## DON'T SHOOT THE ROOF!

Bullet holes keep appearing in the covers over the pistol and rifle shooting lines! There is no excuse for holes in the covers as your trigger finger should be nowhere near the trigger until the firearm is pointed safely down range. That round through the roof or worse the round that is discharged as the muzzle is just below the roof will land somewhere off the range. Anyone seen creating a new hole will be summoned before the Board of Directors.

### NEW FUN ADDITION TO AIR PISTOL SILHOUETTE

A new, fun, match has been added immediately following the regular air pistol silhouette match: "Man-on-man Steel". This is a 1-on-1, head-to-head combination of speed and accuracy shoot-off using the standard air pistol silhouette targets but set at the next farther distance, with a center, final target set at the second farther distance. For example, three pigs for each shooter plus one

chicken in the middle, all set at 15 yards instead of the standard 12.5 and 10 yards, respectively. Using single-shot air pistols, both shooters can take as many shots as they need to clear their three pigs, and the first shooter to knock down the chicken after clearing their pigs wins the round. Match winner is best out of three rounds. Kind of like History Channel's "Top Shot" final except you get a couple of chances to redeem yourself after a bad first round! Combines all the marksmanship fundamentals and fun aspects of regular silhouette shooting with the elements of rapid reload and target acquisition and knowing your competitor is getting closer to that chicken faster than you are! Everyone who has tried it so far thinks it is a lot of fun. Come on up on the 2nd Tuesday evening and find out what you've been missing out on! For more info, contact the air pistol silhouette shoot chair listed in the bulletin.

**ROSE GARDEN WINNERS FOR SEPTEMBER**

Rose knife winners for September are Ed Migdal and Ed Landreau. Keeping with Mom's Creek tradition "Knives in Member's Lives", five of our most valued and hard working range beautification members will be honored with custom knives in November

called, "White Angel, Gardens of the Roses". You five had made our range and Guns & Roses a winner for all of our members to be proud of. Join the Range Beautification Team, call Ray at 760-443-1852 and help make things happen! After all it is "your" range, one that has more to offer our members than anywhere else in San Diego County. As always thanks for your support and help.

**TUESDAY EVENING AIR PISTOL PRACTICE IS BACK**

Tuesday Evening Air Pistol Practice will resume the first Tuesday in October and will run until April of 2014. Air Pistol Practice will be on the 1st, 3rd and 4th Tuesdays of each month at 6:00 PM until approximately 8:00 PM.

# RANGEMASTER SOUND OFF

---

By: Tim Geiser – CRSO • [www.crsotim@aol.com](mailto:www.crsotim@aol.com)

As many of you may remember, we just recently finished our mining operation and recovered many thousands of pounds of lead. Most of the recovered metal was lead shot which can be recycled and readily sold to shotgun reloaders. This is a good thing. On the other hand one of our RSO's reports that a member was pulling bullets from a berm that turned out to be armor piercing rounds. If you didn't know it before know it now. This type of round is strictly forbidden on the EF&GA range. My guess is that they were 30.06 military ammo because it is available through a number of sources. Now I am not particularly worried about armor being shot up, but they can easily strike a rock and start a fire.

If you are using ammunition that attracts a magnet leave it at home. RSOs are authorized to test any ammunition that may be suspect with a magnet. If it fails the test you will be asked to remove the ammo from the range immediately.

Our Standard target backs measure 24" x 24". An unknown individual(s) replaced a number of our backings with 24" x 48" backings! This means that the frame gets shot up needlessly and that is a no no also! I suspect that some of our members simply cannot read. The only other explanation is that some members refuse to read the plainly stated rules on target placement. We may have to start a new bulletin segment called "**Guess Who Ignored the Target Rules This Month**". Then we can all laugh and see who doesn't want to follow range rules. Finally, fifteen minutes of fame. Last but not least we have scheduled the next first aid class for November 3rd. Time will be from 0900 sharp to about 1300 hours. Dr. Osgood, one of our members from Orange County ER who is also a SWAT medic, is planning to assist Marshall Goddard with the training. First Aid, CPR and Trauma wounds will be covered. If you need to get recertified this will be the only opportunity for the rest of the year through the club. The Club will cover the cost for RSOs. Regular members will be allowed to take the class on a space available basis. Any RSO wishing to take the class needs to let me know as early as possible. I will be sending an email out for those of you who don't make a habit of acknowledging my long winded tomes.
