PRESIDENT'S MESSAGE

Dear members;

As you know, the new 150 yard range is almost complete. It is quite a beautiful addition to our wonderful facility. I would like to commend Denny Martin for an extraordinary job in coordinating and completing this ongoing phase of our Range Improvement Project. He has spent countless

hours and days donating his personal time and effort toward this project, at no cost to the association. Denny, we take our hats off to you for your diligent work. As some of you know, on September 11, 2008; prior to the general meeting, we dedicated the new range with Denny firing the "First Shot Downrange" with his .54 cal black powder rifle. Immediately after, Ray Bucholz was the second person, firing a .58 cal "Friendship" black powder rifle. Congratulations gentlemen.

Some important rules of the new 150 yard rifle range. The Board of Directors, keeping "Safety" as its priority has decided the following rules will apply.

1# The 150 yard range will be for rifles only, no pistols allowed.

2# The 15 and 25 yard line will only be utilized for shooting during Association Sanctioned Events. **No casual shooting on the 15 and 25 yard line at anytime.**

There are several chained gate areas to the new range area. Do not utilize the gated area. Enter/Exit the new range at the shooting positions only. September 22nd, will begin the demolition and construction of the new pistol range. It is estimated the new construction will take approximately 4 weeks. We realize this will create an inconvenience for the members.

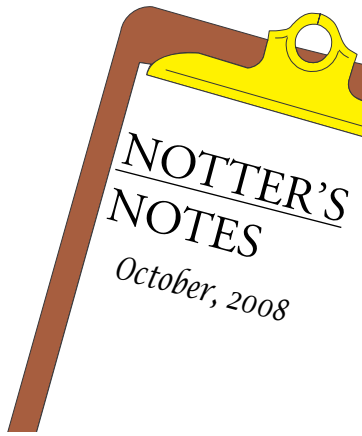

The Board of Directors has approved the Eagle Scout project of installing the cedar fence on the new berm. Jerry Everett will coordinate this project and needs you, the members' assistance installing this fence. This project is scheduled sometime in middle or late October. We need your assistance on **October 18th**, for a scheduled work party. Please come out and help. This is your association.

Once again, it's time to contribute to a most worthy cause, "Toys for Tots". The Toys for Tots will assist the families at Camp Pendleton. Please contact Dave and Dottie at Cal Custom 760-728-5230 for more information.

Last but not least, please check the Association website for daily update as to the situation on the range; regarding what parts of the range will be open or closed during the new construction. We will be installing an answering machine to update the range situation at 760-749-3277.

Remember, we need your assistance on the work parties....Please help

Michael R. Marks

HUNTING REPORT

Mike Lange is back from another successful African trip. Here is his recap of the hunt. "I took this Buffalo while hunting along the

Zambezi River in Mozambique, about 30 Miles from where it empties into the Indian Ocean. I have never experienced swamp hunting for a Buff. I am not sure that I ever want to again! Swamp water up to your # leaches, mosquitoes galore, boots stuck in the muddy bottom and visibility point blank in spots....We jumped this buff at 15 yards along with two of his friends...

exciting to say the least.. I used my Ruger #1 in 375 H&H and put him down with one shot. This was only the second 'one shot kill' I have made on a Buff. of the five that I have taken. Usually much lead is expended.. My son Jeff and I were together on this hunt. Jeff was the photographer. The picture shows the entire entourage that accompanies you into the swamp. When you get one down, you bone it out and carry it out....sometimes many trips.. I also hunted in Namibia for a few plains game; Gemsbock, Eland, and Kudu." (Look elsewhere for the picture).

Frank Alessio, his grandson – Wayne Harrison , Kenneth Notter and assorted others hunted Dove In the Imperial Valley opening day. Storms for the previous few days had driven many of the birds out of the area. A good time was had by all, although no limits were taken. Everyone wants to know where Frank was when the bird cleaning started.

R A N G E M A S T E R S O U N D O F F

By Kenton "Bud" Smith

Members and Range Officers,

#1 on my list is to thank all the Range Officers for everything they do to keep our range safe for everyone. They are the individuals that keep this range running. So members, the next time you are at the range say hello, shake hands, introduce yourself and present your EF&GA ID and picture ID with your other hand. It's easy.

It has been an exciting month at EF&GA with all the buzz and excitement with the near completion of our new 150 yard Long Rifle Range. It's great to see so many volunteers lending a hand and getting involved. When you see Denny, slap him on the back and thank him for all he has done. Don't forget Frank and Kenneth, they are also on the team.

Speaking of getting involved- We had 7 new members step forward and sign up for Range Office Duty with a commitment to pull full shifts, sign up in advance and commit to 60+ hours a year. We are moving in the right direction but don't stop recruiting. We need 100 + Range Officers to keep this range safe for our members, so we are short about 50.

The pistol range rebuild should be completed in late October but always check the web site for current info. We have added an information machine when you call the range in the attempt to keep all members informed on range closures. The machine is provided for information only so you will not be able to leave a message.

I have a few safety points that I would like to review:

- All uncovered firearms must be transported in the muzzle-up position
- Avoid cross firing. We have numbered the old rifle range with corresponding numbers at 15-25-50-75 and 100. Please shoot in your lane.
- Incident reports must be written by a Range Master when there is property damage, personal injury or a situation where a member refuses to follow direction resulting in a safety violation.
- Casual trap shooters may shoot trap on #2 trap pad with the approval of the RSO but may only load a maximum of Two (2) rounds. No Exceptions.
- Always wear eye and ear protection while on the line.
- If your gun is NOT REGISTERED and on the Ban list please leave it home.

We have many police officers and agents using our range. Do not place yourself or your Association in an awkward situation you may regret.

I am recruiting a Range Safety Officer Training team. The purpose of this team will be to train new RMs and to give reviews to those that need a refresher course. When a new member volunteers for RM duty he or she will be placed with one of the Training Officers for a day of ON THE JOB TRAINING before taking on the duties solo. The Range Training members work specific days and most work three to four times a month but that is not a requirement. If you are interested in joining the training team please call me. My goal is to have a training officer pulling a shift every day including the weekends. The ultimate goal is to have all Range Masters qualified as trainers.

Range Master for the month of August is Harry Fagan- 39 shifts this year. THANKS HARRY.

Remember, it's all about ATTITUDE!

Regards, Bud
