VOLUNTEER-VOLUNTEER-VOLUNTEER- VOLUNTEER

Volunteers are always needed at the range. They are what keep the range looking nice and assure that the shoots and other activities are successful. You can help at the Work Parties, coach at the junior shoots, assist at the Bar-B-Q, become a Range Safety Officer, or help with Rose maintenance. Volunteering is easy, you will be welcomed when you step up to help with any activity. Call Tim Geiser to volunteer for Range Master duty. Ray Bucholz will be glad for your assistance on Range Beautification. The various Junior event chairs will gratefully accept coaching help, contact any of them. Ed Migdal is always looking for help at work parties and various projects. Neil Pisk welcomes all who desire to assist with the BBQ activities.

LOOKING FOR HUNTING/FISHING PICTURES/STORIES?

(TALL TALES ACCEPTED)

Share remembrances of your success (or lack thereof) with your fellow members and friends. Tales and pictures are welcomed and placed in the newsletter as space allows. Pictures of deer, birds, and other game taken by first time hunters/fishers are especially welcome. Email your entries to klnotter@gmail.com.

JUNIOR RIFLE

The July shoot was very good with 69 kids participating. Many thanks to the coaches and staff for all their efforts. Sunday, September 15th is the next match. Ren will start taking sign-ups on 4 September. The

shoot tends to fill very quickly so call or email on the 4th or very soon after if you want to shoot. If you are new to our program, please remember you must take the provided safety / familiarization class before you can shoot. A special thanks needs to go to Ed Landreau and Dave Burton. Dave donated a trailer chassis and Ed finished the construction. The use of the trailers already loaded with all of the shooting equipment saved a lot of time in getting the range set up and the match started. Thanks to Ethan, Emily, and Matt for their help in the kitchen.

ATTEND THE MONTHLY MEETING AND GO HOME WITH MONEY

Rich Oberle won the \$25 attendance prize, which he donated to the Junior Program. Gregory Graham was drawn for the \$100 attendance prize, alas he was not present.

RANGEMASTER SOUND OFF

By: Tim Geiser – CRSO • www.crsotim@aol.com

Escondido Fish & Game Association spends a fair amount of its annual budget on programs that encourage young people to take up the shooting sports as a lifetime hobby. Many of them do take advantage and it is to the long-term benefit of the Assoc. to encourage younger people to join. Some of us feel and act as frisky as a colt (ahem) and know that old age will never catch up with us. The rest of us have figured out that an infusion of young blood is always a good thing and have started to feel morning stiffness in the bones.

When it comes to young shooters the Assoc. has developed specific policies to insure that they are mentored properly while gaining their majority. To wit, there are two main policies that deal with younger shooters. The first deals with kids 8 through 17 years of age. The second class of youth is in the age range of 18 to 21. The main difference in the age groups is the degree of oversight required. Neither group is permitted to possess or use a handgun without adult supervision. The supervision must be in the form of a parent or guardian or some other adult who possesses a written authorization from a parent or guardian. The adult supervisor may not be a shooter while supervising the youth using a handgun regardless of their age classification.

The younger classification of youth must have one-on-one supervision regardless of what range or firearm they are using. Thus, handgun, shotgun, rifle, archery, tomahawk, knives,it really doesn't matter. Supervise the activity.

At the ripe age of eighteen the youngsters must still follow the rule already stated regarding handguns, but no adult supervision is required on the other ranges. In fact, they are now eligible to bring guests to the range the same as any other full-fledged member. An RSO should remember that any guest of a youth member must follow the above policy as it applies to their age.

To our female RSOs: should you wish to stand a shift and would like to be paired up with another female RSO, let me know. I will do my best to get you in touch with other female RSOs. You may then schedule a shift(s) that fits your needs. We need all the RSO help we can get and your participation is greatly appreciated.

OK, let's get this straight. There are signs up the wazoo with detailed info on target placement at the pistol range and there are still members who cannot figure it out. Don't argue with the RSO. You are only allowed one 10" target at a time centered on the frame! This particularly important when using the 5, 7 & 10 yard distances. No silhouettes and no targets that look like me or anyone else you might recognize for that matter! A dearth of space prevents further explanation as to why we have adopted this policy. If you wish to challenge this policy, call me and we can discuss it further. Again, don't argue with the RSO since he (she) is required to enforce it.

Stay Safe, Shoot straight

NOW IS THE TIME TO BE HEARD IN CALIFORNIA . . .

The California Assembly's Public Safety Committee last week passed a highly restrictive package of gun-control legislation. NSSF is urging all gun owners, hunters and target shooters to contact their state senators and representatives to oppose these measures. For hunters, leading the list of onerous measures is Assembly Bill 711 that would make California the first state in the nation to completely ban the use of traditional lead ammunition in hunting. Before the end of August contact your legislators to tell them you oppose this unnecessary and unprecedented measure. The committee also voted to approve bills that would add all semi-automatic rifles with detachable magazines to the state's list of banned assault weapons; ban owning any magazine that holds more than 10 rounds, including existing ones; ban "bullet buttons"; and require long-gun purchasers to pass a written test. The bills, all opposed by NSSF, already passed by the state Senate and are moving ever closer to an Assembly floor vote and the governor's desk.
