## The Presidents' Corner!

*This was previously printed in the newsletter some time ago, however, I feel it is worthy of a reprint.*

### FYI:

I was asked a question by a member that got me thinking maybe he wasn't the only one who didn't know. The question was, basically, "How does a member access the Board of Directors"? He was trying to find out how a member could give input on ideas, suggestions, etc. He thought that maybe some (possibly most) members are somehow intimidated by BOD members and are afraid to approach them. So, let me try to clarify:

First and foremost is to attend BOD meetings on the first Thursday of each month. This is where the business of this association is conducted. If you have an idea or suggestion or just a concern to present to the BOD, call, email or write a note to the Secretary asking to be put on the meeting agenda.

Secondly, attend the general member meeting(s) on the second Thursday of each month. During the section known as new business you may present your thoughts to the President and/or Secretary, and they will then put that on the agenda for the next BOD meeting. {The business of the Association is not conducted at general meetings with the exception of elections and general member voting issues, ie: by laws, etc.}

Third and, I think, extremely important is that the Board of Directors are just folks, like you, and elected to serve the majority of the membership. Please do not feel they are unapproachable.

I hope this helps.

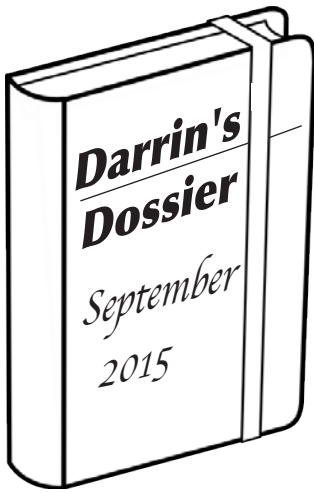

### KUDOS:

Thanks to all that came up for the work party last month.

**Safety Tip: During these hot, dry days of summer it is extremely important to stay hydrated. Heat related illnesses are sometimes easily avoided just by replacing body fluids with water and / or enhanced water with electrolytes. (Sport drinks like Gatorade)**

### User-Friendliness

I have worked in the IT (Information Technology) industry for the past 30 years and the one request from employers, employees, customers, and general public is that they all want the world to be *user-friendly*. Here is a little secret about the IT industry - The key to making something *user-friendly* is

to make it impossible for a user to select something that is impossible. Behind the scenes we call it making it *idiot-proof*. This is true for firearms as well as computers. This is why I am a big fan of the CHAMBER FLAG.

The chamber flag makes a very clear distinction between *idiot-resistant* and *idiot-proof*. It is impossible to discharge a firearm with a chamber flag inserted into the chamber. These are required in the Junior Rifle and Junior Pistol events as well as many other sanctioned events like the Cracker Shoot. It would be a great practice while you are casually shooting as well. If you want to go downrange, after you clear the chamber and remove the magazine, insert a chamber flag. When you are in the habit of doing this, not only are you making it safe, you are being a good example to your guests and any other members around you (Junior as well as Senior). At any General Meeting, they are for sale at the merchandise table. I hear that they are running a special - \$1 each or 3 for \$5. They can truly make the difference between *idiot-resistant* and *idiot-proof*.

### Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last meeting John Tyler won the \$25 door prize and donated it to the Junior Marksmanship Program. Had he attended the meeting, Michael Trinkle would have won the \$500 Attendance Prize. The next General Meeting is 9/10/2015. If you don't show up, you can't win.

### Donor List (07/9/2015)

Thanks to all who donated to the raffle table at the last General Meeting – Jim Rolfes, Gene Demnianiuk, Jack Barnhart, Craig Rogers, Tom Kendall, Bud Smith, Bill Williams, Rich Sorcinelli, Ray Bucholz, Joyce & Frank

Alessio, Dave & Dotty Ransberger, Dorothy Notter and the Dennis Hanks family

### InterClub Trap Results (08/16/2015)

Escondido Fish and Game ran away with all the honors at the Inter-club Trap Shoot held at EF&GA on 8/16/2015. JB Singh – Men's Champion – 97 of 100 targets (25 straight at 27 Yards!) Kathy Cortopassi – Women's Champion – 86 (tied for 7th overall) Michael Bresnahan – Junior Champion – 76 Escondido took four of the top five finishes, and won overall team average score. We also received the Inter-club team trophy for 2013-14 and 2014-15. Great Job Team. Thanks to the 42 shooters from EF&GA, Vado Del Rio, Lakeside Sportsman's Club, Lemon Grove Rod & Gun Club, and guests who attended. We missed our friends from Imperial Valley, but it was 105 degrees here, it must have been really something there.

### Review of the Association Bylaws

Every two years the Board of Directors reviews the association's bylaws. Changes may include grammar corrections, changes in verbiage, changes the members may deem important to the association, and changes that the Board of Directors may deem necessary to keep current with policy changes. Changes to our bylaws are not taken lightly. Any changes that make it through committee, and are approved by the Board of Directors are then voted on by the general membership. The current committee is chaired by

### **Left the Range**

**Tom Wood** became a member in 1989. He frequently came to the range with his trusted hunting dog "Sweetheart". He was a retired CHP officer and extremely well liked by all. Please keep him and his family in your thoughts and prayers.

**Ralph Roberts** became a member in 1981 and was the maintenance man at EFGA for over 20 years. He was 93 years old when he passed away. Please keep him and his family in your thoughts and prayers.

### **NRA Personal Protection in the Home Courses: (09/19/2015 and 10/23/2015)**

Each date is a separate class. The class is open to EFGA members and the Public from 8 AM – 5 PM. The morning classroom lessons cover essential topics for overall security and dealing with confrontations in the home. Students (adults over 21 with prior experience and training in the safe use of, and legally able to use handguns) will shoot their own handguns on the range in the afternoon during challenging live fire exercises focused on defense in the home. Students receive the course handbook (also a certificate upon successful completion). To reserve your spot for either class and for more information, email or call Bill Magdych: [cienegabill@gmail.com](mailto:cienegabill@gmail.com) 858-356-4019 or register online at <http://www.nrainstructors.org/searchcourse.aspx>. Prior registration required; let me know if you are an EFGA member. This class is not planned to be offered again in 2015.

### **NRA Women on Target (09/26/2015)**

Women On Target® Instructional Shooting Clinics create more opportunities for women to learn all about firearms and to gain confidence in newly-

acquired shooting skills. Learn safe firearms handling. Learn how to store your firearms safely. Learn to shoot. Learn a sport you'll enjoy for a lifetime. What are you waiting for? Come join the fun! 8:30 AM – 2:00 PM. \$30 per person includes use of the firearms, ammunition, and lunch. Contact Linda Linaker for reservations 760-638-0573

### **NRA Basic Shotgun Class (09/27/ 2015)**

This class covers the basics skills of Shotgunning and is also designed to train the student the proper skills required to hit a moving target. The NRA Shotgun Course teaches stance, gun ready position, swing to target, trigger pull, and follow through. The class consists of classroom exercises and range time shooting at a moving target- (Trap). Classes are limited to 10 Students. To reserve your spot call or email Bud Smith 858-922- 6489, [buckshotbud@cox.net](mailto:buckshotbud@cox.net) or Dave Premetz 760-489-1082 [slixgunr@yahoo.com](mailto:slixgunr@yahoo.com). We will have a limited number of 12 gauge shotguns available so bring your own shotgun if possible. Bring 2 boxes of shotgun shells 7 ½ or 8 shot size in the appropriate gauge for your gun. Mail deposit check to Bud Smith 13143 Woodmont Place Poway Ca 92064.

### **NRA Metallic Cartridge Reloading Class (10/03/2015)**

Factory ammunition leaving you wanting... Better accuracy?...More consistent results? Are you looking to reload your own ammo? Would like to be shown how and why to do it the safe and correct way? Here is your opportunity to receive NRA certified reloading instruction in a two session class. The First Part is strictly academic and conducted at the EF&GA meeting hall from 12 – 4 pm. The Second Part will be a "Hands On" reloading bench experience on Elvio's reloading bench. The second session will be scheduled at the 1st session. EF&GA members = \$85; non-members = \$95. For students without reloading supplies (empty cases, powder, primers, etc.) a \$10 surcharge will be applied. A \$20 deposit is required to secure a place in this class. Registration is limited. Contact Elvio Marchi at [elvio1@cox.net](mailto:elvio1@cox.net) or 760-734-3942.

# RANGEMASTER SOUND OFF

---

By: Tim Geiser – CRSO • crsoTim@aol.com

**R**ecently, I have received a few complaints that members have tried to reach me with no success. Whether by my home phone, cell phone or via email, considering the number of calls that I field any given week, I am not sure how it could happen. However, assuming they are right my email address is shown above and I guarantee that it works. My cell phone is stapled to my hip and is listed below. Calls and messages come in nearly 24/7! If the line is busy, don't be bashful, try again.

The RSOs keep reporting problems mostly on the pistol range. While there are signs all over, the short range still seems to lead to some confusion. Unlike the rest of the pistol range and all of the long gun ranges you are only allowed to have a single 10" target centered on the 24" x 24" frame. As always, if you are exceptionally tall (or short) the target may need to be adjusted slightly up or down. You can make this call by carefully watching where your rounds impact. If your rounds are landing too high or too low in the impact area, make the proper target adjustment. Keep an eye on your guests so that their rounds impact properly also. Target adjustments may also be required on all the other ranges too. Don't assume that just because you are hitting the bullseye that everything is ok.

Self-defense is frequently on the mind of many people who practice on the range and particularly on the pistol range. Using a firearm for self-defense carries the same responsibility as using it on the range. It is critical to always be aware of where your rounds are going. Wounding an innocent by-stander serves no purpose and in the long run may cause even more problems for you. Keep your mind sharp and always try to be aware of your surroundings.

When going down range to work on or pull a target, always make certain that all firearms are unloaded and on safe. This is a mistake made more often than you may realize. Fortunately we have few accidental discharges, but they do happen and could easily lead to losing one's membership at the very least. I am sure you all know the adage about what happens when we "assume" too much. Remember to use the "Red Down-Range Lights" before crossing the red line to go work on targets. Do not unload anything, do not handle any equipment and do not cross the yellow line when there is **ANYONE** down range.

**Note:** In the past, wives were automatically members along with their husbands and allowed to bring a guest on their own. Some members might not be aware that a new rule change means that in order to have their own membership card a member's spouse must also be an NRA member. It costs a nominal fee, but not having a membership card has created a problem from time to time and can easily be avoided.

### Coaches Course (10/18/2015)

We will be conducting a coaches course on Sunday Oct. 18th, from 7 AM – 5 PM. The course will cover rifle, pistol, and archery. We will be covering the basic fundamentals of marksmanship and showing you, as a coach, what to look for and how to help your shooter. The class is primarily intended to train coaches for the Junior Marksmanship Program but the knowledge gained can be used while coaching anyone, or just improving your own shooting. We also hope some of you will help out the other programs that use coaches, like Women on Target.

If you want to see a kid's face light up when they understand what you are telling them and they accomplish it, come join us and make that a reality. Who knows? You might even learn something you didn't know or relearn something you had forgotten.

If you would like to attend the class, please

contact Ren Everett at everettju1@cox.net. We won't turn anyone away, but we would like to get an accurate head count for ammo and food planning purposes.

### 5th Saturday Shotgun Fun Shoot (10/31/2015)

This challenging event will be held in addition to our normally scheduled Trap and Pot Shoot events to occur later in the afternoon. Be ready for Single Trap (16 yard), Wobble singles, Fixed Doubles (26 shots), and Handicap singles. There are 101 shots total, so bring an extra shot shell. Lunch and beverages will be provided for shooters. Sign-ups start at 8:00 AM., shooting to follow as squads are formed. Be sure to sign up before 9:00 AM. Cost is \$30.00 for EF&GA members, \$35.00 for non-members. There will be divisions established based on 16 yard scores. "Pots" will be split between each division first and second place finishers based on total scores in the four disciplines. Shoot Chair Mark Eller, Trapmaster
