going to college or trade school, a member with a child or a grandchild that is going to college or a trade school, then you should go to the web site ([www.escondidofishandgame.com](http://www.escondidofishandgame.com)) and under the Junior Marksmanship section open the EF&GA College Scholarship Application Form. This form is a fill-in PDF document that you can fill in on your computer and then print out so that you can sign it and mail it in as described in the application form. Each year there are up to FOUR scholarship of \$500 awarded. If you don't apply you will definitely not qualify to win a scholarship. Download it, complete it, and mail it in so that you are well ahead of the deadline. The completed scholarship packet must be received (not just postmarked) including all supporting paperwork by the Third Wednesday in August (8/16/2017).

**Carnival Shoot (3rd Thursday)**

Mr. Technology himself, Al Anzelone has decided to join us in the 20th century and get a computer. (I know that it's the 21st century now but computers were around in the 20th century). He wanted to submit an item for the newsletter and he actually emailed it to me. I'm very proud of Al for taking the initiative and putting down the stone tablet and chisel. He sent it in all capital letters because that is how he is used to writing with his hammer and chisel.

WELL SUMMER IS ALMOST HERE AND IS TIME FOR ALL DAD'S, GRANDPA's & UNCLES WHO WANT TO TAKE THE YOUNGER ONES OUT TO SHOOT 22 RIMFIRE AT METAL TARGETS. EF&GA AGAIN WILL HAVE THE CARNIVAL SHOOT ON THE 3RD THURSDAY OF THE SUMMER MONTHS, FROM 12:OOPM TO SUNSET (ABOUT 8:00PM). SHOOT 22 RIMFIRE RIFLES AT 100 YARD TARGETS . BRING YOUR RIFLES & AMMO. WE WILL SUPPLY THE TARGETS. DONOT FORGET THE PERMISSION SLIPS IF YOU ARE NOT THE GARDIAN .

If you have any questions please contact AL Anzelone at [alanze388@outlook.com](mailto:alanze388@outlook.com) or you could use a tin can and string to call him at 760-757-0122.

# RANGEMASTER SOUND OFF

---

By: Tim Geiser – CRSO • crsoTim@aol.com

Going down range to check or paste up a target is certainly common enough, however doing so while there is a loaded firearm on the bench is about the biggest rule infringement that a shooter can make while on an EF&GA range! But folks it keeps happening and there is no excuse for it other than pure negligence. Negligent handling of a firearm is a mistake that should never happen and can so easily wind up with disastrous results. You might as well volunteer to become a human target because when you go down range when there is a loaded firearm on the bench you have just become a target.

RSO Notes: RSOs signing up for Range Duty continues to be a problem. Effective immediately, all RSOs should call the Chief Range Master upon reporting for duty. I will see that you are properly logged in. It is important to know who has the duty at any given time when important information needs to be passed on. If you have figured out how to log-in already call anyway. It would help me to to update my phone log.

The long and short sleeve shirts that many RSOs like to purchase and wear are running out, especially in the larger sizes. That means it is time to place another order. If you are interested in purchasing a “Bob Allen” shirt please let me know so that I can get enough of the larger, “husky “sizes.

EF&GA has begun a new Muzzle Loader shoot designed to encourage more youngsters to get involved in Black Powder shooting. The first go-a-round proved to be a rousing success. These old style firearms are amazingly accurate and a heck of a lot of fun to shoot. Certainly we need to get the kids involved, but truth be told Black Powder Shoots have plenty of room for those of us with a few more years under our belt. I have it on good authority that EF&GA has one of the best black powder “shoot offerings” available in the entire country. Garth Warner, the new shoot chair, is breathing new life into the sport. I for one, encourage you to dig out the old smoke pole and join in.

The weather is starting to warm up and rattlesnake warning are being issued for the entire county. It seems that some varieties appear to be more prevalent this year, but they can all be dangerous. My sources say that most bites are on the hands and arms. Since most rattlesnakes cannot jump that high I will assume that many people are not as cautious as they ought to be. We know that our range has a plentiful supply of the critters. They help keep the vermin under control and the hawks help keep the rattlers under control. If you should hear one, STOP and locate it. Then move away from it in the most appropriate direction. They will not chase you unless you are small enough to eat.

In the meantime

STAY SAFE, SHOOT STRAIGHT

### **Junior Working Party**

Each month on the first Sunday afternoon, we get together to work on tasks to make the Junior Marksmanship Program more self-sustaining. If the weather cooperates and we have enough bodies, we mine lead from the back of the Pistol Range. Last month we sorted the collected brass to be exchanged for 22LR ammunition for Junior Rifle and Junior Pistol. I want to publicly recognize and thank everyone who helped with a tedious but necessary task - Chris Cote, Austin Cote, Rowan Cote, Tom Harrington, Marnie Kittel, Patrick Russ and Darrin Eaton. If you are interested in participating in the next Junior Working Party (5/7/2017), contact me (deaton@escondidofishandgame.com) or Patrick Russ (pruss@escondidofishandgame.com) for more information about the next event.

### **NRA Metallic Cartridge Reloading Class (5/6/2017)**

Ammunition has plentifully come back to the market but we will soon be dealing with additional complications when we attempt to purchase ammunition in the stores as well as the elimination of online purchases due to the new laws in California. Besides the availability concerns, are you getting the accuracy and precision that you and your rifle are capable of? The opportunity to learn reloading techniques that will allow you to produce timely, consistent, accurate ammunition while receiving NRA certified reloading instruction is available on May 6th, 2017.

The First Part is strictly academic in structure and conducted at the EF&GA meeting hall. This session will begin at 8:00 AM on Saturday, May 6th, 2017 and will last until approximately 12 noon.

The Second Part is a "Hands On" reloading bench experience. This session generates the practical, detailed experience necessary while you successfully complete a number of your personal reloads. Scheduling the second session will be at a mutually agreed to time and date. This scheduling will be completed at the 1st session.

The cost is two tiered: EF&GA members = \$100; non-members = \$110. For those individuals beginning and are without any reloading supplies (empty cases, powder, primers, etc.) a \$10 surcharge will be applied. Prior registration and a \$20 deposit is required to secure a place in this class. Registration is necessary and seats are limited. Any questions and or for more information contact:

Elvio Marchi at elvio1@cox.net or 760-734-3942.

### **High Power Rifle Shoot (5/13/2017)**

Come join us for this competitive and fun shoot starting at 8:00 AM. Early arrival is recommended. Any sights are allowed. Any centerfire caliber is

allowed. The event consists of 4-position shooting. There will be unlimited practice rounds and then 10 rounds per position for score. One hour is the total time allowed. Members pay \$5 and non-members pay \$10. For more information contact: Paul Hendrikson at 760-522-4660

# How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to [newsletter@escondidofishandgame.com](mailto:newsletter@escondidofishandgame.com) and be sure to double-check for spelling and grammar errors.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

**Category** – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

**Subject/Title** – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

**Description** – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

**Price** – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

**Contact Info** – This should be a name AND a phone number (including area code) and/or an e-mail address.

## DEADLINES!!

Items For the December Bulletin Due

**Thursday, May 18th**

Any and all requests for items to appear in the monthly bulletin should be routed through

# JR. CORNER

By Patrick Russ

## RULES TO LIVE BY

- 1. Treat** every firearm as if it were loaded.
- 2. Never** point your firearm at anything you don't intend to shoot
- 3. Keep** your finger straight and off the trigger until you intend to fire
- 4. Keep** your firearm on safe until you intend to fire.

Anyone that has spent anytime around the Jr Marksmanship program or the military knows these safety rules well. They cover the very fundamentals of firearms safety. These rules are repeated, many times, at every Jr Marksmanship event, not only at the safety class but during every safety brief, as well. Many of the Jr shooters can say them verbatim.

Well, starting now we will be changing the last rule. From now on, the fourth rule will be "Know your target and the surrounding". The reason for the change is due to the fact that many firearms today, do not have a manual safety that can be switched on or off between shots. While the practice of keeping the firearm on safe will still be taught, it will not be a part four safety rules.

By changing the rule, we are emphasizing the need to always be aware of not only the target but also everything around that target. That includes everything to the left and right of the target as well as everything beyond the target. At Escondido Fish and Game, we are lucky to have a huge hillside as our back stop. But, it is still important to know that there is always the possibility of someone or something walking into the range during live fire.

## Miner Details for Minors

There's lead in them thar hills. Yep, it's that time again. When the flowers are blooming, my allergies are going crazy, the birds are singing and the lead needs to be mined from the pistol range again. Over the last couple years, we have taken a lot of lead out of the hills. The biggest reason that we do this is so that we can document the lead mitigation for the city and for the EPA. By doing so we are able to further show that we are maintaining the property to the highest standards possible.

Our next lead mining day will be May 7th at 1pm. If you would like to volunteer please contact Darrin Eaton or Patrick Russ. This event can also be used for your 6 hours of volunteer time. Many hands make light work, so please come lend a hand.

# BLACK POWDER NEWS

By Garth Warner

News Flash - Ren Everett wins 2016 Top Gun Muzzle Loading Silhouette Shoot.

After years of hosting the contest, Ren pulled off a convincing win scoring 17 out of a possible 30 points. Three targets are set on each of five frames at distances from 50 to 150 yds. Each shooter is allowed six minutes to clear each individual frame. This contest is as much about accuracy as it is about rapid reloading skills and coolness under pressure. Semper-Fi Ren!

Black Powder Steel - For Sale

Shooting steel has been popular in a number of disciplines for quite awhile now. Outside of scheduled events we can NOT currently shoot steel at our range. HOWEVER, if you have a home range, or someplace you can shoot steel safely, I may have a deal for you.

We have been doing some clean up chores in the muzzle loading cage and have found over 110 free standing steel animal silhouettes that are surplus to our needs. Before we sell these for scrap, we will be offering them to our membership for \$3.00 ea. Note that these are Rams, Turkeys, and Pigs. The silhouettes are various sizes from 10" to 16" wide and from 8" to 13" tall. All are only 1/4" or 3/8" thick mild steel. This should be suitable for small caliber black powder Firearms, 22 pistols or rifles, and/or non-magnum center fire handguns shooting cast bullets.

They would NOT be suitable for center fire rifle without punching holes in them. Most of these are in very good condition, A few have cracked welds, or have been "dished" from previous shooting. In addition we have three milk crates of miscellaneous small animal silhouettes that will be sold by the box for \$10.00 ea. (Strictly 22 cal fodder).

No warranty is implied or expressed. These silhouettes are all sold "As Is". EF&GA accepts no liability for injury or loss resulting from the improper use of these items.

All of the above described silhouettes will be available for sale, (to members only), at the EF&GA range on May 20th, starting at 9:00 AM. We will be outside of the west door of the main equipment shed. As it so happens, this is also our Range Clean-Up day. This is a shameless ploy to get you to show up and help out with the clean-up while you're here.

Make all checks payable to Escondido Fish & Game Association or bring exact change. I am not a bank, so all overpayments will be considered a donation to the Association. First come, first served, limit 10 per customer.

## Free Standing Surplus Target Inventory

Item A: 21 count - Ram Targets. Approx 15" wide by 13" high by 1/4 thick

Item B: 22 count - Turkey Targets. Approx 9" wide by 12" high by 1/4 thick

Item C: 11 count - Pig Targets. Approx 12" wide by 8" tall by 3/8" (Poor Condition)

Item D: 8 count - Pig Targets. Approx 11" wide by 8" high by 1/4" (yellow)

Item E: 5 count - Ram Targets. Approx 16" wide by 13" high by 3/8" (yellow)

Item F: 6 count - Pig Targets. Approx 11" wide by 9" tall by 3/8"

Item G: 18 count - Turkey Targets. Approx 10" wide by 12" high by 1/4"

Item H: 19 count - Ram Targets. Approx 16" wide by 13" high by 1/4"

Item I: 3 milk box crates of (small) Rams/Turkeys/Pigs in various sizes - mixed

May 28th Muzzle Loading Silhouette contest may brings us back to the Super Short Range contest. Target ranges will be 25, 50, and 75 yds.

New to the Super Short Range contest this year is the addition of a new class called Trade Gun. The class rules for this are as follows. TRADE GUN = A smooth bore flintlock with no rear sight, firing a patched round ball. Note that this is NOT a civil war musket firing mini-balls. Trade guns were used during the fur trade periods from roughly the Revolutionary War up until the mid 1830's. If you have specific questions about what you can shoot, please contact me.

Over the last few months a number of you have run into me at the range, or at a Association meeting, to tell me that you own an old muzzle loading rifle that you intend to shoot, "someday". That day is coming on May 28th. You have several weeks now to get that old smoke pole up to the range and practice some black powder shooting at 25, 50, and 75 yds. If you need help or advice we usually have some black powder guys up on the 150 range every Thursday morning for informal open range practice. All new/old guys, are welcome. It just doesn't get any easier than this. Pistol starts about 9:00 am and rifle starts about 10:00 am. Our contests are low key, and we WILL help you if you need it. We may even help you if you don't need it...specially if your shooting better than us.

IF YOU HAVE A 50 CAL BLACK POWDER RIFLE and you NEVER intend to shoot it, Please contact Neil Pisk, or Ren Everett and talk about donating it to the Jr Muzzle Loading Program. We only have a limited number of Association owned rifles for this event and attendance is going up.. If your not going to use yours, let us use it for the kids.

# TRAP CORNER

## The New Guy

There is a guy that I work with that has been bugging me for months to teach him how to shoot trap. Our schedules finally aligned and I picked him up after work with a spare shotgun in my truck and we went to shoot trap on a Wednesday night. I spent some time with him on the line to teach him how the rotations work, proper etiquette, safety, safety, and some more safety. Finally, I put him on a squad and let him loose. His first round of trap ever... he shot a 23.... Grrr. I advised him that it was impolite to outshoot people on your first attempt at trap and that it was my fault because he had a great instructor. His second round he shot a 21. That's still impolite but I'm still happy for him. Now he is out shopping for a shotgun of his own.

## Trap Straights

## NRA Basic Shotgun Class (6/18/2017)

This class covers firearm safety and basic skills of Shotgunning. It is also designed to train the student on the proper skills required to hit a moving target. The NRA Certified Shotgun Course teaches stance, gun ready position, swing to target, trigger pull and follow through. The class consists of classroom exercises and hands-on instruction including live fire exercise through which students will learn and demonstrate safe and proper shotgun shooting procedures and technique. Hands on range time will include techniques required for shooting moving targets-(Trap). Upon successful class completion students will receive the NRA Basic Practical Rocker and an NRA Basic Shotgun Certificate. Classes are limited to 10 Students.
