PRESIDENT'S VIEWPOINT

Hello Everyone,

I would like to start by addressing all shoot chairs. The spaces in the new storage building have been marked and you can begin to plan on moving your materials in them. These are the shoot chairs that have materials in the Conex boxes and sheds next to the new building.

Also, it is time for all of you to pass the word around that we will have a work party on Saturday, Oct. 24. All the ranges will be shut down for the day. Bring rakes, shovels, weed whackers, etc. Please mark your calendars for this day. We need some new people to help out instead of all the old guys, including myself, who always show up. This is usually a fun time and we usually plan on feeding you well.

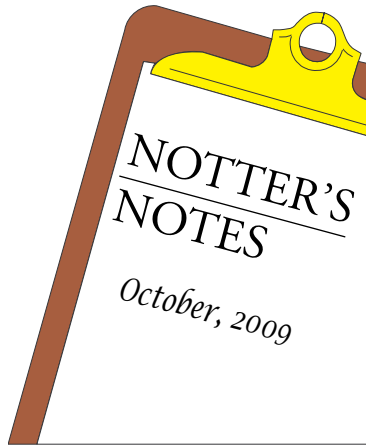

The old well has gone dry! We are working feverishly with the county to come up and inspect the new electrical distribution so we can turn the new well on. By the time you read this, we should have crossed the water lines from the new well to the existing lines from the old well. Good thing we drilled a new well.

The City has requested that we allow helicopters to land and take off on our range for a period of three weeks. We have selected the area between the new building and the fence next to the camping grounds. They will have dust control. The choppers will be transporting drills, etc. to reinforce the dam at Lake Wohlford. We have selected this area in hopes that we don't have to shut down any of the shooting ranges. I do not know what time frame this will happen but I wanted to let you all know in case you show up and witness a sky show.

On a positive note, I just want you to know that the Range Enhancement Project is almost completed. We have completed every requirement indicated on our lease with the exception of rebuilding the Trap Ramada. That will be done by internal members at a very minimal cost. We do not plan on changing the layout or the size of this structure. We only plan on improving the exterior walls and roof along with the electrical distribution. There are still a few obstacles to go through but you can be assured that I have the staff and support from your Board of Directors and officers to tackle these obstacles with complete success.

Happy Hunting and God bless,

Denny

OPEN FIRES ARE NOT ALLOWED

Open fires are not permitted anywhere on the range due to fire danger! You may use charcoal (only) in the BBQs for cooking in the camping area.

WORK PARTY OCTOBER 24

All are encouraged to come to the Work Party on the 24th. As usual, the Association will supply lunch. There are wads to pick up, weeds to cut, etc. Your help is needed and appreciated.

JUNIOR RIFLE SHOOT OCTOBER 18

The Association will hold a rifle shoot for Juniors on Oct. 18. Bring that kid, grandkid, nephew/niece, etc. out for a great time. Rifles, ammunition, and lunch are provided. Each shooter has a coach the entire time they have a rifle in their hands. Help is needed to put this event on. Call Ren Everett (760.432.2089) for information or to volunteer.

NMC CLASS

Kevin Miller (760.480.7267) will hold a NMC class on Oct. 2 for those interested in shooting the NMC course to qualify to buy an M-1 Garand from the CMP. He will teach you how to use the sling, get into the shooting positions and more. Pre-registration is mandatory for this class. Call Kevin to register or for information.

HUNTING/FISHING REPORT

Brad Hall, Jim Schaubel, & Bud Smith were near Seeley for the opening of Dove season. They stumbled around trying to find the correct spot and wound up with five dove each.

Frank Alessio, some of his grandsons, Bob Burwell, Kenneth Notter and friends opened Dove season near Niland. There were more birds and fewer hunters than last year. There were some limits taken opening morning. Frank did not clean any birds (again), he says that privilege belongs to the grandsons.

Mike Lange opened the Dove season in Mexico with great success. He finished the first half in Arizona with

many birds flying.

Denny Hanks fished the Umpqua and reports catching small browns. He states that he would have caught more if he had stayed upright.

SEPTEMBER DRAWING DONORS

Thanks to: Auditory Assistants, Jim Rolfes, Leonard Hodges, Warren & Edie Hill, Jalie Premetz, Michael Collins, Ron Adams, Chuck Daugherty, J. W. Bailey, K. L. Notter, Neil Pisk, Ray Bucholz, Ruth Holberg, Kevin Frazier, & Ed Migdal for their donations.

Notter's Notes continued

YOU CAN BE A WINNER AT THE MEETING

Kasey Nelson won the twenty-five dollar attendance prize. Thomas L. Percy would have won one hundred dollars had he been present.

JAKES SHOOT A SUCCESS

One hundred forty-two kids came to the range to participate in this event sponsored by the National Wild Turkey Federation. They all had a good time shooting, throwing tomahawks, building quail calls and more.

Thanks to the twenty-two EF&GA members who helped with the event (the event would not have been a success w/o them).

Trap; Barbara Griffith, Bob Griffith, Bob Schoenfield, Dave Troyer, Harry Fagan, Ira Bryant, Jake Troyer, Tom Delisle, & Tom Kendall- RSO. Black Powder; Bud Smith, Doug Mitchell, Jake Nelson, Jeff Blankenship, & Russ Swan. Hawk throw; Tom Arendell. .22 Rifle; Elvio Marchi, Kasey Nelson. BB Gun; Kurt Nelson. Fire starting; Runner. Clean up/recycle; Lucy Nelson. RSO; Bob Ware, Ed Migdal, Jay Zimmitt, Mike Collins, Mike Marks, & Mike Moran

RSO/ CRSO Class of Sun, Sept 6th at EF&GA

Congratulation to our New NRA Certified Range Safety Officers. The following completed training for NRA Certified RSO and CRSO. Thank you for your continued commitment to our association.

RSO: Al Anzelone, Bill Williams, Breen Emery, David Troyer, Graham Ross, Ira Bryant, Jim Fratis, Kent Blumenshine, Mike Tombrinck, Norm Porst, & Steve Krzywicki. CRSO and Trainer: Tom Arendell, Jay Zimmitt, & Tom Kendall.

SHARPEN YOUR RIFLE SKILLS

Participate in the two, four position, rifle matches held monthly and watch your rifle skills improve. High power rifle is shot on the second Saturday, with small bore rifle shot on the third Saturday. Call Dave Premetz (760.489.1082) or Mike Marks (760.744.7784).

SHOOT TRAP

Practice trap shooting is held on Tuesday morning, Wednesday & Saturday evening. Trap is fun and will enhance your bird shooting skill. Call Bob Schoenfield (760.212.6125) with your questions.

NEWS FROM THE NRA

Two Anti-Gun Bills Head to Governor's Desk in California Monday, September 14, 2009

On Friday, September 11, the California Assembly passed Assembly Bill 962 by a 44-31 vote. AB962 now joins Senate Bill 585 on the desk of Governor Arnold Schwarzenegger (R) where they await his consideration.

AB962 requires individuals purchasing ammunition be fingerprinted and registered at the time of sale, mandates that dealers keep these records and make them available for inspection by the California Department of Justice. Ammunition retailers would also have to store ammunition in such a manner that it would be inaccessible to purchasers. Finally, mail order ammunition sales are prohibited under AB962. Over twenty years ago, Congress abolished similar requirements because ammunition sales records were found to be useless for solving crimes. AB962 is a dire threat to our Second Amendment rights in the Golden State.

SB585 would prohibit the sale of firearms and ammunition on the property or inside the buildings that comprise the Cow Palace in Daly City, just outside of San Francisco. Simply put, SB585 is a stepping-stone to banning gun shows on all publicly-owned property in California.

Please contact Governor Schwarzenegger TODAY and respectfully urge him to veto AB962 and SB585.

The Governor can be reached by phone at 916-445-2841 or via fax at 916-558-3160. To email GovernorSchwarzenegger, please visit <http://gov.ca.gov/interact>.

Wayne LaPierre, Executive Vice-President of NRA September 17, 2009

The Right of Responsibility

Forty years ago, Richard Nixon came up with a phrase that perfectly described a broad cross-section of America. He called it the "silent majority." These days, our media elites just refer to "the mob."

Gun owners don't make up 100 percent of the silent majority, but I think you'd be hard-pressed to find too many gun-control advocates among them. After all, these everyday Americans understand that gun-control advocates aren't interested in personal responsibility-if they were, they'd actually support competent and responsible use of firearms, instead of chanting the "less guns" mantra they've been repeating for decades. The silent majority understands that responsible behavior isn't something that can be legislated into existence, but it can easily be legislated away. The proof can be found in the crime-ridden streets of Los Angeles; Chicago; Washington, D.C.; New York; Boston; and other cities where gun-banners have made it culturally unthinkable and almost legally impossible to own a gun. The damage that attitude has caused can be found on those same streets, where criminals roam with impunity and the law-abiding are defenseless, helpless and increasingly hopeless.

But people are tired of being told they can't live their lives without more government intrusion and less individual liberty. They're tired of being told that America has to resign itself to being something less than the best. They don't want to hear that they are the problem, and the solution is sacrificing freedoms instead of sacrificing for them. They know that in order for this country to fulfill its promise, we need responsible Americans. They're speaking out by the millions for their right to keep and bear arms, and their right of personal responsibility and self-defense.

R A N G E M A S T E R S O U N D O F F

By Tomas Kendall

During my walk-about wearing my red shirt and hat, I am honored to talk with many of our members and listen to their comments and yes, complaints. The comments are almost always directed to how well the range is looking and how much they like and appreciate the improvements that are on-going. We have one of the finest facilities in the area and I agree. The conversations usually turn to what is next on the list of to do items and I pass on what I know. Of particular importance to all and especially our ladies is that the new rest rooms can not come fast enough. When this appears in the newsletter, the restrooms should be open for business. One comment that is my own, “the restrooms belong to everyone and I hope we all help to keep them clean”. The Association does not employ any full time staff, therefore, keeping things neat and tidy falls on us all.

I would like to thank those of you who replace cardboard backing on the target frames. If you plan on replacing cardboard backing, please note the following. The top of the cardboard should be even with the top of the frame if no cross bar is at the top. If a cross bar is at the top, place the cardboard a couple of inches below the cross bar. This will help keep stray rounds from hitting the cross bar. If you use the cardboard that is supplied in the Trap Ramada, first cut off the ‘ears’ at each end, then cut the cardboard in half length wise. This will yield two pieces that measure 23 inches by 24 inches. Using ½ inch staples to mount to the frame works the best. The target frame sizes have been extensively studied and are designed to accommodate cardboard that is 24 inches by 24 inches. The noted 23 inch by 24 inch works very well. The pistol range and 100 yard range frames are 7 foot, 6 inches tall. The 150 yard range frames are shorter and the shorter of the two are for prone shooting only. Please, please do not move target frames from one range to another.

The complaints I hear are usually directed toward their being ‘too many rules’. I often agree that we have many rules for each range and the facility in general. The rules that are posted on the ranges and in various handouts were developed with one idea in mind, Safety. Safety is first and foremost at the range and as it should be in all of our daily activities. I often tell my wife and friends that “a little anarchy is good for the soul”: but not at the range. Here we need to be cognizant of our surroundings, our fellow shooters and guests. Remember rule number one – the firearm is always loaded.

General observations. Remember to retrieve your target frame when you are through shooting. If you move a shooting bench back from the firing line, put it back when you are done. The speed limit within the facility is 5 mph, slow down; the dust cloud is annoying and there are folks walking around the grounds. Clean up your brass. If you see loose paper floating around, please pick it up. One target frame per shooter (I have seen one shooter setting up as many as four frames – why?). Make sure your target is set up keeping in mind that the bullet needs to impact the back stop. Check to make sure you are impacting the back stop. On the 150 yard range, it is critical that bullets impact the back stop, not the oak trees. Shooting at rocks is just plain dumb. Shot gunners, pick-up your hulls (especially you pot shooters, hulls do not belong on the 100 yard range, in the rose garden, in the creek, etc.). Do not smoke on the firing line (if you do smoke, please go down wind from others). Cigarette and cigar ‘butts’ belong in the green receptacles. Put your trash, empty coffee cups, soda bottles, etc., in the proper place. Sign in and out on the green sheets, members and guests.

I would like to thank those new and current members that have stepped up to become new Range Safety Officers and to thank those that currently serve in that capacity. I would also like to thank the members in general for the kind and friendly reception I receive when asking for membership cards and photo identification. I ask everyone for membership cards and photo identification beginning 01 July and continue to do so until I start remembering those that I have already checked. I ask for your patience with the RSO’s in this endeavor.

A personal note: I was interviewed by the North County Times a few weeks back regarding the ‘open carry’ movement. My comments that were published are my own. I was not speaking for the Association or any of its members. I do not recall identifying myself as member of Escondido Fish and Game Association to the reporter. If anyone took offense, I apologize.

Heads-up and stay safe.

Thomas Kendall
Assistant Chief Range Safety Officer

FOR SALE

300 Winchester Magnum PMC, 150 gr Silver Point Boat Tail (SPBT) Sierra Game King bullets box of 20: \$21, all 5 boxes (100 total cartridges): \$100.
Contact Ian Johnson: 760-575-4007 ijohnson007@gmail.com

Cowboy and combat shooters, don't pay a hazardous materials fee by ordering primers. I have several thousand new CCI Large Pistol primers remaining. You can buy me out at \$40 per thousand. Contact Quixshot (aka Frank) at 760-749-2297.

Smith & Wesson .44 mag. Revolver, 4 in barrel, stainless steel, excellent condition. \$700.00. **Contact Daniel 760 224 8751**

Glock Model 22 .40 s&w cal., 4th generation RTF. The Glock 22 is the U.S. Law Enforcement Pistol in .40s&w, a balanced caliber between the heavy .45 charges and the proven 9x19 service calibers. This is the latest innovation from Glock. RTF = Rough Texture Finish. Much more aggressive Slide Serrations and studded with hundreds of APOLYMIDS@ creating a more AHand Friendly@ grip. Slimmer frame and slide design, still uses standard model 22 magazines. BRAND NEW IN THE BOX, never fired. Be the first to own one of these new Glocks. They haven't hit the California consumer market yet. Priced right at \$695.00.

Glock Model 35 .40 s&w cal. Practical / Tactical With its 4.5lb trigger pull, extended barrel (5.38 inches) and extended line of sight, the Glock 35 allows accurate hit patterns even with rapid firing. This has resulted in widespread distribution of the Glock 35 among the practical shooting community. Extended Slide Stop and Magazine Release. Test fired only, this gun is still new in the box. Too good to pass up at \$600.00.

Sig P229 SAS (Sig Anti Snag) compact concealed carry .40 S&W caliber. Double action with Sigs innovative DAK trigger system providing a constant 6.5lb trigger pull. Less than 50 rounds fired. I purchased as a home defense / carry gun but have never carried it. A beautiful handgun. Two-tone finish with Sig custom shop factory wood grips. Being a Sig Sauer it speaks for itself. Purchase at below wholesale for \$975.00.

Sig P226 full size 9 mm. Early West German gun with the original cardboard box and after market trigger guard mounted laser sight. Enough rounds down the barrel to be broken in yet the gun still looks and shoots like new. This is my wife=s gun and those who have witnessed her shooting this gun will verify her shots can be covered with a quarter in the X ring at 15 yards. She is now shooting Colt Snake Revolvers and will let this semi-auto go for \$650.00.

COLT PISTOL MODEL 1911A1-US ARMY MILITARY SER.#1663187 (1944) parkerized finish / with blued barrel, marked ACOLT .45 AUTO@ on left side of slide. Stamped UNITED STATES PROPERTY , marked ordnance wheel with crossed cannons, ordnance marked AGHD@ for General Guy H. Dewey, Springfield Ordnance District Army Inspector of Ordnance June 17, 1942 to July 15, 1945. Wide hammer spur, brown plastic checkered grips, AP@ proof on top of slide in front of rear sight and on left side of frame near the magazine release. AP@ proof in front of barrel lug and AP@ on left side of the barrel lug. A near perfect 98%+ handgun. Own this beauty for \$1500.00.
