PRESIDENT'S MESSAGE

Hi Everyone,

November is upon us and December is approaching. The holidays are getting closer and its time to commence our holiday spirit. Every year for the past several years 'Toys For Tots' has been a pleasant task the association has taken on to provide gifts and

toys to the kids of the Marines and Sailors from Camp Pendleton. And every year Dave and Dottie Ransberger from CalCustom Guns of Fallbrook have taken upon themselves to spearhead this project. I am asking all members to contribute to the 'Toys for Tots' again this year by donating cash, a generous check, and/or toys at the general meetings in November and December. Let's make this a great year for the kids at Camp Pendleton whose parent is deployed overseas. For those who do not attend the general meeting your check is most welcomed. Please make it out to EF&GA and ear mark it for Toys for Tots.

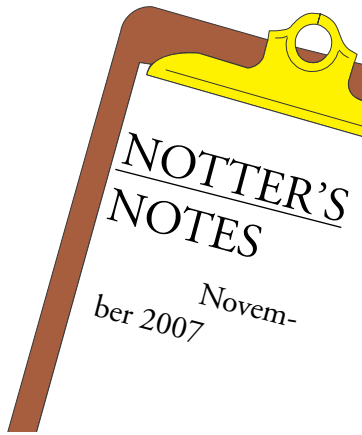

The perimeter fence has been installed. According to the priority list the pistol range and the trap Ramada are next on the improvement list. However, we need your help!!

1) Plans or designs are needed for the pistol range before we can move forward. How should it look? What kind and how to build the baffles to protect our property and the property of the land on the other side of the hill. Some members have been to other ranges that are well planned and set up. We need those types of plans and designs for our range. There have been a couple people that have gone to the NRA seminars for the proper construction of pistol ranges. Those plans would be nice to have.

2) I know we have some contractors in the association and we probably have a couple of drafters also. Some come up with some plans or blueprints for a new Trap Ramada. Trap shooters – what do you want in a Trap Ramada? We are not going forward with that project until we have some type of blueprint for it. I don't want to build a new Ramada only to find out six month later that something else should have been done. Let's get it right the first time.

Sincerely,

Leonard

TUESDAY TRAP

EF&GA holds Trap Practice every Tuesday from 8:30AM – 11:30AM. The gate is open and everyone is welcome, member & non-member.

WEDNESDAY NIGHT TRAP

Come shoot 16 yard trap, Double wobble trap (fast, fun, and humiliating). Doubles and handicaps upon request, and the rabbit will be here soon! We have plenty of coaches for beginners on Wednesday evenings, and don't forget trap practice on the fourth Sat. it's not crowded. It is a great night to shoot.

DONORS TO THE OCTOBER 2007 RAFFLE

The Association extends thanks to: Auditory Assistants, Cal Custom, Warren & Edie Hill, L. t. Reynolds, Jim Rolfes, Bud Smith, Neil Pisk, Leonard Hodges, Rod Shackelford, Frank & Joyce Alessio, Ruth Hohberg, Ren Everett, Ray Bucholz, Ed Migdal, and Kenneith & Dorothy Notter.

OCTOBER WINNERS

Ron Bowman won the \$25.00 attendance prize. Shawn Combs was drawn for the \$100.00 attendance prize, but he was not present.

TURKEY SHOOT

Come win your Thanksgiving Turkey! The fun starts @ 8AM and will run until completion. You can win one Turkey at 16 yards, one at 20 yards, and one on the wobble trap. Win a Ham on the "splatter" board. Break the special colored birds and win other prizes.

RESULTS OF THE VOTE TO CHANGE BY-LAWS

The membership voted overwhelmingly to approve changing the "New Range Fund" section of the by-laws

to the "Range Improvement Fund". 414 ballots were returned; 366 ballots (88%) were in favor, 13 ballots (3%) were against, 34 ballots were returned blank (8%), and 1 ballot was void (less than 1%).

NMC CLASS

A class to learn how to sling your rifle and get into the shooting positions, and more for the National Match Course will be given on November 30 @ 6:30PM. Call Kevin Miller @ 760-480-7267 to register for the class. Shooting the NMC course qualifies you to purchase rifles & ammunition from the Dept. of Civilian Marksmanship.

BLACK POWDER MATCH

On the fourth Sunday of every month, EF&GA hosts a Black Powder shooting event. The muzzle loading rifle is shot every month. Single shot black powder cartridge rifles are shot every third month. On two out of three months, muzzle loading single shot pistols and cap & ball revolvers are shot. Every third month, muzzle loading smoothbores are shot at steel targets and clay birds. The rifles and pistols are normally shot @ steel targets. The distances vary from month to month. This is an exciting shoot and a great way to utilize the muzzle loader. For information, call Match Director, Denny Martin @ 760-749-0589.

THANKS FROM SD R& P ASSOCIATION

The San Diego Rifle & Revolver Association would like to thank Escondido Fish & Game Association for their outstanding support in making our 11th Annual Barbeque and Shoot a success, especially the EF&GA RSO team: Ray Bucholz, Neil Pisk, Ira Bryant Frank Alessio and Kevin Miller. Their assistance provided invaluable backup to the efforts of SDRRA RSOs Jim Cammarano, Charlie Bernard, Dave Fellingham, Tim Geiser, Vern Bayard, and Rick Neeley in running a safe and smooth event. A big thank you also goes out to raffle prizes and event support from Duncan's Gun Works, American Shooting Center, El Cajon Gun Exchange, Iron Sights Range, Turner's Outdoorsman, Dave Fellingham, Ralph Weller and Self Defense Armory. Everyone enjoyed the barbeque, prepared to perfection again by Chef Roy Stein. Thanks again to all who helped and attended!

HUNT/FISH REPORT

Ken Patterson shot a nice 3X4 Mule deer buck and an Elk while hunting with his muzzle loader in Colorado. Bud Smith caught a nice stringer of Rainbow trout in the Owens River with Cast Masters and Rooster Tails (I still haven't seen him shoot). Kenneth Notter caught some nice Rainbow Trout and one Steelhead on the Sacramento River and Rainbow

Escondido Fish & Game Trapshooting Etiquette

1. Make your entry far enough in advance, so that the office can properly process it. Clubs want shoots to start on time, but they can't if shooters don't sign up enough in advance so that squadding and record keeping can be done.
2. Be ready when your squad is called and also when it is your turn to shoot in the squad.
3. Do not lean over each time to pick a shell out of a box on the ground, or to pick up empties. Have your shells where you don't have to stoop to get them.
4. Do not raise your gun until the shooter ahead of you fires.
5. Remain at your post until the 5th man has fired, then move to the next position at the end of the round. Stand facing the traps until the last man has fired the last shot. If you are leadoff, do not fire until all squad members are in position after each change.
6. Never load your gun before changing positions. When going from position 5 to position 1, turn to the right to avoid bumping guns with the man coming from post 4.
7. Load only one shell at a time except in doubles. Close the gun only when it is your turn to shoot. If a delay occurs, remove the shell.
8. Do not let ejected shells from your gun hit or annoy other shooters.
9. Do no unnecessary talking when you are on the firing line. When you are not on the firing line, keep your voice down when you are around other squads which are shooting.
10. Time your shooting to establish rhythm in the squad. Call in a loud clear voice so there is no confusion about when the puller should respond.
11. Be a sportsman at all times. Be sure your competitors get what is due them, but do not be a target claimer.
12. Observe safety rules. Do not point your gun at another, even if it is unloaded. On the firing line, always keep your gun pointed toward the ground or the trap houses.
13. Shooters are always willing to have you look at their guns, if you ask permission first. Do not pick up another's gun from the gun rack and handle it without asking.

R A N G E M A S T E R S O U N D O F F

By RAY and NEIL

The Range Master coverage seems to be dearly lacking lately. Where are all of the new NRA certified RSO's? Come on people. The safety and well being of all of us depends on the continued coverage of our Range Masters. Please go to the trap Ramada and fill in your name and time you can volunteer in the green Range Master sign up books. Remember that each book is for a different month so remember to fill in more than one book.

There is a Chief RSO class scheduled for November 5. The requirements are that you have to have completed and passed the NRA RSO certificate course and have been a certified RSO for a minimum of one (1) year prior to applying for the CRSO class. Also you will be required to have your RSO student materials (workbook) at the CRSO class. For more information, please contact Frank Alessio.

Range Masters: This is the time of year when non-members like to try their luck at getting onto our property to site in their hunting rifles, etc. ***ALL*** Range Masters are charged with the responsibility of checking both current membership cards and photo I.D. Please remember that only two (2) guests per member are allowed on the property unless prior arrangements have been made through the Board of Directors.

Members: The Range Masters will be checking your current membership card and photo I.D. You are responsible for having these items in your possession. In the event you do not have these two items, you will not be permitted to use the property and the Range Master will submit an incident report to the Chief Range Master.

End of Year presentation: For those new Range Masters, we have a tradition here which gives each Range Master an opportunity to win a new Ruger custom rifle at the general member meeting in December. Each time you stand a duty day and sign in on the range green sheets, you are giving yourself one chance to win. Here's how it works. The green sign in sheets are collected all year and at the end of the year the names are tabulated. You receive one raffle ticket entry for each time you have stood a duty post. The tickets are all placed in a revolving drum and one lucky winner is drawn. See how easy that is. The more duty posts you stand, the more entries you have for the drawing.

We have been repairing and replacing target frames at an excessive rate lately. We have been getting reports of paper plates being stapled directly to the wood frames in some cases. I don't see how you could not realize the damage to the frame being caused by this practice. If you must use a paper plate for a target, please be sure it is centrally positioned on the cardboard center of the target frame. Range Masters, please see that all shooters are hanging their targets in the proper locations within the frame structure. Remember that target placement is also critical to insure that the rounds are impacting the backstops. This is particularly true on the pistol range.

The holiday season is once again upon us. On behalf of all the Range Masters, we want to extend a safe and fun Thanksgiving.

Range Master of the Month: Kenneth Notter is our Range Master of the Month. Kenneth is a past President, avid cowboy shooter, NRA Patron and staunch supporter of the Friends of the NRA as well as chairperson for many of the local NRA functions. Kenneth's leadership over the years has been most beneficial to the development and survival of EF&GA. Next time you see (Devil Jack) Kenneth at the range, shake his hand and say thank you for all you have done.
