The Presidents' Corner

Thanks

First of all I would like to thank all of you for your good wishes and prayers while I had my hip replacement surgery. They certainly must have worked because all went well and I am on the road to recovery. Thanks also to the BOD for their professionalism while taking care of business in my absence.

New members

Welcome to all of our new members. Your Board of Directors is wishing the best of luck with your membership in our association and looking forward to many years of serving each other to maintain a safe and fun environment. Please plan ahead and get your six hour volunteer time done as soon as possible.

Website

Many of you have already used the new, updated website. If you haven't taken a look at our website lately, WOW! Many thanks go to Darrin Eaton and his committee. Many hours went into this project and Darrin used up most of them. Take a look. escondidofishandgame.com.

Junior Muzzleloading

The first Junior Muzzleloading shoot will be held on March 12, 2017. This will be a great opportunity for our young people to get a little taste of firearms history, as well as learning the safe handling of black powder firearms. Pre-registration is not required but preferred.

Please contact:

Ren Everett (760) 432-2089 everettju1@cox.net or

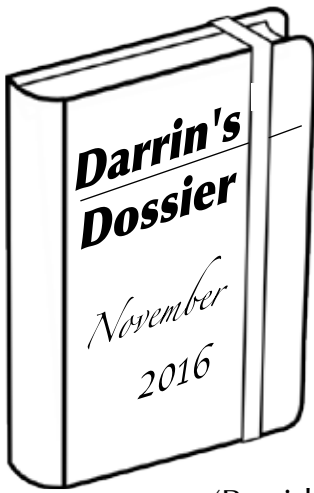

Neil Pisk (760) 781-1289 npisk@escondidofishandgame.com.

***Safety Tip- Cooler, moister weather will soon be upon us. Time to

"winterize" your firearms. Take them out, wipe them down and give them a thin coat of lubricant to keep them rust free.

PLAY SAFE, STAY SAFE

Election Day
(11/8/2016)
Every year around Halloween my wife and I sit down and go through the election sample ballot and figure out how we want to vote on not only the big ticket items

(President, Congressman, etc...)

but also the smaller, less glamorous items like propositions, measures, city council, and judges. This is a tedious process but I consider it to be a very important discipline. If I don't research a ballot item and I blindly cast a vote, then I am being negligent with the power of my vote. That is irresponsible and dangerous.

I also do not rely on advertising alone to decide how I will vote. I usually go to the web sites for the candidates or propositions (for and against) to get more of the story. This all sounds like a lot of work, and it is. However, as stated in the Spiderman comics... With great power comes great responsibility. The great power of your vote comes with the great responsibility to know what you are doing when you vote.

I would not be arrogant enough to tell you how to vote but I do want to passionately request you all to participate in our democracy and make your voice heard at the ballot box.

Make Time to Attend a General Meeting
Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last meeting Mark Baldwin won the \$25 door prize and graciously donated it to the Junior Marksmanship program. Had he attended the meeting, Douglas Maher would have won the \$500 Attendance Prize. The next General Meeting is 11/10/2016. If you don't show up, you can't win.

Smallbore Rifle Participant With Distinction (10/15/2016)

This weekend, we had the pleasure of having a wounded EOD Marine participate in both matches and did a remarkable job of shooting. This Marine had a very unfortunate incident which most of us don't fully realize the obstacle one has when confronted with these handicaps. We "take our hat off to you" for the attitude and motivation you have demonstrated in times like these.

Life Lessons at Junior Trap

By Laurie Bresnahan (mother of two junior members)

In case you have never been to Junior Trap with Sparks, or maybe it's just been a while, here's what you've been missing.

Most of the kids that come out for Junior Trap on the second Saturday night of each month, know that it's gonna be fun. But some of the regular kids know, that if you're paying attention, you get a lot more than just TRAP...

Sparks loves to keep things exciting and fun. He ALWAYS includes practical stuff that you can use, no matter the situation. The kids are always challenging Sparks and asking him "what do you carry, for a bug-out..?"

So he decided to issue a challenge...A BUG-OUT BAG CHALLENGE...

There were several rules...each item had to have more than 1 use, you needed to be able to meet the 3 needs of ...shelter...water....food.... you had to be able to survive for 72 hours from your bag.... your bag could not weigh more than 65#...and a few more, I don't want to spoil everything...

We had a great turnout, there were about a dozen kids competing to impress Sparks with their kits and skills, and of course some really cool prizes.

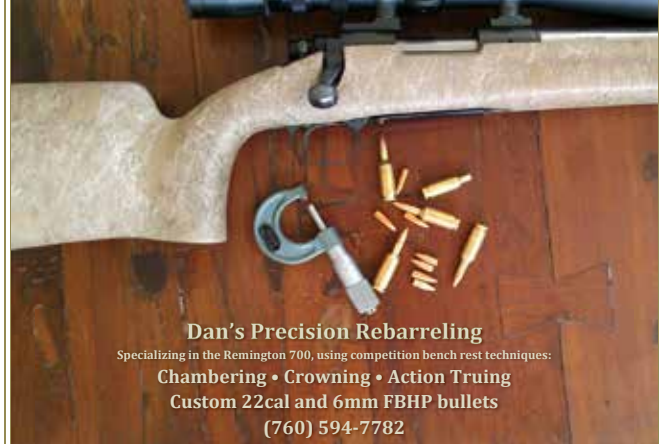

One of them was Jack Chabot... can you tell he had fun...?

Challenge

By Jack Chabot (age 10)

My brother Jonathan and I arrived at the shooting range at 3:05 pm. Sparks, the instructor, greeted us at the door. Within minutes, we were at the prize table. Ms. Bresnahan was holding a pouch of throwing knives. Sparks wanted to try them out so we went to the throwing block at the other end of the shooting range. It is thrilling to make a knife stab into the slab of palm wood. We threw for a while and then we walked back to the club house.

A little while later some more kids came and Sparks gave us an interesting and informative lecture about what you should have in your bug-out bag. Afterward, we had a shelter building contest consisting of three teams. Each team had two team members. Sparks gave us a minute to make our plan, and then he gave us 15 minutes to build our shelter.

Shortly afterwards we had a water boiling contest. We stayed in our teams of two. Sparks had us make a fire with the fire-making items in our bug-out bags. Once we had a fire going we could go and collect things off the ground to burn. To win, we had to boil water in eight minutes or less.

After this we cleaned up and chose our prizes. Some of the prizes were an ivory-handled fire starter, two packs of throwing knives, a large box of 22-ammunition, two wrist rockets, knives of various shapes and sizes, and a first-aid kit. The top prize was a pellet pistol. It came with a shooting bag that had lubricant and pellets for the gun. After the bug-out bag challenge, we walked out to get to "eyes" and "ears" for the trap shoot!

RANGEMASTER SOUND OFF

By: Tim Geiser – CRSO • crsoTim@aol.com

As most of you, I am quite certain you are well aware, the upcoming Presidential Election is up and coming. It is not my place in this publication to tell you for whom to vote. However I can tell you unequivocally, that the wrong choice will have disastrous consequences for the Constitution as we know it.

I have recently become aware of some range rule violations that need to be addressed. Junior members are issued a card which allows them access to the range along with an adult supervisor. Junior membership does not allow the junior member to bring any guests other than the adult who is there for supervision only. Non-member adult supervisors are not authorized to do any shooting themselves with the possible exception of correcting a given situation. Members who bring minors, as guests or as junior members, are still required to provide direct supervision to the minor when the minor is on the firing line. A situation where a minor is shooting at one position and Dad, for example, is shooting at the next position is not allowed. This would not be considered direct supervision. Please do not argue with the Duty RSO who makes you obey the rules. The most important thing we do is to teach our young ones safe firearm handling and learning safe handling rarely happens by osmosis.

For quite some time RSOs have been using the green sheet calendar to sign up for range duty. Slowly but surely we are moving to a direct on-line sign up. Accordingly, I have arranged for a mandatory meeting for all RSOs on December 11th from 0900 to 1200. I believe that you will find the process exceptionally easy. None the less a little formal instruction cannot hurt. I anticipate that there will be extra time available to address other issues of mutual concern. If you have a smart phone or tablet please bring it with you.

Check your first-aid cards. If it is expired or about to, let me know by email at the earliest opportunity. I am planning to arrange for a class sometime in January. All RSOs need to have current first-aid certification and this is the time to get current.

Final word of caution! Rattlers have been spotted and situation probably will not improve much for a while. Remember this is a wildlife preserve and they are not to be killed. In depth research reveals that I have not been able to find a single record showing a person being chased down and being bitten. Keep your eyes open and walk away. You can always notify me and I will move them (or you) to a safer location.

Quarterly Work Party (11/26/2016)

We hold four major work parties per year where we get together and make the Range a beautiful place. The next one is on the Saturday after Thanksgiving. Rather than fighting the crowds at the mall, why not work off some of that Thanksgiving dinner at the Work Party? The weather is usually much cooler than the summer work party and the food is always fantastic. There is a no-cost raffle and lots of great people to share the event with. I have learned over the years that the faces that keep appearing at the work parties usually end up being the ones that we like to hang around with. All are welcome – young, old, members and guests. Be there or be square!

No AR-15 Match (11/19/2016)

Due to scheduling conflicts, there will be no AR-15 match in November. Come out and join us in December. If you have not been to this event and are interested, check out what you need and what it is on the web site www.escondidofishandgame.com in the Events menu.

October, December). However, the 4th Sunday in December is the 25th. Because there is so much holiday travel and family plans we will not be holding these events on Christmas day.

🔫 No National Match Course (1/1/2017)

The NMC event is are typically held on the 1st Sunday of the month. Due to the fact that the 1st Sunday in January is New Year's Day, the event is cancelled for January of 2017.

🔫 Joint Forces Work Party (10/2/2016)

On the first Sunday of each month we have a small work party designed to benefit the Junior Marksmanship Program. The tasks vary from mining lead to cleaning the 'Junior Cage' and replacing target backers. Usually we adjust the tasks based on how many participants we have and the weather that day. Most of the time there is a small group of us (5 – 10) that do the work and have a good time.

On October 2nd we decided to do something a little different. Patrick Russ and I had the idea to assemble a team of youth organizations that use our ranges for their firearms training to see if they could work together. We got together with the Civil Air Patrol, the Sea Cadets, and some of our active Junior members and held a Joint Forces Work Party. We had 47 people of all ages band together to GIT-ER-DONE! Lunch and beverages were provided by Major Market and we are grateful for their contribution.

We mined lead and cleared brush from the Pistol Range. The berms were groomed, brass was picked up, rocks (ricochet magnets) were removed

from the hill. Sandbags were filled and stacked on the hill to prevent erosion. We cleaned the Pistol Range to the point where it was immaculate. The target frame

backers for Junior Pistol were all replaced.

Every step of the way everyone was united and motivated by how much we did in a short period of time. Patrick Russ and I were so impressed by the efforts and actions that we want to make this an annual event. I want to take this opportunity to thank each of the participants publicly by name. If you know any of

them, please take a moment to thank them for their efforts.

Please note that this two-day class will be held in January on Saturday (28th) and Sunday (29th). This class includes a full day on the range with exercises that provide increasing challenges through advanced drills that demonstrate principles of concealed carry, the draw, defensive shooting, movement, single, multiple and moving threats, use of barriers, and awareness of situations that may be encountered. How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

DEADLINES!!
