Darrin's Dissertation

It's that time of year again - Every year in May we have two major events that are a lot of work and a lot of fun. Most people are thinking about Mother's Day (May 12th) and Memorial Day (May 27th). Both of those days are important, and we all need to celebrate them with the attention and respect that they both deserve, but those are not the two days that I am talking about...

Work Party (5/18/2024) – This is the last major work party before Membership Renewals. So, if you need to get volunteer hours completed, this is a great opportunity. Some of us are there by 7 AM and others come in a bit later. There are lots of jobs to be done to clean and maintain the Range. The work is not glamorous, but it needs to be done. Lunch is always great, and we always have fun congregating in the picnic area and telling stories while we eat. At most work parties this is when most of us go home. At the May work party, we (the die-hard Members) work through the afternoon to get everything ready for the next great event of the year...

Annual Barbecue (5/19/2024) – This is always a great family-friendly event with lots of activities for people of all ages. We will have the traditional events like Tomahawk, Archery, Black Powder, 22 Rifle, Shotgun, Air Pistols, and Cowboy Action. We will also have some new events that we have not done before. You will have to come to see for yourself what the new activities are. The Kids Zone will be run by the American Heritage Girls again and we expect it to be excellent again this year. We will also have the traditional *Rifle Raffle* with three prizes worth some good money. There will also be some special gun raffles with a limited number of tickets sold. The silent auction will have lots of big-ticket items like firearms and other equipment. The main raffle will also be run very differently this year. There will be fewer prizes but they are all higher valued items.

Conclusion – Both of these major events have one thing in common. They are both powered by all volunteer labor. The cooperative spirit of this Association is why I love being a part of it all. If you want to step up and be part of it too, just do it! If you want to help out at the Work Party, just show up, no reservations are required. If you want to help with the Barbecue, contact **Patrick Russ** or **Linda Linaker**. They can find a task that works with your skill set. (See page 6 for their contact information.) After the Barbecue, we will need a crew to help tear down and clean up. If you want in on that, there may be some special perks awarded to the first 12 people to commit to the time – Contact Patrick or Linda for the details.

BULLET POINTS

The Monthly Membership Meetings now begin at 6:30 pm on the second Thursday of every month. See you there.

Left the Range

Tom Jardel writes with deep sadness to inform us that “**Brian Finneran**, a good friend and great shot left the range on April 3rd,” Brian has been a member since 8/17/2017.

April Membership Meeting And Nominations for Board of Directors

The April Membership Meeting started off at the new time of 6:30 pm. Among the business items conducted, was the first round of nominations for the Board of Directors and Association Officers. Nominations for Officers so far include: incumbent **Darrin Eaton** for President, incumbent **Mark Baldwin** for Vice President and **Chris Cote** for Secretary. There are three open positions for the Board of Directors this year. So far nominations for Directors include: **Rick Baugh, Tracie Sheldon** and **Rich Oberle**. Please let the Board know if you are interested in filling one of these positions. Nominations will be reopened at the May Meeting immediately preceding the vote. **You must present your membership badge to vote.**

After the business was taken care of, we began the flow of prizes. **Jim Preston** won the \$25 door prize. The attendance prize was up to \$400. Since the “Would Have Been Winners”, **Ronald Carberry, Stan McDaniel, John Olvaney** and **Jeffrey Boersma**, were not present, the value will climb to the maximum allowable \$500 for the May meeting. Could be yours, but you have to be here.

Bud Smith's raffle prize table was supplemented with donations from **Frank Alessio, Rob Davis, Leonard Hodges, Wayne Brunner, Bob Leider, Mark Baldwin, Rich Hall, Al Anzelone, Bud Smith** and **The San Diego Zoo and Safari Park.**

Mark Baldwin walked away with a replica 1861 Colt .44 black powder revolver from the Black Diamond and Mom's Creek raffle. **Ray Bucholz** and his brother, **Ron** also gave away three States Quarters Collections to **Yosi Boubllil, Darrin Eaton** and **Bud Smith.**

The next Membership Meeting is Thursday, May 9. Come and vote for your Board of Directors and bring cookies.

May is COOKIE MONTH

Cookies on election night seems to be a popular event. While the votes are being counted, the rest of us will be munching down on cookies. If you can, bring 2 dozen of your favorite cookies to share.

The New Landscape Committee is Off and Running

The new Landscape Committee is moving at the speed of lightning. They are quickly organizing and assessing the needs of the EF&GA property. **Woody Morrison** and **Paul McFadden** have agreed to be the Co-Chairs. **Kathleen Hider, Laura VanEyck, Mike Quadrozzi, Robert Hagler, Barbara McFadden** and **Paul Rider** round out the team. This group consists of members with significant experience in roses and gardening, irrigation, surveying, an arborist and folks that know how to get things done. If you have experience to offer and want to join the committee or if you would like to just offer a pair of "Helping Hands" for various projects, contact **Woody Morrison** at woodym@emorrison.net and let him know what kind of assistance you can provide. (This is a corrected email address from last month's newsletter.) Assistance with these projects would count toward your volunteer hours commitment to the Association.

Disruptions to Classes in the Meeting Hall

Please don't disrupt the classes being held in the Meeting Hall. The Trainers have reserved the space for their class and deserve your courtesies. If you need something from the meeting hall, quietly get it and leave. If the trainer has refreshments or supplies available for his class, please respect that they are not freebies for the general membership.

Law Enforcement or Security

Please do not disturb Law Enforcement or Security training at the 150 yard range. They have been approved by the Board of Directors for training including "Rapid Fire". Please do not approach or contact them to see how they are training. No spectators are allowed.

Thank You Local Business Donors

EF&GA has been extremely lucky to have the support of several businesses in our community. **Paul McFadden** was able to get significant donations for our Landscape care from **Grangetto's Farm and Garden Supply** and **DIG Corporation**.

Thank You to:

Membership Renewal Information has Been Mailed

The renewal paperwork has been mailed out. If you do not receive your renewal information by May 15, please contact the Association Clerk at efgaclerk@cox.net or call 760-432-2089.

Complete your Volunteer Hours by June 30

When you send in your renewal paperwork, you will be required to turn in your yellow card with proof of having completed your volunteer hours. If you have not completed your volunteer hours by June 30th, your membership will not be renewed.

Ideas for Completing Your Volunteer Commitment

1. Our Grounds and Maintenance Director, **Dean Dorman**, has many projects including mowing, weed whacking, landscape needs, repairing target backers, etc. Dean usually works weekdays 6:00 am – 10:00 am. Contact Dean @ 858-231-8436 if you would like to help him with some projects.
2. Assist a Shoot Chair with a sanctioned shoot. Trap can use assistance on Wednesday and Saturday nights. Black Powder can sometimes use volunteer help setting up and cleaning up. Contact **Chris Cote** at ccote@escondidofishandgame.com for Trap and **Ren Everett** at everettju1@cox.net for Black Powder.
3. The easiest (and most fun) way to complete your hours is to join a Work Party. You get to meet a lot of other members, get a free delicious lunch. The next Work Party is May 18. It is also the LAST Work Party before the renewal deadline.
4. See above left for information about helping with landscape projects.

NRA Metallic Cartridge Reloading Class

6/1/2024, 8/3/2024 & 10/5/2024 (8 am – 12 noon)

Ammunition is hard enough to find and expensive enough. Now Vista Outdoor, the owners of the largest ammunition manufacturers, Federal, CCI, Speer, Remington Ammo, Hevi-Shot and others, are selling off that division to a Czechoslovakian group, known as CSG. This places our ability to acquire ammunition or components in foreign hands. (National Rifleman, April 4, 2024)

Is there any better reason to learn to reload your own ammunition?

Class Description:

This class will supply you with the knowledge of how to properly and safely reload your used casings into economical, effective and accurate ammunition. As you hone your new found reloading knowledge you will also improve your shooting skills.

The class is structured in two separate sessions:

1st session – This class is strictly academic and is held in the EF&GA Meeting Hall on the above dates from 8am until noon.

2nd session – This is “Hands-On” training scheduled with a mutually agreed upon time and date where you will reload your own cartridges on the reloading bench that day.

The cost of the class is \$125 for EF&GA members and \$135 for non-members. If you need supplies (e.g., cases, primers, projectiles and powder) they are available for a \$15 surcharge.

Prior registration is necessary and a \$20 nonrefundable deposit is required to secure a place in this limited class.

The NRA Certified Shotgun Course teaches stance, gun ready position, swing to target, trigger pull and follow through. The class consists of classroom exercises and hands-on instruction including live fire exercise through which students will learn and demonstrate safe and proper shotgun shooting procedures and technique. RANGEMASTER SOUND-OFF

by Gary Fukuda

Hello Everyone

Law Enforcement Training

There will be "Law Enforcement" training at the Range in the future and we have purchased some signs indicating "TRAINING IN PROGRESS". Please do not interrupt them and ask them what they are doing. They have been approved by The Board of Directors for "Training" that is different from Casual Shooting rules.

Want to be an RSO?

If you are a member of Escondido Fish & Game Association and you are interested in becoming a Rangemaster/RSO contact me and we can talk about the requirements.

Guests

Members pay attention to your guests. They are your responsibility.

Range is Cold - Blue Lights Blinking

Blue Blinking lights on or off applies to all ranges. If the Blue Blinking lights are on do not unload firearms or gear from your car. Sign the Green Sheet and wait for the range to go hot and then you can unload your firearms and gear.

The Green Sheets

I know this is redundant, but Green Sheets are **STILL** being turned in without the Date and Range information filled in. Please make sure the Date and Range information is filled in on any sheet you sign.

Targets and Target Backers

All shooters remove your targets from the target backers and return the target frames back to the designated area. Take your used targets home for disposal. HAZMAT regulation!

Wildlife

Watch for turkeys, deer and other wildlife on the range. Call a "Cease Fire" if they wander onto the range. There is to be no shooting when wildlife is present.

**RESTRICTED
— AREA —**

**TRAINING IN
PROGRESS
DO NOT DISTURB**

Make Sure You Have Everything When You Leave

Take a look around. Make sure that what you bring with you to the range, goes back home with you.

Comments, Questions, Concerns

If you have any comments, concerns or questions please feel free to contact me at GFukuda@EscondidoFishandGame.com or 760-420-7488. Be safe and try to participate when you can.

Thanks,

Gary Fukuda

TRAP CORNER

by Chris Cote

Hello Trap Shooters.

Seems like we have had more rain days than shooting days this month. With all the rain comes wash out and gopher hole cave ins. So, please when you are walking around the range (not just on the trap field) especially in the grassy area, please watch your step. We do not need any broken ankles. Another place we need to look out for is our drive throughs. The drive through near the pistol range has been closed due to the wash out. We're not sure when it will be opened so, please use patience when driving in and out.

Take Your Hulls Home & Care of Hand Thrower

Over the last week I have started seeing hulls around the hand thrower and the hand thrower left cocked and uncovered. Reminder, please take your hulls home. I guess I should be happy they were not in the trash. If you do not know how to decock the hand thrower, please reach out and ask. It is also important to keep it covered.

BBQ and Range Clean Up

On a more upbeat note. we have the annual BBQ coming up. Saturday, May 18th is the clean up. If you need hours we start at 7am getting the range cleaned up and set up for BBQ on Sunday, May 19th.

First Aid Tent at BBQ

I have been put in charge of the First Aid tent during the BBQ and I am looking for volunteers to staff the tent during the day. Depending on the number of volunteers, 30 min to an hour would be the required commitment. If you are interested, please contact me @ chrisc1819efga@gmail.com.

Ladies' Night

Ladies, on Wednesday night we hold a down and dirty trap 101 introduction. If you are interested in learning trap, please RSVP to Annette at 760-803-7428. We are going to limit the space to 5 participants per night and members will have priority. You will need eye and ear protection, 20-gauge ammo and cash for trap rounds. We will provide shotguns and trap pouches for the evening.

Country Rock Singer Samantha Cary coming to our BBQ

As usual there will be no Junior Rifle event in May due to the BBQ. That being said, we hope to see all your smiling faces there. This will be a little different than past years. Better raffle prizes, bigger and better kids zone and more games and activities for all ages. **Samantha Cary** has agreed to come sing for us again this year. As some of you already know, Samantha was one of our Junior shooters. Now she's a professional country/rock singer with her own albums and singles out already. What I'll bet you don't know is that Samantha has also been to the Ukraine where she visited with victims of the war including orphans and refugees. There she would sit with the children and hand out crocheted teddy bears. She also went to schools and hospitals. At each location she would play music, sing and try to provide a sort of music therapy for the people that have been through so much. Obviously, we are beyond proud of her. She is an amazing young lady and we are looking forward to having her on our stage.

April Junior Pistol

Today we held our April Junior Pistol event. The number of shooters that turned out was a bit disappointing with only 14, but we had 14 of the very best shooters show up and that is always good. The amazing thing about today is the number of new coaches that showed up. I can't remember ever seeing this many new coaches at Junior Pistol at one time. Some came up to get their volunteer hours, others had heard about the program and just wanted to help out and be a part of it. Either way, it was a great day with lots of good shooting and coaching. Just look at some of those scores. Many were first time shooters.

Honor our Veterans - Memorial Day

This year we will be observing Memorial Day on May 27th. While most people think of it as just another holiday or day off, please take just a minute to stop and give thanks to our Veterans that are no longer with us. They are the reason that we live in the greatest county on earth. They are the reason that we are able to enjoy our 2nd Amendment rights.

Lest We Forget.

Fur Trapper Rendezvous

What was it? In the 1830s Fur Trapping Companies would schedule a time and location for a "Rendezvous", to allow trappers to resupply items they could not otherwise obtain in the wilderness. This might include Powder, Shot, Clothing Items, Shoes, Food stuffs, Firearms, etc.

It also allowed trappers to hold stimulating conversations with women of negotiable virtue, obtain refreshing homemade beverages, and Oh-Yeah, have impromptu contests for common skills popular at the time. This could include Rifle and Pistol Contests, Hawk & Knife Contests, as well as Archery and Fire Starting events.

We are going to hold our Rendezvous on June 15th and 16th on the 150 yard range and in our campground. Period clothing is strongly encouraged. Primitive camping is available.

Contest Results for 3/24/2024

This event was originally scheduled to be a "Mid-Range" event with rifle targets at 75, 100, and 125 yards. Overnight heavy driving rain through 06:30 AM pretty much prevented this setup. The East side of the 150 yard range was underwater from the 85 yard line down to the 150 yard line.

Due to rain conditions and anticipated low attendance, the range was set up as Stupid Short Range Pistol with targets at 15, 25, and 35 yards. For rifle, this was changed to Super Short Range with targets at 25, 50, and 75 yards. Three regular and two new shooters started out shooting the pistol course of fire. The two new shooters, (who will remain nameless), had to drop out when it was discovered that their balls were too small for the revolvers they were shooting. Much advice was rendered, and I think they will be back with bigger balls next time...

Four regular rifle shooters signed up and shot the rifle course. **Ray Bucholz** provided a very nice Coin Collection, but we were unable to award it as there were only two competitors in the required category. This will be saved for the next contest.

Two Volunteers showed up needing hours. They were put to work setting up and moving steel during the event. To prevent it from being too boring, they both got to shoot my rifle at each of the three distances during the event (with about a 50/50 hit rate). This is clearly an attempt on my part to draw new shooters over to the **DARK SIDE...** With low attendance, the event was concluded by 12:00 noon, with all the gear stowed away by 12:40. The Turkeys were glad to see us go as they really wanted to get into the wet grass for snacks during the event.

AKA Double Diamond

The Bandidos were rained out again for the third month in a row! The next match is scheduled for Saturday May 4th, 2024.

The SASS (Single Action Shooting Society) California State Championship was held from April 25 through 28, at the Route 66 Shooting Sports Park in San Bernardino. At the time of print, results were not yet available.

Be sure to come by and say "Howdy" at the Annual BBQ! The Escondido Bandidos will have a shooting station set up for you to try your hand at Cowboy Action shooting.

Smallbore?

by Jim McKim

As a shoot chair for several events that have the words "Smallbore Rifle" in their name, I'm often asked, "What is 'Smallbore'?" The simple (and trite) answer is, "Not large bore!", which harkens back to the origin of the term. The more informative, but loose, answer is, ".22 caliber rimfire". The term "smallbore" came about because organized, competitive target shooting in the mid-19th century started with large caliber centerfire rifles, usually those used by the military of various countries. Competitions governed by the American and British National Rifle Associations and the International Shooting Sports Federation (ISSF) were all of this nature. One downside of this was the matches required large outdoor ranges, limiting where and when matches could be held. Other downsides were recoil and cost that weren't conducive to training new (and often, young) shooters.

In the 1870s and '80s, smallbore rifle shooting, particularly indoors, started taking off, aided by the development of the .22 long rifle cartridge in 1887. The first smallbore rifle match in Britain was in 1903; in the Olympics (governed by the ISSF) in 1908; and by the American NRA in 1919. The Olympics dropped smallbore until reinstating it in 1928, where it has been on the schedule ever since. Today, smallbore rifle competitions are held by the NRA, the ISSF, and the Civilian Marksmanship Program (CMP), as well as Scouting and 4-H youth programs. Matches may be of the "position" type, either all prone or including sitting, kneeling and standing, or, in the case of silhouette, all standing.

Depending on the governing body, the description of the smallbore cartridge varies slightly: The ISSF, the CMP and the NRA Silhouette rulebooks say ".22 long rifle", ".22LR" or "5.56x15mmR", while the NRA Smallbore Rifle rulebook more broadly states ".22 Short, .22 Long, or .22 Long Rifle. Note that it is NOT just ".22", or ".22 rimfire" or "rimfire", thereby excluding cartridges such as .22WMR, .17HMR, or .223 Remington and any of the other small caliber centerfire cartridges. The round of choice for competition is the .22LR 40 grain round nose standard velocity.

Two disciplines that have not adopted the "smallbore" term are rimfire benchrest and precision rimfire, even though their rules specify .22LR. These are much newer forms of competition than those above and perhaps avoiding the use of the term "smallbore" is intended to eliminate the question, "What is 'Smallbore'?"!

Relive the simpler days of Old California with us...

Rancho Guejito Vineyard grows its grapes in the fine soils and climates of the last remaining intact Mexican land grant in California. Our 23,000 acre ranch was established in 1845. Nearly 175 years later, we have kept the tradition of cattle ranching, agriculture, and wine making alive.

Visit us every weekend for hayride tours, live music, and wine tasting.
