## PRESIDENT'S VIEWPOINT

Hello Everyone,

Hope this message finds all of you in good health. It has been six weeks now since I started performing maintenance at the range. The berms are now all weed-wacked. I would like to thank Jerry Everett, Craig Rogers, Mark Pederson, and JW Pyles for helping me out the one day on the 150 yard berm. That one was tough because it was not mowed during the work party this spring. I also want to thank Al Ardale for helping me out occasionally and especially when we cleaned up the front entry. It is good that we have this

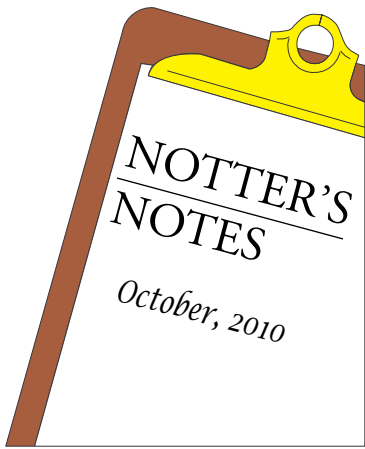

done before the fire season.

There is not much to report on the Range Enhancement Project. We need approval for the Hydrology Study and that should be it! We had a few minor corrections on this after we submitted and they are being addressed. For those who don't know what a Hydrology study is, I will explain. When acquiring a permit for building in the vicinity of a flood plain, (the creek on the North side of the property flowing to the lake), a hydrology study has to take place to prove that the building in question will not be flooded in the event of a 100 year flood. This may sound silly to some of you, but I had to have one done on one of my development projects. The results of the study indicated that the water would not flood the building; in fact, it would not rise beyond the perimeter chain link fence. They had to include all the tributaries for a mile east of the property when they did the calculations.

We have encountered a couple of mud wasp hives. Kurt and I, (mostly Kurt since I don't like the stings) have addressed this issue and hope to have resolved the problem. Kurt sprayed the hives and I buried one of them. We put out traps along the 150 yard berm and it seems to be working fine. One hive is on the right side of the opening in the berm going onto the 150 yard range and the other is between the 50 yd and 75 yd. butts. Remember, these wasps have underground hives and are not very visible.

Happy and safe hunting,

Denny

### **HAVE YOU TRIED THE HORSESHOE PITS?**

Due to the efforts of Doug Mitchell, John Madsen, Breen Emery, Al Anzelone, Geoff Orchin, & Tom Kendall you can now pitch horseshoes if you tire of shooting. The pits

are adjacent to the camping area. Thanks, guys!

### **ATTEND THE MEETING, WIN MONEY**

Phyllis Kamps won the \$25 attendance prize which she donated to junior rifle.

David Arney - was not present – which is unfortunate as he was drawn to the \$100 prize.

### **RAFFLE DONORS FOR SEPTEMBER – THANK YOU**

Raffle donors for 9/9/10 were; Auditory Assistants, Bud Smith, Leonard Hodges, Bill Kitrell, Jim Rolfes, Warren & Edie Hill, Tim & Fran Geiser, Gene & Donna Demnianiuk, Bob Ware, Lucy Nelson, Brad Gagnon, Ray Bucholz, Lake Wohlford Cafe, Dick Ziemer, Ruth Hohberg, Laurel Carlson, Ed Migdal, Verne Whidden and the RSO shed.

### **NEXT INTERCLUB TRAP SHOOT IS SCHEDULED FOR OCTOBER 30**

Trap shooters for interclub must be a member of EF&GA. Cost is \$25.00 (2 16yd., 2 Handicap rounds and lunch). Start sign-ups at 7:30 AM, start shooting at approximately 8:00 AM until done (depends on number of shooters). This event is hosted by Lemon Grove Rod & Gun Club. If you have any questions please call Barbara Griffith @ 760-839-5366.

### **THANK YOU PRECISION ARMS.**

The Escondido Fish and Game Association and especially the Junior program would like to thank John Harms / Precision Arms for his assistance in completing our grant funded by the Friends of the NRA. The grant had hit a snag in the final process of actually ordering the firearms purchased with the grant. Mr. Harms went above and beyond what he had volunteered to do for the Association by calling and emailing the NRA to try and fix the problem, and fix the problem he did. The firearms were on order that morning. John had originally volunteered to accept the 6 rifles and 3 shotguns through his company (Precision Arms) and not charge the Assoc. the usual FFL usage fee which can run to \$125.00 per firearm, saving the Association over \$1,000.00. John, you and your business do a lot for the Association, especially the Junior program that no one ever hears about. From all of us - THANK YOU!

**Continued from Page 2**

**HUNTER EDUCATION**

Classes will be held in October and November. There will be no class in December in order for the instructors to aid/abet St. Nick.

Brad Hall, Jim Schaubel, & Jim's cousin hunted Dove near El Centro. They report Dove were few and far between with no limits taken.

Earl Kight & Bud Smith took a Dove limit opening day somewhere around El Centro.

Frank Tecca caught limits of Coho & Sockeye Salmon in Alaska.

Ask Brad Hall about his deep sea trip and fleeting fame on Channel 10 News. Bill Matthews and fishing buddies had a great Walleye trip to Canada, catching fish to 6/7 pounds.

**ONE-STOP SHOP FOR YOUR  
 2011 FISHING/HUNTING LICENSES &  
 TAGS**

For customers that don't know, Smokey's Lake Wohlford Cafe is a designated agent for CA Fish and Game for Fishing Licenses. The DFG will be installing their new ALDS (Automated License Data System) at the cafe sometime between Nov 18th and the 1st week of Jan. 2011. The ALDS is an internet based computer system, the POS (Point of Sale) equipment consists of a 15" touch screen monitor with an embedded CPU, a magnetic card reader, a bar code scanner and a direct thermal printer. The ALDS will print licenses instantly on a highly durable paper and eliminate the need for the pre-printed licenses inventory. The ALDS provides License Agents unlimited inventory and the ability to sell all recreational items including several items that are only available from DFG offices.

By: Thomas Kendall, CRSO

Sunday September 19, 2010 was Range Master Appreciation Day – RMAD. For those of you not familiar with RMAD, it is a day set aside where the Association says thank you to our Range Safety Officers or Range Masters. The range is closed for the event and there are fun activities, breakfast snacks, a hot lunch is provided, there are awards and a raffle table. At last count, we have over 60 active Range Safety Officers', 14 Chief Range Safety Officers' and over 15 Trap Masters. Trap Masters/Match Directors were invited since they are technically an RSO while they are on duty.

At Range Master Appreciation Day, we honor those Range Safety Officers' that “step up” and go above and beyond the normal duties. You see the Range Safety Officers' about the range checking membership cards, identification, and checking to make sure the range safety rules are being adhered to. There is a bit more to the job than that.

The Range Safety Officers' check the security of all locked doors and the perimeter fence. They also perform the following duties: pick up the previous days green sheets and make sure there is an ample supply for future days; check the target frames and replace the cardboard if necessary; rebuild worn out target frames and build new frames; straighten up the target frames and put them in their proper place; clean up the range by sweeping up the brass and putting trash in its proper place that members neglect to do; move the bench rest tables back to their proper place when our members forget; check the first aid kits for proper supplies and work at Range Clean Up days. Some of our Range Safety Officers' also work as Trap Masters or Match Directors and complete many other items around the range. I will admit that not all Range Safety Officers' do everything around the range, but enough do to keep us moving forward.

There are a few Range Safety Officers' that do it all and then some. These are honored this year as follows:

The William. Ruger Range Master of the Year for 2009/2010 - Mr. Norm Porst.

The Chief Range Master of the Year for 2009/2010 - Mr. Lee Allen. The Chief Range Master of the year is a new award category to honor our Chief Range Safety Officers'.

The Chris Christensen Award - Mr. Ira Bryant.

The Range Safety Officer Service Award for 2009/2010 - presented to Mr. Bud Smith. This is also a new award category to recognize that person that has consistently worked above and beyond over the years.

Volunteer of the Year recognizes those individuals that also stepped up and went above and beyond. In no particular order: Steve Krzywicki, Bill Williams, Tom Arendell, Jay Zimmet, Al Ardall and Scott Kendall.

It was extremely difficult to narrow the field of exceptional candidates to those mentioned. Many of our Range Safety Officers' go above and beyond on a daily basis and we thank you.

**Range Safety Tip of the Month** – Remember, we have a red “live fire” line on all of our ranges. Under no circumstances does anyone, for any reason, move forward of the red “live fire” line during live fire and/or when the range is “hot”. Only move forward of the red line to put up and take down targets and target stands during a cease fire and the range is “cold”.

We have five (5), red, “live fire” lines at the range. Do you know where they all are?
