NEXT WORK PARTY IS NOVEMBER 26, 2016

Followed by: February 19, 2017

The Presidents' Corner

New members

Welcome to all of our new members. Your Board of Directors is wishing the best of luck with your membership in our association and looking forward to many years of serving each other to maintain a safe and fun environment. Please plan ahead and get your six hour volunteer time done as soon as possible.

Scholarship Awards

The annual Scholarship award recipients will be presented at the September general membership meeting. The committee would like to thank all of you who participated.

Policy Addition

There have been an excessive number of incidents of doors being left open at the facility, including, but not limited to; The metal roll up doors in the large maintenance shed, the trap wing and the meeting hall, As a result, the Board of Directors has instituted a "Close and lock the door behind you" policy. If you opened the door, you are responsible for it's immediate closure and locking when you exit. Do not leave it open for someone you think might be coming in after you. Your cooperation is greatly appreciated.

Junior Muzzleloader

We are considering adding a Junior Muzzleloading event into our Junior Marksmanship Program and would like to hear some feedback from you, the members. Please email Neil Pisk (npisk@escondidofishandgame.com) or Ren Everett (efgaclerk@cox.net) with your thoughts. We believe this will be a great addition to our Junior Program.

Purchase Items

We have T-Shirts, OBI's, Patches and Decals for sale. Please contact Bud Smith, Bill Williams or Tom Kendall to purchase any of these items.

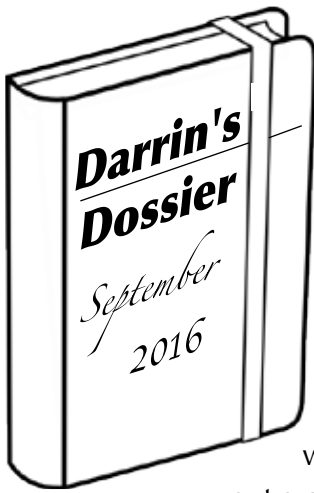

Kudos

Thank you's to all who participated in the work party. It was a lot of hard, hot work and your efforts are much appreciated.

***Safety Tip- OBI (open bolt indicator) or OCI (open chamber indicator) "flags" are a simple and inexpensive way to assure that your firearms are safe before you venture downrange.

Neil Pisk

PLAY SAFE, STAY SAFE

Problems Become Opportunities

Last month there was an issue with the printed version of the calendar in the newsletter. The content from August 12th was deleted so the following events were shifted back by one day. We caught the problem after they were printed and later mailed

out a correction to those who get the newsletter via snail-mail. We also had it corrected before the e-mail version was sent. Mea Culpa, it was my fault, I own it.

Now that that is over with, I started to think of ways to prevent this sort of problem in the future. What I came up with is a calendar that is centrally stored. In the past, the Recording Secretary would send an annual calendar to the Newsletter Editor (me) and I would have to translate into a form that could be submitted to the Printing Contractor. With the new calendar there is a single calendar that is visible by all three parties (Recording Secretary, Newsletter Editor, Printing Contractor) without translation. As a side benefit, we can all view the from our web site (www.escondidofishandgame.com) as well. The tool that we are using also came with other features like a mini-calendar and an Upcoming Events window (calendar items coming within the next 7 days). If you have some time and an Internet connection, check it out and let me know what you think.

The new calendar also has event descriptions and contact information for each event. If you click on an event, the description and event contact information appear in a small window. Because of this feature, I will no longer list Match Directors on the RSO Calendar. This should make the calendars easier to read. If you run an event and want to change the description and/or contact information on the calendar, please send me an e-mail (newsletter@escondidofishandgame.com) and I will work with you to make this calendar into an accurate and useful for our members and guests.

JR. CORNER

Mr. Ren

by Michael Bresnahan (18 years old)

He's the first person you meet right after checking in at your first Jr. Rifle shoot, he's the one that lectures and teaches you usually for the first time about guns in the mandatory safety class.

He spent 23 years in the Marine Corp and retired at Master Sgt. He was an Infantry scout sniper and became a weapons instructor for basic infantryman and scout snipers. Spent 7 years as a PMC recruit instructor and three years on the summer Marine Corp rifle team. And if that wasn't enough he received his Distinguished marksmanship award #1,263 in 1996. Mr. Ren Everett has been running the Jr. Rifle program for quite a while now and it shows. He knows exactly what is going on and got the process of setting up and taking down to a science. All of the Coaches and volunteers know exactly where and when to set things up and take them down because of, all of the hard work that Mr. Ren has done over the years to make things better and more efficient by creating diagrams and other solutions to make everything go back the same way as it was taken out. Since Mr. Ren has taken over the Jr. Rifle program regularly tops out with a class of 70-80 shooters every other month if daylight permits. I don't know what his secret Krabbie Pattie formula is but it seems to work and it is a fun program that teaches our youth the fundamentals of safety and introduces them to the world of firearms.

Not only is Mr. Ren there at the range for Jr. Rifle but he also does the black powder shoots regularly, and if you've ever been to the Range BBQ you'll see him there on the pistol range helping people by loading the powder and the patch and ball and then letting them shoot the rifle and feel what its like to shoot a primitive rifle. No matter whether you are a Junior or an adult Mr. Ren always tries to help out wherever he can.

He was also one of the big reasons why the Junior coaches are around, without his support and letting us try out the idea at Jr Rifle, we probably wouldn't exist and It would have only been an idea that myself and Patrick Russ had. So on behalf of all the Junior Coaches and Jr shooters, I would like to thank you for the opportunity to learn and grow in our own skills, and the opportunity to help those Jr's that didn't know how to shoot grow in their ability to shoot well, have fun and most of all be safe around Firearms at all times.

RANGEMASTER SOUND OFF

By: Tim Geiser – CRSO • crsoTim@aol.com

Probably, we are not shooting alone on any given day and on any given range. By being considerate of other shooters and paying close attention to the rules of the range conflicts can easily be avoided. Range conduct can also be described as “Range Etiquette”. For example: make certain that everyone on the line is ready when a “cold range” cease fire is called. Otherwise a shooter might easily be caught with a half full magazine or loaded firearm when it is not necessary. However, an emergency “CEASE FIRE” can be called at any time for any reason the caller sees a safety concern! Remember that everyone is wearing ear protection so make range commands loud enough for all to hear.

Speaking of rules....this is the time of year that we bring in new members. A part of our induction process is to introduce you to our range rules, both safety and administrative. Every club member is supposed to be familiar with those rules, but new members possibly even more so. You have all the latest updates and as a new member, I should think, the incentive to learn and take them to heart. I keep a full copy on my night stand for a 2AM review whenever I cannot sleep. The least you can do is to review the range rules every time you come to the range! As always, I am happy to email a full copy of our RSO Safety Manual to any member who makes the request. You wives reading this keep it in mind. What a wonderful and thought full Xmas /Birthday present for hubby!

Any RSO who has not received a name badge, please let me know by email. They are one of those little chores that fall through the cracks once in a while. I will get one made as quickly as possible. I will place them in the small “RSO BOX” by the front door of the meeting hall. Check whenever you are at the range. They will show up eventually.

Our uniquely clever member, Darrin Eaton, has taken on the challenge of revising the RSO web page to make it less complicated to use. Quite frankly any change at all will be more than welcome. For the time being just remember that if you were unable to sign up for an RSO shift, simply check the bulletin for “RSO NEEDED”, come on up, sign in and assume the shift. If two people show up for the same shift....so much the better!

One the benefits of becoming an EF&GA member is that you may bring two guests and under special circumstances more. Keep in mind, however, that being able to do something is not always the same as being a great idea to do it. Guests need to be aware of our safety rules and you are responsible for making sure they are followed. If you are not prepared to be responsible or if your guest needs plenty of instruction, think twice about how many you bring.

The Board of Directors has plans in pace to expand the 100 yd. range and to make significant improvements. It will not start immediately and members will be notified in advance regarding any schedule disruptions. In the meantime there will be plenty of places to shoot. In fact for a relatively small outdoor range we can accommodate hatchet/knife throwing, archery, pistols, trap, 100 yd rifle/ pistol, 150 yd. rifle and - _____. Can anyone fill in the blank? Inquiring minds would like to know. crsoTim@aol.com

 **NRA Concealed Carry Class**
(9/23/2016 & 9/25/2016).

Please note that this two-day class will be held in September on Friday (23rd) and Sunday (25th). This is the NRA's most advanced class (NRA Personal Protection Outside the Home) and students (adults 21+ who must have prior basic to intermediate experience/training in the safe use of, and legally be able to use handguns) will shoot their own handguns and ammunition. To reserve your spot and for more information, email or call: cienegabill@gmail.com 858-356-4019. Prior registration is required. Open to the public (please let me know if you are an EFGA member to receive your discount).

 **Coaches Course**
(10/16/2016)

There will be a coaches course on October 16th from 7:00 am until approximately 4:00 pm. Come on out and learn how to coach kids and adults in rifle, pistol, and archery. Learn some new things and remember some things that you have forgotten. Contact Ren Everett at everettju1@cox.net

 **Work Party**
(8/21/2016)

We had one heck of a work party in August. There was a total of 72 people that stepped up to the plate to make the Range a better, cleaner, safer, and more beautiful place. Members, non-members and people on the waiting list all pitched in and got lots of projects completed. We planted trees, cleared hazardous dry brush, relocated roses, raked clays, and ate some fabulous food. After that there were two separate raffles and everyone went home with something.

I want to take this opportunity to thank the Sea Cadets for their motivated and energetic efforts to help make this event a success. They showed up in their great looking fatigues and every one

of them was willing and eager to help make a difference. These are the people who will climb the ladder quickly when they are in the professional world a few years from now. I also want to thank and recognize each individual for showing up and getting the job done.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.
